FOR RENT—SAGE TEA TURNS GRAY HAIR DARK. It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

THE beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustreous. This ready-to-use preparation is a scientific toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

URIC ACID IN MEAT CLOGS THE KIDNEYS. Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but dust your kidneys with Salts occasionally, says a noted authority who tells us that many forms of uric acid which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaker, then you suffer with a dull heaviness in the kidney region, sharp pains in the back, or sick headaches, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The uric gets clogged, full of sediment, the channels often get sore and irritated, obliging you to rest twice or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then see fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

In fact, Mayor Lamkin says it was the best prayer meeting the church ever had. Senator Garland and W. S. The campaign of bond selling was systematically outlined, a committee of about thirty-five being appointed, and the drive is now on. Talent, Nell Creek, Bellevue and Valleyview being included in lo-

CENTRAL POINT

Miss Esther Pankey received a letter the first of this week from her cousin, Earl Oberchain, and his many friends will be pleased to learn that he has arrived in France, is well and is learning the customs of the country fast.

The patriotic mass meeting in the open house Tuesday afternoon was not as well attended by our united citizens as it would have been if our bodies and men had not been so busy at the present time, but School Chairman Robert and Superintendent Stanley dismissed school and teachers and scholars most all attended, and the addresses of both Senator Garland and Mr. U'Ren were much appreciated by all. Local Chairman J. O. Isaacson had charge of the meeting.
