

CAMPAIGN FOR LIBERTY BONDS BEGIN MONDAY

Heavy Muzzing of First Issue Sends Price to New High Record—New Bonds to Bear 4 Per Cent Interest and Are Exchangeable for Issues of Any Subsequent Series.

NEW YORK, Sept. 28.—Heavy buying of the liberty 3 1/2 per cent bonds at new high records was the outstanding feature of today on the stock exchange.

Over \$1,000,000 worth of these bonds changed hands in the first hour at quotations ranging from 100.12 to 100.20, the latter price representing an advance of six one-hundredths over the previous maximum made in yesterday's large dealings.

Just at the close the bonds advanced to 100.24, the highest point yet reached.

Campaign to Begin.

WASHINGTON, Sept. 28.—Final preparations for the launching of the second liberty loan of \$3,000,000,000 or more were completed today with the publication of the details of the offering by Secretary McAdoo.

Prominent among the features of the new offering is the privilege of converting bonds of this issue into bonds of any subsequent series carrying an interest rate in excess of 4 per cent. The terms of payment are 2 per cent on application, 18 per cent November 15, 40 per cent December 14 and 40 per cent January 15, 1918.

Can Exchange Old Issue.

Any person who subscribed to the first issue of bonds bearing interest at 3 1/2 per cent may convert his holdings into the new 4 per cent securities at his option, but the new 4 per cent bonds are taxable under the sur-tax of the new income tax rates, while the 3 1/2 per cent issue is exempt.

Predicts Over-Subscription.

ATLANTIC CITY, N. J., Sept. 28.—Vast over-subscription of the \$3,000,000,000 second liberty loan was confidently predicted by Secretary McAdoo in an address here today before the American Bankers' association calling on the bankers to give the same patriotic support to the new bond issue that they gave to the first.

Emphasizing the tremendous financial task ahead of the nation, Mr. McAdoo pointed out that it would be necessary to raise between thirteen and fourteen billion dollars by additional bond issues before June 30, 1918.

Resources Formidable.

"Fortunately," he added, "the resources of America were never so ample for ourselves and so formidable for our enemies as now. The combined resources of the national and state banks (including trust companies) of the United States are now \$37,000,000,000.

REICHSTAG BILL CREATES A VICE-CHANCELLOR

AMSTERDAM, Sept. 28.—The main committee of the reichstag, a dispatch from Berlin says, yesterday passed on first reading the bill creating the post of imperial vice-chancellor. Considerable discussion preceded the favorable action.

7TH ANNIVERSARY RED LETTER DAY AT MANN'S STORE

Saturday marks the seventh anniversary of the establishment of the J. C. Mann dry goods store, and the event will be duly celebrated in a record-breaking sale to which the public is cordially invited.

Seven years ago Mr. Mann purchased the location and stock of the Baker-Hutchinson Co., and his advent was marked by the installation of up-to-date, progressive business methods and straightforward, honest policy, resulting in an ever-widening circle of permanent customers, compelling frequent enlargements in space to accommodate the ever-growing business.

There is no finer stock carried in southern Oregon than that displayed by Mr. Mann, and he can point with pride to the fact that each year has seen an increase in business, despite hard times. The store is as metropolitan in appearance as the stores of the largest cities and satisfied customers insure its future.

Mr. Mann ranks as one of the best citizens of Medford, having served the public on the city council and in various other capacities. As one of the organizers of the local cannery, as member of the fair board, a director of the Commercial club, and one of the leaders in the movement for a sugar factory and irrigation, in patriotic movements like the Red Cross, he has given his time, money and energy freely for the development of the community and for his country.

No small part of the success of the Mann store is due to the fact that Mr. Mann is the best advertiser among the merchants of southern Oregon—a consistent and intelligent advertiser who gets results from his advertising because he gives store news and always has something to say that people want to hear.

ISHII AND PARTY VISIT GRANT'S TOMB

NEW YORK, Sept. 28.—Members of the imperial Japanese commission to the United States, headed by Viscount Ishii, today began the second day of their visit to New York with a sight-seeing trip thru the downtown streets, where the flag of Japan has been added to the colors of the other allies placed on almost every building since America entered the war.

I. W. W. CHIEFS INDICTED (Continued from Page One.)

zauda. There was evidence that German money was plentifully supplied, as shown in many letters and cancelled checks.

One feature which the investigation brought out sharply was the large, almost predominating membership of Austrians in the ranks of the I. W. W. local organizations, and also the large membership of the various races which comprise Austria-Hungary. Thousands of these men, unrestrained because the United States is not at war with Austria, federal investigators have found, have been free to carry on whatever activities were planned.

Majority Are Austrians.

It is understood that the indictments have been found under the section of the criminal code defining "offenses against the existence of the government."

Section 6 of the criminal code, under which it is understood the indictments have been found, reads as follows: "If two or more persons in any state or territory or in any place subject to the jurisdiction of the United States conspire to overthrow, put down or to destroy by force the government of the United States or to levy war against them, or to oppose by force the authority thereof, or by force to prevent, hinder or delay the execution of any law of the United States contrary to the authority thereof, they shall be fined not more than \$3000 or imprisoned not more than six years, or both."

The offense charged is regarded by officials as next in gravity to treason itself, and is defined in the criminal code immediately after the definition of treason and the punishment thereof.

AITKEN ENJOYING LIFE ABROAD WITH 18TH ENGINEERS

Mr. and Mrs. J. C. Aitken have just received a letter from their son, Ralph, who is serving with the 18th engineers regiment, somewhere in France, the main tone of which has filled them with joy. The letter of course bears no date or date line, and is simply headed "Somewhere in England," where it was written, and is addressed to "Dear Mother." Not a word in it is censored.

Barring some personal family mention, the letter is as follows: "I am well and safe. Somewhere in England. Expect to go to France soon. We had a very good trip across the United States, passed thru 14 states, and stopped at the Mississippi river for two days for a rest and had two swims in the river. We had a very good time, but it rained hard one night.

"We left the train and went right on board ship, which was the Saxonia, an English ship, Cunard liner. Went from there, New York, to Halifax, and from there to Liverpool. We were 15 days on the water but had a very good trip. The sea was very rough for a few days. I was sick the first day, but after that felt fine.

"I was at Aldershot on Saturday to some big games and war maneuvers. I saw the king and queen there. There were just 12 from our regiment that were there to see them. I went there with an Englishman who used to live here, but came from 'Frisco with me. He has been all around the world, too. He knows every place and explains them to me. His name is Richard Burns.

"We went to London yesterday. He took me to all the old buildings and described them all to me. I have tried to get leave to go to Scotland but could not leave camp for over night. Nobody could. We expect to leave soon, any hour, but have the promise of getting off when we get settled, which will be very soon.

"F'ing England is a very pretty place, the prettiest I ever saw. We sure get treated fine and the people do everything they can for us. But you can see that the country is in war. I wrote you from St. Paul, Minn., also sent cards as I went along the road. Could not say much. Could not even pass anything thru the windows either way. Very strict. But we had a good trip.

"I am wondering how everything is over in the U. S., and how everyone is at home. I sent you a cablegram as soon as the officers would let me. I would sure like to hear from you folks at home.

"I am well and fine, mother, could not be better, and have everything we really need, so don't worry about me. I will be all right. I hope you get this letter all O. K., but cannot tell, as they are liable to go to the bottom of the ocean, but I hope not. I sure saw a lot of interesting places yesterday. I will close for this time with love and lots of it to you all."

HOUSE COLLECTING DATA ON PEACE

WASHINGTON, Sept. 28.—The collection of data on peace, now being made for President Wilson by his close friend and adviser, Colonel E. M. House, it was explained at the state department today, does not indicate that the United States is looking forward to an early peace. Neither does the government plan to participate in the re-adjustments of boundaries or political affairs in Europe when peace is declared.

The interests of the United States, it was reiterated, continue to have no direct connection with the war aims of the allies, and remain unchanged.

It was emphatically denied that the government authorized the work because faith had been placed in any of the many reports that peace might come soon or that his appointment had anything to do with any of the various efforts made to bring about a peace conference.

TO RELIEVE CATARRH CATARRHAL DEAFNESS AND HEAD NOISES

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has affected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them, and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength), about 90 cents worth. Take this home and add to it 1/4 pint of hot water and 4 oz. of granulated sugar, stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the pressure of the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form should give this recipe a trial.

Heath's Drug Store, Haskin's Drug Store, Straung's Drug Store, Medford Pharmacy, West Side Pharmacy, can supply you.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called freezeone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out.

This drug is a sticky ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of freezeone obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

is sent you with the best wishes of the donor, who will greatly appreciate acknowledgment of its safe arrival on the enclosed addressed postal card. This tobacco fund is maintained entirely by the voluntary contributions of those who desire to express their appreciation of the sacrifices made by the men who have gone to the front. You can help the fund by the message you send on the enclosed card. If you have time, after you have mailed the postcard, write us of your experiences. These letters will be of help in arousing more interest in the fund.

Sample packages can be seen in the windows of Brown's, C. E. Gates, Medford Cigar Co., the Commercial club and the Mail Tribune.

CONDEMN SENDING TOBACCO TO SOLDIERS

FREEMONT, Ill., Sept. 28.—The practice of sending cigarettes and tobacco to soldiers was condemned in resolutions adopted today at the state convention of the Keystone League of Christian Endeavor of the United Evangelical church.

The convention resolved to present a pocket bible to each Keystone league member going into the army, and to keep in touch with them by personal letters, prayer and by sending them church and Sunday school literature.

JURY UNABLE TO AGREE, KELLY TRIAL

RED OAK, Ia., Sept. 28.—The jury in the trial of Rev. Lyn George J. Kelly, charged with murder in connection with the Villisca ax slayings, was discharged by the court today for failure to agree on a verdict, after deliberating since Wednesday.

DEATH OF ASHE ADDS TO TURMOIL OF IRISH POLITICS

LONDON, Sept. 28.—The death in Dublin Wednesday of Thomas Ashe, a Sinn Fein leader, reported to have been due to voluntary starvation, according to a dispatch to the Daily Mail from Dublin, has accentuated painfully the differences underlying the surface of Irish politics and Sinn Fein opinion is inflamed seriously.

Ashe's body, dressed in the uniform of the Irish volunteers, lies in state in a Dublin hospital and there may be a public funeral on Sunday. It is said that other Sinn Fein leaders in the hospital prison where Ashe died are in a dangerous condition.

At the inquest Thursday into the death of Ashe, Professor McMeeny testified that the post mortem examination, at which several other doctors were present showed that Ashe did not die of hunger. The body was not emaciated and there was an abundance of food in the stomach. Death, he said, was due to syncope, arising partly from heart trouble and partly from an intense congestion of the lung. Ashe's heart, he added, was abnormal and he would be apt to succumb to any sudden shock or prolonged struggle.

Dr. McKenna, a hospital surgeon, testified that Ashe told him after he had been fed forcibly on Tuesday that he had collapsed from a fit of coughing.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save your hair! Double its beauty in a few moments—try this!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fash, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. It eventually—why not now?
