

BETTER OUTLOOK FOR HOGS; SHEEP IN GREAT DEMAND

PORTLAND, Sept. 20.—Generally speaking the supply of stock offered in the Portland Union stock yards this week's opening is complimentary to the producers. Some of the cattle, especially, were as pretty and as well bred as could be produced in any country. The conformation and finish of the best steers in the yard were almost perfect.

CATTLE—Sales opened early and briskly on a market that was steady to strong. In the first hour of trading the flow of cattle started across the scales, and the first lot weighed changed hands at \$9.75. Conditions are very satisfactory in the cattle market, and while the supply is improving the demand for quality stuff is also increasing and trading is brisk at the following prices: Best beef steers \$9.00@9.75; good beef steers \$7.50@8.75; best beef cows \$6.75@7.50; ordinary to good cows \$4.00@5.75; best heifers \$7.00@8; bulls \$4.00@6.75; calves \$7.00@9.50; stocker and feeder steers \$4.00@7.25.

HOGS—The hog market seems to be regaining consciousness and conditions are much more satisfactory to all concerned than during the past week. The hogs of the week are mostly of a very satisfactory quality, being either choice block hogs or well finished prime lights and heavies. The current prices are: Prime light \$17.75@17.85; prime heavy \$17.65@17.75; pigs \$14.00@16.00; bulk \$17.75; tops yesterday brought \$18.00.

SHEEP—The supply of sheep is not sufficient to meet the demand, and present conditions point towards a continued shortage. The week's opening showed prices ranging about the same as the closing of the previous week with very prompt movements at current prices, which follow: Western lambs \$13.00@13.50; valley lambs \$11.75@12.50; yearlings \$10.00@10.50; wethers \$9.75@10.50; ewes \$8.00@8.50.

BOMBS EXPLODED ON JAPANESE LINER

A PACIFIC PORT, Sept. 21.—Explosion of a bomb in a sack of nitrate being loaded in the Japanese freighter Seijo Maru, while the vessel was lying at Iquique, Chile, killed two and injured ten, it was reported on the arrival of the steamer today. After the blast four other bombs were found. Members of the crew said a German agent was suspected.

Theaters and Movies

FLORENCE REED'S CAREER ONE OF UNBROKEN SUCCESS

Scene From "The Eternal Sin," at Rialto Theater Today and Tomorrow.

FILM OF SLACKER ONE OF BEST EVER

Emily Stevens presents the featured role of Margaret Christy, the wife of a "slacker." Walter Miller presents the role of the "slacker." You will first laugh with Miss Stevens, then you will laugh at the "slacker"—then you will cry with Miss Stevens, but not with the "slacker." He is too happy to cry—he smiles with sheer delight—with patriotism surging thru a heart by, for and with his country. Miss Stevens gives the best exhibition of emotional acting of her career on the screen. She lives her part of the wife of the "slacker." You should see this wonderful exhibition of dramatic acting, true patriotism and screen drama. It teems with a new interest. It thrills clear thru to the depths of your soul. In theme, it is brought up to the minute. Its appeal to patriotism is far-reaching. When the "slacker" comes home to his wife after weeks spent in training, and she beholds him in the uniform of the soldier, she looks into his eyes and volumes are told. She points to his cartridge belt and asks, "Are those bullets?" And then comes the realization. It cannot be told in words—the story of "The Slacker." Miss Stevens can only tell it with her eyes and by her wonderful acting. You live the part with her—you are thrilled if such is possible. Emily Stevens in "The Slacker," the picture of the hour, will be seen at the Page theater tonight for the last time. Also the polite comedy

HUGO'S MASTERPIECE IN DRAMA AT RIALTO

Florence Reed, the star of Herbert Brenon's production of "The Eternal Sin," who will be seen at the Rialto theater today and tomorrow, three times daily, is one of the most attractive figures on the American stage. In her comparatively brief career, for she is one of the younger stars, she has known practically no such thing as failure. Strikingly handsome in appearance, and gifted with remarkable dramatic fire, she has never failed to win her audiences. Miss Reed scored a big success in "The Yellow Ticket," that tremendously emotional drama of political and social intrigue in Russia. In the leading role, Miss Reed starred for the long New York run, and then toured for a season. No less spectacular was her previous achievement in "The Typhoon." "I never before enjoyed moving picture work," says Miss Reed, "as I have in my engagement under Mr. Brenon's direction. As for the role in 'The Eternal Sin,' I am delighted with it, for it is not only attractive from the costuming and scenic viewpoint, but provides unusual opportunities for dramatic expression. It is a role big enough to be really worth serious study in the matter of devising means of interpreting the great emotions without the aid of the voice," which is offered by George Ade in two reels.

FAVOR FEDERAL FIXING OF PRICES UPDN ESSENTIALS

ATLANTIC CITY, N. J., Sept. 21.—Government price-fixing of all essential products, not only in sales to the government, but to the public as well, was recommended in resolutions adopted today at the closing session of the war convention of American business men. The convention advocated legislative creation of a general government purchasing department, which, in addition to fixing prices, would have power to distribute the output of industries in a manner most necessary to the conduct of the war. "It is the spirit of American business men," says the resolutions, "that however fundamental may be the change in the relation of government to business, the government should have the power during the period of the war to control prices and the distribution of production for public and private needs to whatever extent may be necessary for our great national purpose."

ATHLETICS FOR ALL MEN IN TRAINING AT CAMP LEWIS

CAMP LEWIS, Tacoma, Wash., Sept. 21.—Athletics for every man is the slogan Major General Greene has given out for the recreation camp. It is said 685 athletic teams are already organized and a regimental football team will play a team from the Washington State college in the Tacoma stadium October 13. Troops began arriving early today with the coming of an Oakland special at 1:45 and steady arrivals have followed since. The total number due to arrive today is 3750. Moo Wing, a Chinese farmer, who arrived yesterday from Vancouver, will take his fighting in the trenches. He does not know how to cook and does not want to. Wing was born in Oregon twenty-nine years ago. James Gregory of the ambulance company, until recently operated two large logging camps in western Washington. James Vance, of the same company, is a son of Captain Vance of the Coast Artillery, Fort Stevens. Link Coover is a graduate of the Missouri School of Mines. The Oregon ambulance company is made up mainly of graduates and undergraduates of the University of Oregon and their friends. They were not drafted, but enlisted last June. POSTON, Sept. 21.—The Chicago Americans put an end to Boston's last forlorn hope as a pennant contender by winning today's game 2 to 1. The victory clinches the American league championship for Chicago.

HAMMATT CHOSEN AS ENGINEER FOR MEDFORD DISTRICT

W. C. Hammatt consulting engineer of San Francisco, has been selected by the directors of the new Medford Irrigation district as engineer to conduct an investigation of water resources, formulate a plan and submit recommendations and estimate upon the cost and availability of the various systems. He arrived in Medford Thursday and it is expected that he will be able to make a report in the next three or four months, most of the required data being available from previous surveys. Mr. Hammatt was highly recommended to the directors. He was assistant to John R. Freeman in the Hetch-Hetchy investigation for the city of San Francisco and has had complete charge of investigation and construction of the water supply for the Mexican Central railroad. He has followed civil engineering for the past 20 odd years, being educated at the University of Maine and at West Point academy. He is chief engineer for irrigation projects of Miller and Lux Inc., watering 200,000 acres in California, and of the San Joaquin and Kings River Canal and Irrigation company irrigating 80,000 acres. The Miller and Lux projects include the Goose Lake project, 80,000 acres; Gravelly Ford project, 20,000 acres; Salt Slough project, 20,000 acres. He was also engineer for the Chowchilla reclamation district, 108,000 acres, and has been consulting engineer and investigator for the Fresno Canal and Irrigation Co., Chewaucan Marsh, Lake County Co., Harney Valley project, Oregon.

PORTLAND'S GERMAN NEWSPAPER QUILTS

PORTLAND, Sept. 21.—The Oregon Deutsche Zeitung, German language newspaper, is no more. In its place is being published the Portland American, which will be printed in the English language exclusively. This announcement is made editorially in the first issue of the Portland American, which appeared on the streets yesterday as the successor to the Zeitung. A. F. Kern, publisher of the Zeitung, is publisher of the American, and it is understood that Max Lucke, the German born editor of the Zeitung, who has been under investigation by the government, and other German employees of the paper, have been dismissed.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW
You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called frezzone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers. It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of frezzone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

Ordinance No. 902.
An Ordinance fixing the salary of the city treasurer of the City of Medford, Oregon.
The City of Medford doth Ordain as follows:
Section 1. The salary of the treasurer of the City of Medford, Oregon, is hereby fixed at the sum of one hundred (\$100) dollars per month, beginning October 1, 1917.

Section 2. The same shall be payable out of the general fund of said city.
Section 3. All ordinances and parts of ordinances in conflict herewith are hereby repealed.
Section 4. Inasmuch as the re-organization of the finances of said city of Medford is now taking place and it is for that reason necessary for the peace, health and safety of said City of Medford and its inhabitants thereof, an emergency is hereby declared to exist and this ordinance shall take effect and be in full force from and after its passage by the council and approval by the mayor.
The foregoing ordinance was passed by the city council of the City of Medford on the 18th day of September, 1917, by the following vote: Aye: Emmens, absent; Gaddis; "aye"; Keene, "aye"; Carlin, "aye"; Davis, "aye"; Hargrave, "aye."
Approved this 20th day of September, 1917.
C. E. GATES, Mayor.
Attest: M. L. ALFORD, city recorder.

IN THE CIRCUIT COURT OF JACKSON COUNTY, OREGON.

In the matter of the petition of R. E. Robinson, W. J. Hartzell and O. A. Manning, constituting the Board of Directors of the Talent Irrigation District of Jackson County, Oregon, for a confirmation of acts of said district. Notice of hearing.
To all freeholders, legal voters and assessment payers within the Talent Irrigation District, and to any person interested in the organization of the Talent Irrigation District or in the proceedings for the issue or sale of the bonds of said district. In the sum of one hundred thousand (\$100,000.00) dollars, you are hereby notified that the petition of the board of directors of the Talent Irrigation District of Jackson County, Oregon, praying that the proceedings of the said board and of said district providing for and authorizing the issue and sale of bonds in the sum of six hundred thousand (\$600,000.00) dollars of said district may be examined, approved and confirmed by the court, has been filed in the office of the Clerk of the Circuit Court of Jackson County, Oregon, and the court has fixed Saturday, September 29th, 1917, at 10 o'clock a. m. at the Court House at Jacksonville, Oregon, as the time and place for the hearing thereon. The petitioners pray—
First, that all the proceedings pertaining to the organization of the Talent Irrigation District and any and all proceedings thereafter be decreed to be regular and legal and to be within the requirements of the laws of the State of Oregon, and that a decree be entered confirming the same.
Second, that whatever indebtedness shall be created in accordance therewith be decreed to be legal and valid and binding, and that the election under which the issue of bonds in the amount of six hundred thousand (\$600,000.00) dollars was voted be decreed to have been regularly held, so that whatever securities may be issued in accordance therewith may be confirmed and ratified by decree.
Third, that the proceedings of said board and of said district in all matters including that part thereof providing for and authorizing the issuance and sale of said bonds of said district may be examined, approved and confirmed by the court.
Fourth, for such other and further relief as to the court may seem just and equitable.
Any person interested in the organization of said district or in the proceedings for the issue or sale of said bonds, may on or before the day fixed for the hearing of said petition demand or answer said petition.
Dated September 7, 1917.
GEO. GARDNER,
Clerk of the Circuit Court of Jackson County, Oregon.
