NICHOLAS BUTLER INSISTS LA FOLLETTE BE OUSTED

ATLANTIC CITY, N.J., Sept. 28.—Members of the American Bankers association latched into vehement expression of approval when Nicholas Murray Butler, president of Columbia University, addressing them today on "The Changing World," demanded that congress exercise its constitutional right to expel United States Senator La Follette.
"We are repelling attacks upon the American people and institutions of two kinds," Dr. Butler said. "We are fighting across the sea and we are fighting evil-minded suspicion, cowardice and treason which have raised their heads at home. Our soldiers can fight the soldiers of the enemy. You and I have got to fight sedition and treason here. Have the American people lost their capacity for corporate indignation?"
"There is a provision in the constitution providing that congress may expel a member by a two-thirds vote. What are they thinking of to sit there and permit themselves to be contaminated by Senator Robert M. La Follette?"
Cries of approval came from every side as Dr. Butler proceeded.
"Gentlemen, you might just as well put poison into the food of every boy that goes to his transport as to permit this man to make war upon the nation in the halls of congress."
Speaking of peace, Dr. Butler said: "Do you see the significance of the coolings of peace which come from Berlin? They are intended to weaken our efforts before the new world of which we are in search has been discovered—a world for which the free nations have armed themselves for a contest that will not cease until this world has been found."

When the Skin Seems Ablaze With Itching and Burning

There's just one thing to do. If your skin seems ablaze with the fiery burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. So-called skin-diseases come from a disordered condition of the blood, and the proper treatment is through the blood. Search far and near, and you can not find a blood remedy that approaches S. S. S. for real efficiency. It has been on the market for fifty years, during which time it has been giving uniform satisfaction for all manner of blood disorders. If you want prompt and lasting relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. C Atlanta, Ga.
