

WORLD'S SERIES SHIFTS TO GIANTS' HOME GROUNDS

New Yorkers Hopeful, Despite Two Initial Defeats—Great Crowds and Fair Weather Promised—Betting Switches to 3 to 1 on White Sox, Who Are Confident of Winning.

NEW YORK, Oct. 8.—With the Chicago White Sox and the New York Giants due to arrive here late today from Chicago, the scene of the world's baseball series now shifts to New York, and local fans disappointed, but not dismayed, as the result of the first two games, is hoping for Giant victories in Tuesday's and Wednesday's contests.

It is argued by the fans that on home grounds and with the encouragement of a friendly crowd, the Giants, stung by their defeats, will prove themselves and demonstrate their true form. The betting, however, was switched and wagers of 3 to 1 on the White Sox are asked, with but little money in sight.

All is in readiness at the Polo grounds to handle the great throng that will witness the classics. The weather promises to be fair. Despite unusually energetic measures to check ticket speculation, quantities of the coveted postcards have reached speculators and are being offered at an increase of from 300 to 400 per cent above the stipulated price.

Giants Most Hopeful.

ON BOARD THE NEW YORK GIANTS SPECIAL TRAIN, October 8.—Still confident of ultimate success despite their two successive defeats in Chicago, the Giants passed thru Detroit early this morning on their way back to New York. Beyond admitting that they were clearly outplayed in practically every department of the game in the two contests at Comiskey field, they had little to say of their Chicago reverses.

Their trip from Chicago thus far had been a quiet one, with the players whiling away the time at cards and other amusements. They expected to reach New York at 7 o'clock or thereabouts this afternoon, and seemed anxious to return to the familiar surroundings and friendly faces of their home city.

Catcher Lew McCarty, who was forced to retire from yesterday's contest after a mix-up at the plate with "Nemo" Leibold, the White Sox outfielder, declared that he expected to be fit to resume play in the New York opening of the series tomorrow. McCarty's ribs ache and shoulder were painfully hit and seriously hurt in a collision resulting from his effort to prevent Leibold from scoring on Eddie Collins' single in the fourth inning yesterday, and for a time it was feared that he might be misspelled. Based on the remainder of the series.

White Sox Speed Fast.

ON BOARD THE CHICAGO WHITE SOX SPECIAL TRAIN, Oct. 8.—The Chicago White Sox are speeding toward today, divided with two victories over the champions of the National league at the world series, and are eager to tackle the New York Giants tomorrow at the Polo grounds. There is an air of confidence about the White Sox who believe that the White Sox will surprise the average fan by leading in the straight contest.

The White Sox were composed of the same folk which they played the climax of Miller's 100-day game. Schupp, they had heard so much of his effectiveness in the National league, seemed to have been heard of for trouble when he started, but they found no trouble in his hitting and some of the bestmen. It is not that Miller's young and line is again.

"Wherever there is the Giants going to have trouble," said "Doc" Weaver, the White Sox shortstop. "Did you notice how Jackson, Collins and Palko are getting here with their bats?"

Captain Eddie Collins of the White Sox said on the train today, and "Chick" Campbell and Teddy agreed with him that Miller was the best pitcher that the White Sox had seen against them.

Notes

All back interest on city assessments must be paid by November 15th. Year operation is restricted out the Supreme court decision will be appreciated. "The year is."

By order of the City Council, J. H. HAMILTON, City Treasurer.

HOW RED CROSS SPENDS FUND OF 100 MILLIONS

About Fifteen Millions So Far Expended in Relief Work for War-Stricken Allies—Balance Conserved for Comfort of Our Own Forces Abroad.

WASHINGTON, Oct. 8.—For the great American Red Cross war fund the American people subscribed about one hundred million dollars, of which about fifty million dollars has been paid in and about fifteen million expended. The greater part of what is left is being conserved to use for the comfort of our own troops in France.

Commissions of prominent men were sent abroad to make a careful study on the spot. Over \$10,000,000 has been spent in France, where there are over 500,000 people afflicted with tuberculosis as a direct result of the war. The Red Cross and the Rockefeller foundation hope ultimately to have nearly 400 dispensaries in France.

Helping Our Allies.

The Red Cross has also appropriated \$1,000,000 for the relief of sick and wounded French soldiers and their families. An infant welfare unit has been formed.

Preparations have been made to clothe, feed and temporarily shelter about 100,000 refugees from the regions devastated by the Germans. The Red Cross is furnishing mutilated men with artificial limbs and is co-operating in establishing homes for blinded soldiers.

Along the route of our troops from support in front, the Red Cross has established infirmaries and rest stations, in charge of American trained nurses. Campsites are being established at railway stations where American soldiers may find rest, baths, lunches, etc.

For the more serious side Red Cross has arranged for 50,000 pounds of ether, for a central plant for the manufacture of nitrous oxygen and a factory for original instruments. Great warehouses have been erected for hospital supplies and base hospitals have been supported by Red Cross funds.

To lighten the French army rest stations have been provided for the sick. Here they can bathe, have their hair washed, get cool meals and a place to sleep while waiting for their trains. Campsites have been established in the field to provide French soldiers with hot coffee, tea, cognac and also with refreshing cool drinks.

Money Sent Abroad.

Three hundred thousand dollars has been sent to Russia, \$250,000 to Romania, \$222,500 to Serbia, \$125,000 to Italy and \$600,000 to Armenia and Syria. In each case a commission report will be the basis for far greater expenditures.

This is done in connection with the various commitments in the country, something like three million dollars have been spent, and this is just a beginning. A Red Cross director has been assigned to each commitment, and, where necessary, a Red Cross auxiliary unit is sent to look after the matter and make correct decisions. The War and Red Cross emergency hospitals have been established, the plan being that no commitment shall be made until there are four units in one of them. They are for use in case of any emergency of disaster should hit.

FEW SEATTLE STRIKERS RETURN

SEATTLE, Oct. 8.—Only a handful of striking employees of Seattle wooden shingle returned to work here today, despite their previous yesterday to call off the strike, which was intended to force lumber mills to allow their working days from 10 to 12 hours.

Approximately 700 strikers were ready to return to work, they said, and the employers would not have the time to do so, as the strike of the mechanics and other workers for the same shop has practically paralyzed work in the yards here.

Members of the Federal ship labor adjustment board opened their sessions here today in an effort to settle the strike of the steel yard workers. Representatives of the employers and employees met with the board.

WHITE SOX AGAIN OVERWHELM GIANTS WITH SCORE 7 TO 2

CHICAGO, Oct. 8.—The Chicago White Sox overwhelmed the New York Giants here Sunday by knocking out the best two of New York's mainstays, Schupp and Anderson, and beating off the game by a score of 7 to 2. It was the American league champion's second victory. The White Sox made fourteen hits. The official score:

KAISER'S WAR AIMS SOUGHT

(Continued from Page One.)

to outflank the German positions at the north. Unofficial reports from Stockholm say strong German naval forces have been sighted in the Baltic sea off the Danish and Swedish coasts. Several probably for the Gulf of Finland for a drive on Helsingfors, Finland, and Petrograd. The Germans are said to be concentrating a large force, including nine cruisers, warships and transports, and plan to attack Helsingfors by land and sea.

No Let Up by Hag. Today's British official statement declares no let-up in the intense activity now in Finland. The definite development reported was the launching of the expected counter-attack by the Germans. The attack, delayed after a heavy barrage had been laid down, was made out of Polygon wood, where the British are established on the highest point of the Vuorimies-Golovitsky ridge. The British were held off for three hours, a few of whom remained as prisoners at Petrograd.

AN EARLY PEACE MEANS CRUSHING OF AMERICAN IDEALS

WASHINGTON, Oct. 8.—Americans who are discussing early peace with Germany forget that it would mean crushing the democratic ideals for which the United States has always stood, and President Wilson today to the organizers of a patriotic educational movement, who called at the White House. He said the only way to end the war is by complete victory of the nations representing those ideals over Germany's doctrine of force.

Many people, said the president, are inclined to let their thoughts go to the causes and principles underlying the war wander into byways and forget that the main reason that the United States is at war is to defeat a government which threatens even the existence of democracy.

The president indicated the plan of the new organization, which includes a number of religious, business, labor and fraternal groups for uniting the spirit of America. Little real understanding of the war exist in the United States, he said, but there is evident considerable cloudy thinking which a patriotic educational movement can set aright.

CONTRACTS APPROVED FOR NEW DESTROYERS

WASHINGTON, Oct. 8.—Secretary Daniels today approved of the contracts for the big destroyer program, already arranged tentatively with the builders. The bid amounting \$35,000,000 for their construction for financing plant additions to carry out the program was put thru in the last hours of the session of congress.

The navy has declined to publish the number of additional destroyers contemplated, but it has been stated officially, however, that the (Gullin order in construction or under construction would be more than doubled and when the program has been completed the United States will have for greater number of destroyers than any other power, including Great Britain.

NOW FREE FROM PAIN

Woman Cured by Lydia E. Pinkham's Vegetable Compound after Three Years Suffering.

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. D. B. BURLINCKA, 224 Woltz Ave., Buffalo, N. Y.

Women who recover their health, naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends. If you need a medicine for women's ailments, try Lydia E. Pinkham's Vegetable Compound. Write Lydia E. Pinkham Medicine Co. (confidentially) for anything you need to know about these troubles.

ASYLUM ESCAPEE FOUND IN MEDFORD

J. D. Evans, aged about 40 years, a former resident of Phoenix who has been a patient at the state hospital for the insane for the past eight years or more, and who escaped from that institution on August 1, and had been at large ever since, was picked up on the streets Sunday by Chief of Police Hittson shortly after his arrival in the city and taken into custody.

Evans had been a trustee for years at the hospital and is apparently sane, although word sent out from Salem after his escape was that he was dangerous at times. His sons were endeavoring today to either have him released from the hospital or paroled into their custody.

G. K. Harrington, an attendant at the hospital, arrived from Salem this morning to take Evans back to the institution, but will remain in the city a day or so awaiting the outcome of the efforts being made by the sons to have their father given into their custody.

OUR STORE IS HEAD-QUARTERS FOR AUTOISTS

The reason for our popularity is our excellent goods sold at moderate prices. It does not cost so much to operate your car if you buy your supplies from us. Our stock of tires, horns, hobs, wind shields, etc., has been selected with extreme care.

C. E. Gates Auto Co.

Your Velie is a Business Investment

It is a profit-payer, in the time it saves you in getting around, in the important hours and days it gains for you in rush errands or busy seasons. It is a profit-payer in the value it maintains as a piece of merchandise. Use your Velie long and constantly—and remember ITS RE-SALE VALUE will still be so high that you make a big profit, considering what the car has done for you. Proved in the exceptionally high prices USED Velie cars bring—when they can be bought at all.

This is Due to the Famous Velie Values

The powerful Velie-Continental motor—Timken axles front and rear—multiple dry disc clutch—automatic ignition—push-button starter—are simple indications of the kind of specifications used in the Velie all thru. And the deep tufted, genuine leather upholstery and long, underslung springs—there is comfort. Beauty is revealed in every line and in the Velie's lasting, mirror finish. There is not another car in the Velie's price class that shows such a combination. No better car is built at any price. Eight body styles—Touring Cars, Touring Sedan, four-passenger Roadster, Coupe, etc.

Also compare ease of control—it may not mean much for some, but to the novice—your wife, mother or daughter—this control means SAFETY and PLEASURE heretofore unknown in this locality. Most cars are good, but before buying be sure and have us demonstrate our safety features and ease of control, and your choice will be a VELIE.
