

CONFERENCE FOR WHITE PLAGUE WORK IN WAR

The Northwestern Tuberculosis conference will be held in Portland, October 15 and 16, and Mayor C. E. Gates has appointed Mrs. Stewart Patterson of Medford as a delegate from Jackson county to this conference.

Some idea of the importance of this work during the present war may be gleaned from the following extract from a letter written by Mrs. Sadie Orr Dunbar of Portland, secretary of the Oregon association to Mrs. W. L. Holloway of Medford, who is one of the directors of the Tuberculosis Prevention association of the Northwest, and who has been very active in prevention work in Jackson county:

Oregon faces an appalling situation if war returns our soldiers, ill of tuberculosis. There are no beds, available for such patients. We will have to take them right back into their own homes, or into ours. We will have to have government aid, if many soldiers return with this dread disease. Tuberculosis will increase at home during war, as well.

The law, passed last January, permits county commissioners to spend public money for county visiting nurses. Would Jackson county be interested in securing at least one nurse whose work could be combined with school inspection, etc.

Your summary card of the survey reads as follows:

Case records (complete histories)	32
Cases reported by physicians, but not visited by investigator	16
Arrested cases	27
Away for treatment	29
Deaths (1913-1916)	80

This is only one disease. Your nurse could do any public health work. No money would be spent more wisely. A nurse would probably cost \$30 or \$100 per month, with some allowance for traveling expenses. Your county could well afford to put \$1500 into the prevention of disease.

Everyone who can is asked to attend the conference which will be held at the Multnomah hotel. Representatives from 50 Oregon cities will be present, as the work is deemed of the utmost importance. Mrs. Holloway will attend as a representative of the national organization, and other Medford and Jackson county women are asked to be present.

COMPANY SEVEN GRATEFUL FOR DRUM

"Yours was duly received in regard to the bass drum," reads a letter from Captain A. J. Vance of the Seventh company, received by Mayor C. E. Gates this morning, "and I want to thank you for your interest in behalf of our band—which, by the way, is some band."

"We took the band over to Fort Stevens the other day on a liberty loan rally and they made a great hit. They go to Astoria tonight to play for another liberty loan rally."

"The weather has been fine for some time now, and everything is going fine. We are sending about 100 pictures of the boys which will be shown on the screen in Medford. I believe they will be appreciated."

How to Relieve Catarrhal Deafness or Head Noises

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home, at little cost. Secure from Strang's Drug Store, Health's Drug Store, Haskin's Drug Store, Medford Pharmacy, West Side Pharmacy, 1 ounce of Parmain (Double Strength). This will not cost you more than 50c. Take this home and add to it 1/2 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dripping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. If nearly ninety per cent. of all ear troubles are caused by catarrh, there must be many people whose hearing may be restored by this simple home treatment.

Bessie Love in Triangle Play "The Sawdust Ring"

BESSIE LOVE IN "THE SAWDUST RING" PAGE, TOMORROW

When the big "three-ring circus" comes to town, old and young arise and declare a holiday. There is a fascination about the circus which no one can deny. There is a certain magic atmosphere which surrounds the circus tent and envelops all who come within its radius and while we are under this influence the outside world is forgotten and we give ourselves up to "a day at the circus." Triangle has produced a photoplay under the direction of Charles Miller, titled "The Sawdust Ring," and a more vivid and true-to-life representation of a "day at the circus," could not be imagined and during the sixty odd minutes which this picture is shown, we are taken back to the days when we, too, were numbered among the throngs who turned out to see the parade and later to forget our cares and daily routine within the folds of the circus tent. Then this story of circus life, Bessie Love, in the role of Janet Magie, trips along with one foot hope predominating her every action—to become a part and parcel of the life in the sawdust ring. She succeeds in entering this life and her dreams are realized in an abundance far exceeding her expectations. The proprietor of a small circus takes an interest in her and she is made a part of the life to which she has longed. With Miss Love in the supporting cast are Harold Goodwin, Jack Richardson, Josephine Headley, Daisy Dean and Alfred Hollingsworth. The story was written by L. V. Jefferson.

Relive the days of your youth with Bessie Love in "The Sawdust Ring," to be shown on the screen of the Page theater tomorrow, matinee and evening.

DOUGLAS FAIRBANKS AT STAR THEATER TODAY

Douglas Fairbanks in Double Trouble, a de luxe edition of one of the peppy boy's greatest successes. It is taken from Herbert Quick's novel of dual personality, and Douglas sure does know how to put it over. He will open a two-day engagement at the Star theatre today.

Lemons Beautify! Make Quarter Pint of Lotion Cheap

Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness, softness, whiteness and beauty.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white make a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands, and see for yourself.

Highest quality, jewelry repairing.

SOLDIER KNOWS HOW A SMOKE COMFORTS MEN

Medford Mail Tribune:

Here is my dollar for tobacco for the boys who are fortunate enough to go to France. I do not use tobacco, but I know that to a man who does it is a great comfort. Everybody is happy, up here in Columbia, and we are seeing many things of interest as well as learning to be real soldier boys. This army life is great. All you have to do is work.

I hope my dollar will be the means of making some lonely boy happy for a short time.

PVT. CLARENCE S. CRAMER, Seventh Co., U. S. N. G., Fort Columbia, Wash., Oct. 3, 1917.

Every soldier gets lonely and homesick—sometimes. The heart that beats beneath bronze buttons and khaki is still only human, of course. And when one of our boys gets that lump in his throat which he just can't swallow, there seems to be nothing that helps quite so much as a good, cool, soothing smoke—the kind of smoke he used to have back home.

Good smokes have been pretty scarce in the trenches. But we've made it so easy for the folks at home to send on the right kind the boys want that now there's really no excuse any more for them to be without them.

Twenty-five cents sent to our Tobacco fund will purchase almost twice as many smokes as you can buy yourself over the counter. They come packed in a nice little kit, ready for sending; and in that kit is a post card, stamped and addressed to the person who gave the quarter.

The French and American governments and the Red Cross help us do this. The tobacco is admitted duty-free over there and the American stamp brings back the message to you, direct from the happy man who received your smokes.

And when you read that soldier's message, you will say that it is the biggest quarter's worth of satisfaction you ever got for the money. Try it and see for yourself.

AMERICAN ENVOY TO SWISS RETURNS

AN ATLANTIC PORT, Oct. 12.—Pleasant A. Stoval, United States minister to Switzerland, arrived here today on an American steamship. His purpose in returning to America for a brief visit is to consult government officials regarding shipment to Switzerland, and to discuss other war phases.

Dr. Otis A. Glazebrook, an American consular official who has been in Jerusalem, was a passenger on the same ship.

CANARDS STARTED ABOUT SALE OF RED CROSS WORK

As part of the anti-patriotic and pro-German campaigns, stories are in circulation in Medford and everywhere else detrimental to the Red Cross work. The latest canard is that soldiers are compelled to pay for the knitted articles sent out by the various Red Cross chapters—all of which is a falsehood. Persons hearing such stories are asked to report where they heard them and who repeated them, to the local Red Cross officials, so that their source may be identified by the department of justice and the authors punished.

In this connection, the following letter has been received:

The American Red Cross, N. W. 5, September 29, 1917.

To all Chapters, Northwestern Division:

Reports are current that knitted articles, particularly socks, made for soldiers by the Red Cross chapters, branches and auxiliaries have been sold to the public in shops or direct to the soldiers.

We cannot believe such a thing possible, but invite evidence sufficient to take before the United States district attorney and we will gladly give instructions to vigorously prosecute.

Similar stories have been previously started thruout the east but when followed up have been found to be without foundation. Doubtless investigation here will meet the same result.

C. D. STINSON, Manager, Northwestern Division.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

Best for liver and bowels, bad breath, bad colds, sour stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels, or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poison in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.
