NO. 173

## GIANTS DEFEAT SOX, FOURTH GAME, 5-0

### SCHUPP SHUTS OUT WHITE SOX, TYING SERIES

**Benny Kauff Knocks Two Home Runs—World's Series Now Tied, Each Team Having Two Games on Their Home Grounds—Next Game Scheduled for Saturday at Chicago**

POLO GROUNDS, New York, Oct. 11.—The New York Giants toppled over the Chicago White Sox today by a score of 5 to 0 and the world's series now stands even, both clubs having won two games each. Ferdinand Schupp, the Giants' southpaw, duplicated Babe Benton's shutout performance of yesterday by plastering the American league champions with a second coat of whitewash. Benny Kauff broke out in a rash of home runs, driving out two circuit breakers, two home runs by Kauff.

The first score was made in the fourth inning, after Burns had struck out and Herzog had been tossed out at the home base, when Benny Kauff drove a long hit to the benches for a home run, his first of the series and the first hit of the game off Faber.

In the fifth Fletcher singled sharply past Collins, Robertson bunted safely, Fletcher moving to second, Holke also bunted safely and the bases were filled. Rariden hit into a double play, Faber to Schalk to Gandi, Robertson to third and Holke to second on the play. Schupp's single allowed Robertson to score, but Holke was thrown out at the plate.

In the seventh, Fletcher serenade a hit thru McMullin, going to third on a wild pitch. Robertson out at first. Holke hit by a pitched ball. Fletcher scored after Eddie Collins threw out Rariden at first.

#### Kauff Again Scores.

In the eighth, Danforth, a left-hander, replaced Faber in the box for the Sox. Burns fanned. Herzog singled over Weaver's head. Knall hit a smasher into the right field stand for his second home run of the game, bringing in Herzog. Zimmerman drove a long kick into right field for three bases, but Fletcher struck out. Zimmerman tried to steal home, but Schalk tagged him as he slid into the plate. That ended the score-getting.

Today's game will be the last in which the players share in the receipts. Receipts of following games go to the two clubs with the exception of 10 per cent that goes to the national commission and a certain percentage to the two leagues.

After today's game the scene shifts to Chicago, where the fifth game will be played on Saturday. The sixth will be played on the Polo grounds Monday.

(Continued on Page Two.)

### HOOVER TO CONTROL TWENTY FOODSTUFFS AFTER NOVEMBER 1

WASHINGTON, Oct. 11.—The machinery of the food administration was set in motion today to complete preparations for government control on November 1 of 20 of America's principal foodstuffs. Authority to assume supervision over the leading articles of diet is vested in Herbert Hoover by a proclamation of President Wilson.

Under the terms of the order, licenses will be required for the manufacture, storage, importation and distribution of flour, bread, meats, potatoes, sugar, milk, butter and dairy products, canned foods, rice, staple vegetables and other stipulated commodities. Farmers and small dealers specifically are exempted.

### FLEET MUTINY CAUSES SCANDAL IN REICHSTAG

**Government Uses Incident for Attack Upon Socialists, Who Are Blamed—Decisive Step on Alsace-Lorraine to Be Taken—Disarmament Opposed as Impractical.**

ROTTERDAM, Oct. 11.—The statements of Vice-Admiral Von Capelle, the German minister of marine, have turned the reichstag into a theater of the wildest scandal, says the Voorwats, discussing the exposure of mutinies within the German navy. The socialist newspaper adds that there is no shadow of proof that any deputies were guilty of illegal action in connection with the mutiny.

The Vossische Zeitung describes the attack on the independent socialists as a deplorable and illegal trick on the part of the government. The Tageblatt contends that if the reichstag believes that the independent socialists are guilty, they must be handed over to the court.

The Koelische Zeitung expresses surprise that the government, "when it had such strong proofs of guilt against three persons suspected of treason, did not ask the consent of the reichstag to take legal measures. No reichstag would have been able to refuse consent."

#### Alsace-Lorraine Issue.

AMSTERDAM, Oct. 11.—The reichstag will take a decisive step forward in regard to the question of Alsace-Lorraine within a few days, the Vossische Zeitung of Berlin says. The reichstag majority supports the idea of the formation of a monarchial federal state with democratic and parliamentary guarantees. The newspaper believes that this plan also is favored by the imperial government, which has abandoned the scheme of dividing Alsace-Lorraine between Prussia and Bavaria.

During the debate in the reichstag yesterday Deputy Conrad Haussmann said that the declaration of Dr. Von Kuehlmann, the foreign secretary, that apart from Alsace-Lorraine there is no absolute bar to peace—was tantamount to a definite undertaking that Belgium should be given up.

"That should be heralded forth to all the nations," the deputy added.

#### Disarmament Talked.

Gustav Stresemann, a national liberal, said he would not oppose a reduction of armaments, but he thought that disarmament hardly was practical politics.

Count Von Westary, a conservative, thought that Germany's answer to the pope ought to have made clear that Germany would not undertake to disarm, and hoped that Von Kuehlmann had not tied himself to yielding up Belgium.

George Ledebour, social democrat leader, dwelt on the damage done to the German cause by the revelations concerning Von Luxburg, the German minister to Argentina. He considered that the populations of occupied territory should be permitted to decide their own fate.

### TEUTON CHEMICALS SET VESSEL AFIRE

SEATTLE, Oct. 11.—Chemicals placed in the lumber cargo and contrived to ignite when the vessel passed thru a warm temperature caused a fire aboard the steamer Niels Nielsen as she was steaming from Hong Kong to Bombay on her last voyage from this port, according to the captain and crew of the vessel who are here now. The vessel was damaged to the extent of \$20,000 and the cargo even more.

The captain said British officials in Bombay surveyed the ship on her arrival and declared the chemicals were placed by Teuton agents while she was loading in Bellingham last May. The crew fought the flames thirty hours before getting them under control.

### TWO HOME RUNS IN TODAY'S GAME

POLO GROUNDS, New York, Oct. 11.—The New York Giants topped over the Chicago White Sox today by a score of 5 to 0 and the world's series now stands even, both clubs having won two games each. Ferdinand Schupp, the Giants' southpaw, duplicated Babe Benton's shutout performance of yesterday by plastering the American league champions with a second coat of whitewash. Benny Kauff broke out in a rash of home runs, driving out two circuit breakers, two home runs by Kauff.

### SHELL CRATERS REGULAR TRAPS TO KILL GERMANS

WITH THE FRENCH ARMY IN FLANDERS, Oct. 10.—By the Associated Press.—The new system of front line defenses inaugurated by the Germans who instead of utilizing line trenches, organized nests of shell holes, proved a regular trap in the battle just ended. The German troops who occupied the craters without other shelter, when they found during the fighting that their officers were not with them, deserted as soon as the French approached. The German officers meanwhile were sheltered in concrete pill boxes further to the rear.

The correspondent spoke today with several prisoners, officers and men, all of whom seemed to be in a terrible condition of fatigue. The officers declared that their companies were reduced to a strength of only 40 men, some of whom were mere boys of 18. The men said they were well provided with food while on the front lines, but that in the interior of the country the privations were great.

The French troops today, despite the condition of the ground, made a further advance, straightening out their line toward the borders of Toutholst forest and taking additional batches of prisoners.

### EXPOSE GERMAN INTRIGUES TO SPLIT SOUTH AMERICA

BUENOS AIRES, Oct. 10.—There is much concern among the people of Argentina over disclosures of German intrigues to bring about a conflict between Brazil, Argentina and Uruguay.

Senor Carlos Rodriguez Larreta, the former Argentine minister of finance, declares in a published article today that a Von Luxburg dispatch which has not yet been made public, refers to German intrigues in Argentina and southern Brazil.

The government is expected to take measures to prevent a proposed neutrality demonstration next Friday.

### PICKETS ARE WARNED TO CEASE RIOTING

WASHINGTON, Oct. 11.—With a warning to the militant pickets of the woman's party now in the Occoquan workhouse that unless they obey the rules of the institution and discontinue their acts of insubordination and rioting, they will be transferred to the jail and kept in solitary confinement, the local government today restored to duty the superintendent of the workhouse who had temporarily been relieved while charges made by the women were being investigated.

KAUFF

### PLOT TO EXPORT TUNGSTEN FOILED BY SECRET SERVICE

NEW YORK, Oct. 11.—A plot to export tungsten, a metal used to harden steel, from this country, on board the Scandinavian-American liner United States, in violation of the espionage act, and President Wilson's proclamation, was balked today by federal agents with the arrest of three men here. The illicit export of the metal, presumably for Germany, has been going on for some time, the United States attorney announced.

One of the men arrested was Fritz Gerundal, a steward on the United States. Federal agents say they found on him a brass check for a suit case which, when located, contained forty pounds of tungsten, and that a search of the liner brought to light 100 more pounds concealed under a stateroom floor.

Harold A. Content, assistant United States district attorney, who presented the case, declared that the breaking up of the plot "is equivalent to the sinking of ten German submarines."

### BANKER LAID DOWN; BANDITS GOT \$1500

DES MOINES, Ia., Oct. 11.—Forcing the cashier to lie face downward on the floor out of view from the street, two men scooped up \$1500 in cash from the counter of the Euclid Avenue State bank during business hours today and escaped.

### Safest Security in the World

The United States offers you an opportunity to invest in the safest security in the world, and will pay you 4 per cent interest on your money. The estimated wealth of the United States is about \$50 billion dollars. Our national debt was a little more than one billion dollars before the break with Germany. Adding to this the two billion dollars borrowed in the first liberty loan gives a total national debt of a little over 1 per cent of the total wealth of the country.

The yearly incomes in the United States are estimated at about 49 billion dollars, or thirteen times the total national debt (including the first liberty loan) and about 400 times the annual interest charges on our total debt.

If a man should come to you and want you to lend him \$1000 and you knew he owned property worth \$50,000; if you knew that his yearly income was \$13,000, and he gave you his note, would you lend him the \$1000?

Will you lend your money to the United States on such a basis?

### KAISER'S MONEY FINANCED IRISH AGITATORS IN U.S.

Propaganda Organizations Under German Pay as Early as 1909 to Combat Celebration of 100 Years of Peace Between Great Britain and United States.

WASHINGTON, Oct. 11.—Germany financed Irish-American propaganda organizations in the United States as early as 1909 to combat the newly developed movement for celebration of one hundred years of peace between America and Great Britain, President Wilson has learned from leaders in the centenary celebration.

John A. Stewart of New York, chairman of the American branch of the centenary committee, who recently called at the White House with H. S. Ferris of London, a leader in the British phase of the movement, brought evidence that within five weeks after announcement of the centenary plans early in 1909, German and Irish-American interests in the United States formed a number of associations and leagues to foster interest in German affairs.

Most of these organizations, Mr. Stewart informed the president, shortly became merged with the American Truth society, whose president, Jeremiah O'Leary, was mentioned in the secret message to Count Von Bernstorff, from the German government, disclosed yesterday by Secretary Lansing. One of the activities of the organizations was to erect elaborate monuments over the graves of prominent German-Americans and to give publicity to historic roles played by Germans in the United States.

Development of the British-American peace contention movement was combated by the German propagandists in a multitude of ways, extending even to lobbying against bills in state legislatures to promote success of the centenary celebration planned for 1914 and discontinued by war.

### PORTLAND NEGRO SHOT BY CHINESE

PORTLAND, Oct. 11.—George Washington Davis, a negro, was shot in the abdomen and instantly killed here today by Hule Tong, a Chinese, when Davis attacked the Chinese with a hammer to secure \$425 hidden in a sack in the store run by Hule Tong. Before shooting the negro, Tong was so badly injured about the head he is not expected to live.

### AERIAL BOMBS TO BOOST LIBERTY BONDS

WASHINGTON, Oct. 11.—Bombardment from airplanes and balloons of many American cities from New York to San Francisco, with bombs containing Liberty loan literature will take place October 20 as one of the final publicity features of the campaign. Up to date forty-five airplane pilots and eight balloonists have offered their services.

### KAISER TO VISIT BULGAR CAPITAL

AMSTERDAM, Oct. 11.—Extensive preparations are being made in Sofia, Bulgaria, to entertain the German emperor during his forthcoming visit there. It will be the emperor's first visit to Sofia, and the burgomaster has issued a proclamation inviting the population to participate in the reception.

### BAD WEATHER CHECKS BATTLE ON YPRES FRONT

Gained Ground Consolidated and Counter-Attacks Repulsed—Germans Strike to Regain Lines at Verdun, But Meet Defeat—Teuton Lines Imperilled in Flanders.

By Associated Press, Oct. 11.—Extremely bad weather on the Flanders front is limiting the activities of the belligerents. The allies, however, have maintained themselves in the territory they gained in Tuesday's great drive. At only one point has their hold slipped at all, and that was on a particularly low sector along the British front below Poelcapelle, where their advance posts were drawn in a little.

#### Gains Consolidated.

While the work of consolidation and preparation for the renewal of the offensive is proceeding, German counter-attacks are being held off by the entente guns. Last night the French had one of these attacks to deal with in the region east of Draiebank, but broke it up.

Some attention is being attracted by the persistence of the German efforts to regain ground on the French front in the Verdun region. In this connection it is noted that recently one of the German military critics, in alluding to the situation in Flanders, spoke of the peril to which the Germans might be subjected on the Verdun front if the German lines in the Belgian area should give way.

#### On Verdun Front.

The French are very near German territory northeast of Verdun and a forced weakening of the German lines there might well have a serious effect upon the whole military situation, well placed as the French now are for the initiation of a drive from the outlying Verdun positions.

The German effort to push back the French here, or possibly to regain the lost initiative in the region, may possibly be traced to inactivity in this respect on the part of the German high command.

Small success, however, is attending the crown prince's efforts in this direction. He tried again last night near Hill 344, but General Petain's forces held their ground, driving the Germans out of such advances they managed temporarily to penetrate.

### HOOVER FORCING DOWN PORK PRICES

CHICAGO, Oct. 11.—For the third successive day the provision market this morning underwent setbacks in price that were sharp to a degree seldom equaled. In addition to previous breaks, pork today dropped more than \$2.25 a barrel. Lard and ribs fell \$1.50 or more a hundred pounds. The chief impetus to sell apparently came from government efforts to compel cheaper prices for food.

### PASSENGERS LANDED FROM STR. QUINALT

EUREKA, Cal., Oct. 11.—Ten passengers, among them two women who landed with members of the crew of the steam schooner Quinalt on the bleak stretches of the beach at Shelter Cove, south of here, late last night after the wreck of the vessel late Tuesday night off Point Gorda, were to be taken aboard the steamer Sea Point this afternoon for San Francisco, according to a message here today by telephone from Captain Peterson, master of the Quinalt. Captain Peterson said the passengers had been well cared for and suffered little from a night on the beach. All were well.
