

FOLGER ASSISTS SCHOOL PUPILS IN BUYING BONDS

Falling in line with the policy of financing school children in the purchase of bonds, a move set afoot by J. A. Westerlund, W. A. Folger has announced that he will furnish \$2000 to help further the work so auspiciously begun.

This means that with the capital devoted to the work by Messrs. Westerlund and Folger, approximately \$6000 is on hand to finance the bond purchases of the children.

Mr. Westerlund last night addressed the following letter to Superintendent of Schools M. V. Hillis:

Oct. 20, 1917. Prof. Melvo V. Hillis, Medford, Ore. My dear sir: I desire to express to you my appreciation of the splendid way in which your pupils have responded to the second issue of liberty bonds, and I want to thank them through your loyalty and patriotism they have shown in subscribing so freely for the first fifty of the fifty dollar liberty bonds.

I find that we have just as many more patriotic boys and girls who want to take up a liberty bond and I am pleased to announce to you that I have concluded to increase my offer a few hundred dollars.

I am also greatly pleased to inform you that our good friend, Mr. W. A. Folger, than whom there is no bigger hearted or more patriotic citizen in the state of Oregon, has voluntarily agreed to help me out by advancing \$2000 so as to make it possible for sixty more school boys and girls to buy bonds by taking the same plan as was offered by me a few days ago, that is, pay \$2.00 cash and the balance \$2.00 per month.

Kindly inform our boys and girls who have not bought a liberty bond on our plan but desire to do so, that I shall be pleased to receive their subscription at any time at the Hotel Holland.

Yours, for the country's welfare, J. A. WESTERLUND.

Pro-German textbooks having been discovered in the Medford schools prompts the query as to whether any such are in use in our local institutions of learning. The particular book complained of at Medford is entitled "Dawn of American History in Europe," by Prof. Nida, an author of an-American sympathies, emulating in Illinois the activities of La Follette in Wisconsin. How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight? Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered. Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valid advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swiss Specific Co., Dept. D, Atlanta, Ga.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe on the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.
