SOLDIERS AID IN LIBERTY LOAN WORK

The show windows in the business part of the city are filled with large, artistic posters issued by the government, calling attention to the second liberty loan bond campaign. There are eight different designs of posters.

Postmaster Mims received the posters from the state liberty loan committee at Portland Tuesday noon with the request that he see to their distribution in the show windows. Colonel Mims called upon Captain Crossley of C company for assistance in distributing them, and the captain detailed four of his command to do this work.

The soldiers were only too glad to do this work from the standpoint of patriotism and also because it meant several hours' freedom from the camp routine and discipline. They worked under the supervision of Assistant Postmaster Warner. The postoffice windows and lobby were fairly plastered with liberty bond posters.

WINS SCHOLARSHIP AT STATE UNIVERSITY

The Oregon Emerald, published at the State university, contains the following concerning Miss Marian Neil, formerly of Ashland, a granddaughter of Judge J. R. Neil of Jacksonville:

"Marian Neil, a major in the school of music, has been awarded the Paul Allan Clawson memorial scholarship for excellence in musical work.

"This scholarship," said Dr. John J. Landsbury, dean of the school of music, "represents the highest honor that can be paid a student of the school. It is given for excellence in musical attainments as well as in appreciation of Miss Neil's personal services for the school."

"The school reserves the right to withhold the awarding of the scholarship during any year when it is felt that no one fitted for the honor has been found. By the terms of the scholarship Miss Neil is entitled to enroll in any course in the university school of music without cost."

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The moment "Pape's Diapepsin" reaches the stomach all distress goes.

Do some foods you eat hit back—taste good, but work badly; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, get this down: Pape's Diapepsin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy results in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is positive in neutralizing the acidity, so the misery won't come back very quickly.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia, or any stomach disorder, due to acid fermentation.

HIT BY BULLET OF SMALL CALIBRE

John R. Fitzhugh, hardware dealer of Ashland, has a .22-caliber bullet which he will perhaps always keep as a souvenir.

As he was standing in front of the Palace barber shop on Willamette street yesterday he heard a report in the street and at the same instant felt something hit him in the small of the back, says the Tidings. Reaching around he found a 22 bullet imbedded in his clothing. He fished it out and began to look for the man who had shot at him. He asked a number of passersby if they had seen anyone shooting, but no one with a gun was seen on the street, although several persons heard the shot. Soon afterward a flattened cartridge was found lying on one of the rails of the street-car track nearby. Someone had evidently placed the cartridge there or it had dropped on the rail, and when the next car came along it exploded, the bullet heading straight for Mr. Fitzhugh.

While the bullet was somewhat flattened by striking him, he was not hurt.—Roseburg Review.
