WARRANTS RECEIVED FOR PAYMENT OF O. & C. GRANT TAX

PORTLAND, Oct. 10.—Nineteen warrants, aggregating approximately \$1,500,000, have been received from the treasurer of the United States by Oswald West for payment of the accrued taxes and penalties upon the Oregon & California grant lands.

The warrants are drawn in favor of each of the 18 land grant counties in Oregon and Clark county in Washington, which contains a small acreage of grant land.

The taxes are to be paid upon the unsold lands of the grant, settlement of taxes due on contract lands being reserved until the question of the legal title to these lands and the consequent tax liability of the legal owner has been finally determined to the satisfaction of the government.

Receipts are now being prepared by the different county tax departments, and as soon as these have been finished, checked and approved by Governor West the warrants will be delivered by him to the counties. It is expected that the payments will be commenced and probably completed during the early part of the coming week. The largest warrant, approximately \$300,000, is in favor of Douglas county, the smallest in favor of Clark county, Washington.

BERNSTORFF LED SABOTAGE

of those taken by the American secret service men in the raid on the office of Wolf Von Igel in New York. That Count Von Bernstorff was fully aware of the intimate danger in which he personally was placed by the raid on the secret German files, is now recalled by newspapermen who had daily relations with him. He did not hesitate to express the belief that his official tenure in Washington was bound to be very short. When reminded that nothing in the state of the negotiations in progress between his embassy and the state department regarding interference with American commerce indicated any such critical situation, he darkly hinted that there were other matters not published that might cause trouble, and that he himself might be the victim of misrepresentation to the state department.

O'Leary and President.

Publication of the German foreign office's message referring to Jersental, O'Leary caused many smiles of grim satisfaction at the white house. It was recalled that during the last presidential campaign O'Leary, as president of the American Truth society, telegraphed the President that he and many other Americans would not vote for Mr. Wilson on account of his international policy.

The president replied from his summer home at Shadow Lawn, under date of September 29, 1916:

"Your telegram received. I would feel deeply mortified to have you or anybody like you vote for me. Since you have access to many disloyal Americans and I have not, I will ask you to convey this message to them." (Signed) "WOODROW WILSON."

DUPLICITY IN DIPLOMACY

PUBLICATION by the state department of telegrams exchanged between the German government and Ambassador Von Bernstorff in 1916 prove conclusively that the German propaganda in America was conducted under the personal supervision of the German ambassador at the instance of his superiors. It is a typical instance of German duplicity in diplomacy.

The exposure follows the revelations as to how \$1,700,000 of German funds were placed at the command of Bernstorff by Bolo Pasha for use in German propaganda work—presumably to be expended as the \$50,000 asked for by Bernstorff "as on former occasions," in influencing congress.

Evidently huge amounts were spent to dynamite American property, engineer sabotage in American industries, precipitate strikes in munition plants, corrupt government agencies, poison public opinion, interfere in politics and influence congress.

Little by little the ramifications of the German war to dominate the world by force, by intrigue, by duplicity are being exposed to scorn. The outlines of the feudal structure stand out in clear relief now. The bombs of bedevilment intended by the kaiser to destroy American solidarity, as similar weapons have destroyed Russian unity, are exploded one by one, with contrary effect to that intended, revealing the treachery, insincerity and murderous intentions of the German government.

Bernstorff has gone—but the German propaganda still exists, conducting its dirty work thru peace societies, thru labor agitators, thru newspapers, thru congress, thru professional Irish agitators and German organizations. Still the effort to divide America goes on—still the attempt, more or less successful, to delay war preparations, proceeds.

German efficiency in diplomacy stands exposed by the despised Yankees as the clumsy treachery, devilish duplicity and crooked cunning of soulless statecraft—a sardonic joke for the world to laugh at.

FIRST NATIONAL NOW MILLION DOLLAR BANK

The First National bank of this city, enjoys the distinction of having total resources in excess of a million dollars, as will be seen by their statement elsewhere. This bank has reached this volume of business before but at the present time, after the recent heavy withdrawals on account of money invested by the bank and depositors in Liberty loan bonds and owing to other conditions of the country, this is a remarkable showing and speaks well for the officials and especially for President Wm. G. Tait who has only been connected with the bank a short time and has already established an enviable record for ability and efficiency.

way, and was smashed by the British artillery fire.

Division Wiped Out.

An entire German division—the 227th—was brought up during the night to relieve the division in the line between Poelcappelle and the Houtholst forest. The men were transported in motor lorries from Roulers and arrived at the advanced positions about 2 o'clock this morning. They were ignorant of the nature of the country and when caught in the attack some two hours later they were bewildered and put up little resistance.

The attack was launched as dawn was breaking. The French army on the left flank of the British, were firing probably the worst section along the line, as the ground over which they had to advance was interlarded with little streams and the rain had turned the ground into a bog.

PLUMMER SPEAKS IN FOOD CONSERVATION

O. M. Plummer, former manager of the Union Stock Yards, Portland, now special representative of W. B. Ayer, general food administrator for Oregon, will speak at the public library at 4 o'clock this afternoon. He addressed a representative audience in the Chamber of Commerce rooms at Grants Pass yesterday on food conservation.

"The idea of the food conservation campaign," says Mr. Plummer, "is to conserve the supply of wheat, meat, sugar and butter fats particularly, not that we are to eliminate them from our diet, but to substitute some other foods for a portion of the amount ordinarily consumed. A wheatless day and a meatless day a week is recommended."

'BABY MINE' COMING TO RIALTO AS WEEK END OFFERING

The first comedy offering of Goldwyn pictures, Margaret Mayo's screaming farce, "Baby Mine," which will be shown at the Rialto theater Friday and Saturday, introduces a new star in motion pictures. She is Madge Kennedy, the famous comedienne of "Twin Beds," "Fair and Warmer" and other stage productions that have been big successes.

Miss Kennedy plays the role of Zoie in the picture presentation of the comedy, which in stage form had a run of nearly two seasons in New York.

Zoie is a light-hearted bride whose yearning for suppers and theaters leads her uncompromising young husband to abandon her. Her scheme to get him back furnishes the situations around which the comedy revolves. After he has been away for some months, Zoie causes his return with an announcement that a baby boy has come to the household. There is no such thing, but Zoie proposes to get one from a children's home.

But Alfred, the husband, played by Frank Morgan, gets home sooner than expected. There is no baby on hand, and Jimmie, Alfred's friend, (John Cumberland) who is brought into the plot by Zoie, steals a baby from the foundling home.

The mother of the stolen child is soon in pursuit of her baby, so while Alfred is rejoicing over the arrival of an heir, it becomes necessary for Jimmie to get another baby. He "borrows" one of the washerwoman's twins and, the first baby not having been returned, Alfred is told that he is the father of twins. The resulting complications make all the fun.

'THE AMAZONS' AT RIALTO TONIGHT

Commencing tonight the Rialto theater will present Marguerite Clark, one of the screen's fairest daughters, in a roaring farce entitled "The Amazons." This production was originally written by Sir Arthur W. Pinero and the screen version was arranged by the talented Frances Marion who has been responsible for so many of the Paramount successes.

A typical Clark picture, "The Amazons" presents the winsome little star at her best in a subject of rapid-fire theme and hundreds of laughs. Never before has Marguerite Clark been given such an opportunity to display her own inimitable humor and various surprises are in store for those who will visit the Rialto theater to see their favorite.

Joseph Kaufman, the director of various special pictures, has turned out one of the triumphs of his career in this latest subject. Advance reports indicate that "The Amazons" will add many new admirers to Marguerite Clark's already long list.

MARY PICKFORD ADDS NEW LAURELS IN 7-ACT FEATURE

Mary Pickford adds new laurels to her fame in the production, "A Romance of the Redwoods," her latest photoplay triumph, which opened at the Pape this afternoon.

As Johnny Lawrence, an orphan coming from New England to California in search of her uncle during the gold rush of '49, the story gives the heroine many effective moments in a character skillfully adapted to her personality. Giving the part all the benefit of her personal charm, the audience is delighted with Miss Pickford as a demure New England lass suddenly thrust among surroundings as picturesque as those depicted by this artistic film.

The picture has many points of merit that make of a production worthy of its author, Cecil B. DeMille. Scenes after scene is a revelation of the beauty and grandeur of the California redwoods. Other views have pictorial effectiveness, and the humorous touches, cast, attention to detail and general direction are beyond criticism. Elliot Dexter plays "Black" Brown, the road agent, with all the dash expected from such a picturesque rogue. Tully Marshall, Charles Ogle, Raymond Hatton, Walter Long and Winter Hall are other names that guarantee the quality of the cast.

"Pathe News," which is always a real entertainment. This bill will be repeated tonight and tomorrow.

Forward!

The fighting forces in France, when they hear the stirring cry of "Forward!" charge in spirited fashion against the enemy and leap over the trenches in the face of bullets, barbed wires and bombs.

Let this be your battle-cry in the struggle of life. The man of courage and determination is not content to remain in the background; he is afire with the will to attack. You will find no better way to do this than a sound banking connection, one that will aid you with advice, counsel and loans in the battle of business, one that will always be at your side when the fight is fiercest. That is the proud position occupied by this institution toward all of its depositors.

We will be glad to number you among them.
