Metz cars at Riverside Garage.

The city council will hold a meeting tonight to discuss with Colonel Hanson the city plan of refinancing. A meeting was held last night with the colonel for the discussion of the same subject.

The Bullock Mercantile Agency, collectors.

DEMONSTRATION OF ORCHARD FERTILIZER

For the past two years the Southern Oregon Experiment Station has been conducting fertilizer experiments at various orchards through the valley. Some remarkable results are being obtained, and many growers are interested in this matter. We thought it best to invite the orchardists to come out and observe these results before the fruit is harvested. A demonstration will be held in the orchard of Colonel R. C. Wood, born at Table Rock, Thursday, October 11, at 2:30 p. m.

Admission free. Bring your car and invite your friends. This demonstration is worth your time.

WANTED—Young man to study law for stenographer and office work, no salary not necessary. Address: 4-4, stable experience, salary wanted, giving address and telephone.

RED CROSS TO LOCATE PRISONERS IN GERMAN CAMPS

WASHINGTON, Oct. 9.—The government for military reasons has requested the American Red Cross to abandon the plan undertaken some time ago to transmit inquiries as to "missing" and "whereabouts" emanating from residents of the United States to persons in the territories of the central powers or areas occupied by them. Therefore, no further letters of that character will be transmitted.

The bureau will, however, endeavor to obtain information concerning the welfare of American prisoners of war or prisoners belonging to the allied nations in the hands of the central powers and members of the American expeditionary force.

The bureau will also give information as to proper methods of forwarding money to prisoners of war when permitted by the government; will transmit letters to prisoners of war held in the central powers, and, subject to such regulations as may be established by the war department and military authorities in France, will endeavor to secure information and answer inquiries concerning casualties suffered by American soldiers in Europe, and also concerning the condition and whereabouts of the sick, wounded or missing.

MAGIC RISE IN PRICE OF TOBACCO

If the tobacco users of Medford had any lingering doubts that the new tax measure was mostly mythical as far as raising prices very much on all kinds of tobacco, they had a most rude awakening from their dream today. Ouch! But what a soaking they are getting! It is going to be far more costly from now on to chew and smoke.

The tobacco dealers of the city started in to ask 6 cents for 5-cent cigars, but at a meeting Monday afternoon agreed on soaking the public on small purchases. Five-cent cigars are now to sell at two for 15 cents, or four for a quarter. If only one cigar is bought, its price is 30 cents. All tobacco articles that formerly sold for 15 cents are now to sell at two for 25 cents, or 15 cents for one.

While these prices are temporary, if any change is made later it will be in the line of raising prices instead of lowering them. In fact, the retailers hardly know where they are at the present time, and they will not know until the jobbers and wholesalers have thrashed out their prices and made them known, and the internal revenue department has given out its rulings on the increased tax rates on tobacco.

ALLIED WAR COUNCIL MEETS IN PARIS

PARIS, Oct. 8.—The council of the inter-parliamentary commercial conference of the allies began a three-day session here today to examine suggestions for economic measures to be submitted to the general inter-parliamentary conference of the allies which is to meet in London. Delegates are present representing Great Britain, France, Belgium, Italy, Portugal, Romania and Serbia.

COUNT VON LUXBURG IS STILL IN ARGENTINA

BUENOS AIRES, Oct. 8.—Officials today admitted that Count Karl von Luxburg, the former German minister to Argentina, is still in the country. His exact location, however, was not made known.

The admission was forthcoming when it was learned today that a search by a British cruiser of an outward-bound Spanish vessel was reported to have taken place on the Atlantic last Friday and ended from Montevideo.

LOCAL AUXILIARY TO WORK WITH DEFENSE COUNCIL

The president of the Soldiers' Auxiliary has received the following letter from the State Council of Defense for Oregon:

"Dear Mrs. Braekinred: It is very gratifying, indeed, to receive your letter of recent date, in which you report to this office, as requested, the many activities of your auxiliary as already performed in behalf of the boys who have gone to the front. Many of the Oregon counties have done good work, but I question whether any have done as much work as your auxiliary. When it is considered that it is only a local organization, with no state or federal supervision, I am moved to compliment you and your workers in the most fervent manner.

Relative to a county unit for the State Council of Defense, permit me to again suggest that it is very essential to have a county chairman in Jackson county who has working with him not only the Soldiers' Auxiliary, but a complete organization of men and women reaching into every part of the county, that he may call upon at any time. May I ask you to make a recommendation of a proper person for this work? Please endeavor to select someone with whom all societies and sections of the county can work earnestly and one who will give some time to the work.

"Will you kindly keep in touch with this office, reporting to us the work of the Soldiers' auxiliary, and also the work of your county patriotic league as soon as it is organized? Very sincerely yours, FRANK DENNIS, Director of Work."

NICKEL HEAD QUILTS TO BECOME AVIATOR

NEW YORK, Oct. 9.—Andrew Mondell, president of the International Nickel company, today tendered his resignation to accept a commission as colonel on the staff of the commander of the American aviation forces abroad. Mr. Mondell plans to reach France about six weeks hence, he said. The directors of the company will meet Monday to consider his resignation.

DIED.

WOOLW—Mrs. Eva Dora Woolf, wife of Scott Woolf died at her home, 21 South Orange street, at 9:30 p. m., Monday, October 8, following a long illness from cancer. She was aged 48 years, 11 months and 13 days, and is survived by her husband, a daughter, and her mother and three brothers. Mrs. Woolf had been a resident of Medford for the past eight years, having come here from Chilo, Cal.

Funeral services will be held on Wednesday, October 10, at the Weeks & McGowan company chapel. Rev. Dr. J. C. Rollins of the Methodist church will conduct the services. Burial will be in the Jacksonville cemetery.

EARLES—Isabelle Earles, wife of E. N. Earles, died at Sacred Heart hospital Monday night, October 8, at 5:30 o'clock. She had been seriously ill for a week and had been at the hospital only two days. Mrs. Earles was 32 years, 1 month and 11 days old. She is survived by her husband and son, Percy. The family came to the valley last April from Beavercreek, O., to reside on the Spring Valley ranch, in the Griffin creek district, which they had purchased.

Funeral services will be held Wednesday at 2:30 p. m. in the Channing church at Medford. Rev. Harry Tucker will conduct the services. Interment will be in the I. O. O. F. cemetery.

INCREASED CROPS OF SUGAR BEETS NEED OF NATION

Manager Nibley of the Utah-Idaho Sugar company urges all beet growers to double their beet crops the coming year, because of the world shortage in sugar. The company will take all the beets offered, shipping them to distant factories unless acreage and is planted in the valley to justify building a sugar factory, in which case one will be built. Seven dollars a ton will be paid at the loading stations.

Instructions have been received thru W. B. Ayer, federal food administrator for Oregon, from Herbert Hoover, United States food administrator, that, in addition to a wheatless and meatless meal each day, Tuesday should be meatless and Wednesday a wheatless day.

Mr. Hoover emphasizes the necessity of reducing the consumption of pork products, as there is a great shortage in supply, owing to the light weight of hogs received by the packing houses. This condition is attributed to the high cost of feed.

"A special plea is also made for the saving of sugar," writes Mr. Ayer. "Mr. Hoover states that there will be a positive shortage in France of 100,000 tons between now and the first of the year and that France is facing a crisis that can only be relieved by the reduction of sugar consumption in America."

The annual consumption of sugar per capita in the United States is 90 pounds. Great Britain has limited the per capita consumption to 26 pounds, and France to only 15 pounds. The people of Oregon are asked to do their share toward aiding France by cutting down the per capita use of sugar.

"The time for individual civilian service in this war is here," writes Mr. Ayer, "and it is the patriotic duty of all to follow the instructions of our federal food administration. This duty is just as important and imperative as that of the soldier in the trenches of the front line."

CATARRHAL DEAFNESS MAY BE OVERCOME

A simple, safe and reliable way that calls for no ugly trumpets, phones or other instruments.

To be deaf is very annoying and embarrassing. People who are deaf are generally mighty sensitive on this subject. And yet many deaf folks carry around instruments that call attention to their infirmity. Therefore people who are hard of hearing, who suffer from head noises or who are actually deaf from catarrhal trouble, will be glad to know of a simple recipe that can be easily made up at home for a few cents' cost that is really quite efficient in relieving the distressing deafness and head noises caused by catarrh.

From Health's Drug Store, Health's Drug Store, Medford Pharmacy, West Side Pharmacy or Strain's Drug Store get one ounce of Perminal (double strength) about 80c worth. Take this home and put it into a simple syringe made of a pint of hot water and four ounces of ordinary granulated sugar. Take a tablespoonful four times a day.

This treatment should by tonic action reduce the inflammation in the middle ear that a catarrhal condition would be likely to cause and with the inflammation gone the distressing head noises, headaches, dizziness, ringing and that dull feeling in the ears should gradually disappear. Anyone who suffers from catarrh, catarrhal deafness or head noises should give Perminal a trial. It is pleasant to take and is quite inexpensive.

POOR GLASSES
Merely make eye strain worse.
Correctly Fitted GLASSES

Rogue Elk Resort
Located at mouth of Elk creek, on the Rogue. Best fishing grounds, good hunting, experienced guides, best accommodations. Scenic place for week-end vacation. Information at Valley Garage, Medford.

U. S. DESTROYER SHELLED ITALIAN U-BOAT BY ERROR

WASHINGTON, Oct. 9.—Full reports on the shelling of an Italian submarine by a United States patrol ship into a misunderstanding, resulting in the death of an officer and an enlisted man, are being awaited today by the navy department from Vice-Admiral Sims, commanding the American naval forces in European waters.

In reporting the incident late yesterday, Admiral Sims stated that the patrol, while on duty at night in the war zone recently, fired after the darkness craft had failed to answer recognition signals. Details were not given.

Immediately upon receipt of Admiral Sims' message, Secretary Daniels sent a message to the Italian minister of marine expressing the deepest regret over the unfortunate occurrence and tendering the department's sympathy for the loss of life.

WOMEN STEADY WORKERS.

It need to be said that women could not be depended upon like men to work steadily, and consequently ought not to expect so much pay as men employed at similar work.

While it would be foolish for any young woman to stay at work when physically unfit, it is believed that most women now continue at their work as conscientiously as men. Any woman who is unable to do so, should take Lilla E. Pickford's Vegetable Compound, the old, reliable rest-builder for women, and let the aid she needs to enable her to keep at work.

Juice of Lemons!
How to Make Skin White and Beautiful
At the cost of a small jar of ordinary cold cream one can prepare a full-quantity pint of the most wonderful human skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. There should be taken to strain the juice thru a fine cloth so no lemon seeds get in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as sallowness, freckles and tan and is the ideal skin softener, smoothening beautifier.
Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart jar of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is wonderful to smoothen rough, red hands.
