

NEED OF HELPING RUSSIA SET FORTH BY BUCHANAN

LONDON, May 16.—At a dinner at the British-Russian club of London tonight the speakers urged the necessity of countering the efforts of Germany to gain ascendancy in Russia. Sir John Norton Griffiths said that the government in the work of reconstruction should not forget to take advantage of the material Russia could place at the disposal of the British empire.

Sir George Buchanan, late ambassador to Russia, fervently prayed that Russia would come out of the present chaos and become once more a great united country allied to Great Britain.

"We must not despair," he said, "but look ahead and wait patiently for the hour of redemption. We must be prepared for that moment and hold out a helping hand to Russia. If Germany is permitted to control Russia's enormous man-power, natural resources and unexplored wealth, she would become mistress of the east, and whatever conditions we might impose upon her in the west she would have won the war."

PORTLAND PHYSICIAN AMONG WOUNDED

PORTLAND, May 16.—The casualty list today contained 91 names, divided as follows: Killed in action eight; died of wounds, four; died of accident, one; died of disease, four; died of other causes, one; wounded severely, four; wounded slightly, 55; missing in action, 14.

Officers named include Lieutenant Carl O. Rosequist, Evanston, Ill.; died of wounds; Captain Earl V. Morrow, 1435 Belmont street, Portland, Ore.; Lieutenants Lester S. McGregor, Findlay, Ohio; Winfrey G. Nathan, Kansas City, Mo.; wounded slightly, and Lieutenants Charles W. Chapman, Waterloo, Iowa, and Robert Baker McDowell, Jersey City, N. J., Harvey, Wash., and George W. Lee, missing in action.

The list includes Clinton M. Bovee, Buhl, Idaho, killed in action, and Private Richard Sullivan, Salmon, Idaho, slightly wounded.

NEW BEVO PLANT WORLD'S LARGEST BEVERAGE PLANT

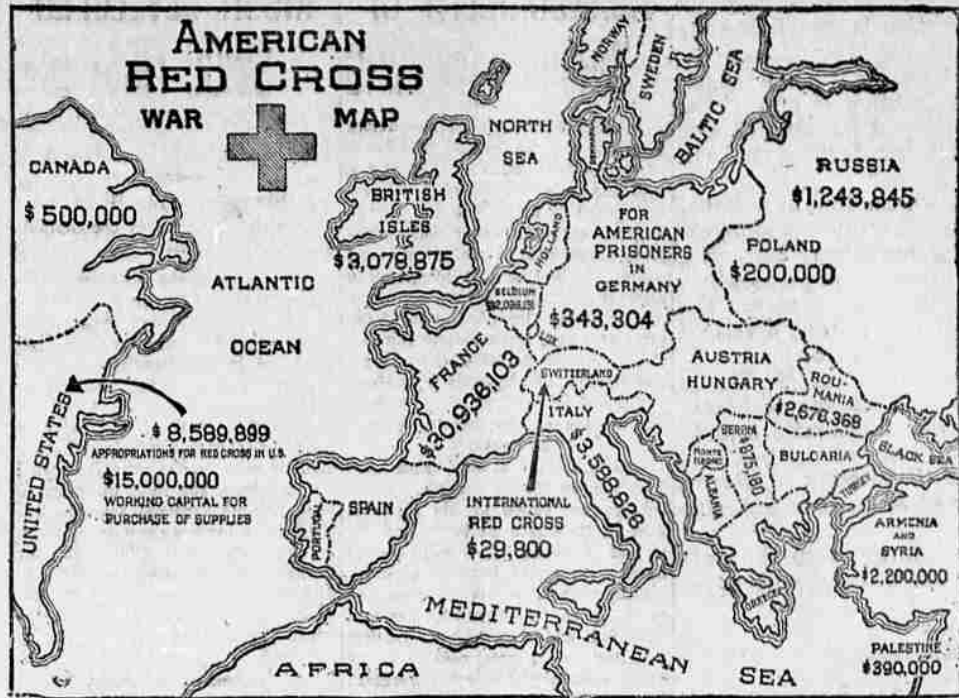

ST. LOUIS, May 16.—The completion of the new \$8,000,000 Bevo plant in St. Louis is a noticeable war time industrial achievement. The construction of this plant, the largest and most perfectly equipped of its kind in the world, was made necessary by the extraordinary demand for the highly meritorious non-alcoholic beverage perfected under the personal supervision of August A. Busch, president of Anheuser-Busch, who succeeded his father, the late Adolphus Busch, as head of the many great Anheuser-Busch industrial institutions.

After years of scientific experiments and original research, Bevo was created for two purposes: As an aid to the promotion of Mr. Busch's plans for a real, sane temperance program in America, based upon education and intelligent moral development; and to supply the public with the highest quality of non-alcoholic beverage that science and manufacturing skill could produce. Bevo has been a positive aid to the government in carrying out its military temperance program, for it has become the favorite beverage of the army and navy, and is extensively used on battleships and in entonements with the approval of the heads of the navy and war departments.

The Busch-Sulzer Bros. Diesel Engine Co. of St. Louis, of which Mr. Busch is the principal owner and president, has been engaged continuously and exclusively since America entered the war in building engines of the finest and most perfect type for American submarines, airplanes and the United States navy. Mr. Busch takes the position that it is the patriotic duty of American manufacturers to operate their plants for the benefit of the government during the war, and that private profits should be entirely or largely eliminated.

War Worries Upset Health.
It is agreed by medical authorities that worry affects the digestive organs. When the digestion is out of order, it throws the whole physical being out of gear. B. B. Hayward, Unadilla, Ga., writes: "Foley Cathartic Tablets give me quicker relief than anything I have ever tried." They relieve biliousness, bad breath, bloating, gas, indigestion and constipation. No griping or nausea. Sold everywhere. —Adv.

THIS MAP SHOWS HOW YOUR RED CROSS DOLLAR WAS SPENT

How did the Red Cross spend your money?

The story of where your dollar went and the dollars of the millions of Americans who helped to make up the last \$100,000,000 fund of the American Red Cross is told by a glance at the map herewith.

This map explains very vividly just why the American Red Cross is asking the nation for \$100,000,000 next week.

It shows where every dollar was spent in Europe.

It gives the answer as to why Oregon is being asked by the Red Cross for \$600,000.

The total of the Red Cross war fund receipts, including interest, amounted to \$110,124,360.47; the total appropriations have amounted to

\$82,217,943.82; while chapters received in refunds for their military work \$17,401,009.94. On April 15th, there was available for distribution \$10,515,347.61 and this will practically all have been expended before June 1. President Wilson appointed the present war council on May 10th of last year. The synopsis of the principal expenditures shows the following:

France	\$30,938,103.04
Belgium	2,686,131.00
Italy	4,588,826.00
Russia	1,206,966.57
Roumania	2,676,368.76
Serbia	894,580.76
Great Britain	3,260,230.75
Relief work, other foreign	4,476,300.00
Relief work, American	

prisoners in Germany	361,664.00
Equipment and expense of Red Cross personnel sent abroad	201,300.00
Relief work, United States	9,723,123.37
Working capital, purchase of supplies for resale to chapters or for shipment abroad	15,000,000.00
Working cash advances for France and United States	4,286,000.00

Any Red Cross chapter will be glad to supply any inquirer with a detailed synopsis of the manner in which each expenditure in the above tabulation was made.

AMERICAN BIRDMEN PATROLLING FRONT

WASHINGTON, May 16.—General Pershing, issuing last night the first American official communique, put

into practice the announced policy of the war department that all news of the operations of the American expeditionary forces must come from the American headquarters in France. Secretary Baker on his visit to the American troops in France, issued an order to that effect. Reference in the initial communique to the success of American

filers was the first official intimation received here that American squadrons are patrolling sectors held by General Pershing or by his troops jointly with the British and French. The new assistant clerk at the Hotel Holland is W. C. Dawson of Oakland, Calif., who with his wife arrived in the city Wednesday.

HOME GUARDS MUSTERED INTO STATE MILITIA

Acting Adjutant General J. M. Williams of the state of Oregon mustered in Medford's Home Guard, 100 strong at the Cutlbert building last night, and followed the formal taking of the oath of allegiance with a rousing patriotic speech.

"Wilhelm Hohenzollern of Germany," said he, "had put secret agents all over the country not only to spread propaganda but to destroy property and the Medford company with the other companies of the state will be called upon to check any such activities in Oregon and aid in establishing a record of no serious disturbances, or losses during the war." Wilhelm, he said, was well named, for "Hoher" stands in German for "high" or "biggest" and Zoller means "robber," and there was no doubt that the Kaiser was the biggest robber in Christendom. He said Wilhelm is going to get the biggest thrashing in his life and the Oregon militia would help in the great task of doing it. The guard, he added, would be called upon to guard railroads and bridges, protect lumber mills and factories and particularly look after the I. W. W.'s who were willing tools of the German war lord. He also called upon the men to aid in sustaining the war enthusiasm of the people and assisting in all worthy war movements.

The acting adjutant general was given close attention and his remarks were frequently interrupted by applause. Before the meeting the members of the company voted unanimously to take part in the Red Cross parade Monday.

The following officers were elected: H. A. Canaday, captain; F. S. Stripp, first lieutenant, and F. E. Redden, second lieutenant.

Officers of the Ashland state militia units were present, and delivered short speeches depicting the purposes of the organization, and discussed the unity of the two companies in suppressing anti-American movements.

A battalion including the Medford and Ashland companies was formed, and J. Edward Thornton, captain of the Ashland company, was placed at its head as commander. It is the purpose of Acting Adjutant General

AMERICAN EFFORTS IN FRANCE AMAZE IN THEIR SIZE

LONDON, May 16.—American preparations on the western front are amazing in their immensity and plans are being made to care for five million American troops, Harry E. V. Britain, secretary of the English branch of the Pilgrims' club, told the Royal Colonial Institute last night. If the Germans do not give in, he added, the number of American troops will be increased to any amount necessary.

Sir Charles P. Lucas, former head of the Dominions department at the colonial office, said he wondered if the Germans realized what the entry of America into the war meant. It meant, he said, not only the accession to the allied powers of many millions of fighting men and the addition of vast resources, but also the coming in of the only one amongst the great peoples of the world who have seen and carried through to an unmistakable issue a four years' war.

The United States, asserted Miss Higgins of the American labor delegation, had answered the call of blood. England had been a wonderful inspiration, she said, and the heart of America was full of gratitude for what England's sons had achieved.

WILSON TRUSTED BY BRITISH LABOR

LONDON, May 16.—The American labor delegation was received by King George at Buckingham palace today. The visit lasted an hour.

LONDON, May 16.—British labor will trust President Wilson to secure a democratic peace and will aid American labor in backing him up, declared Arthur Henderson, leader of the labor party, at a meeting of the Manchester-Salford trade council last night. Three members of the American labor delegation accompanied Mr. Henderson to the meeting.

Williams to organize a company at Grants Pass, and to incorporate it in the battalion.

THE HOME OF
Bevo
REG. U.S. PAT. OFF.
TRADE MARK

ANHEUSER-BUSCH, ST. LOUIS.

The universal popularity of Bevo made it necessary to erect this building—the largest of its character in the world. Covers two city blocks. Floor space 26 acres. A basement 30 feet high containing 13 tracks each to accommodate ten freight cars. Will employ 2,500 people and have a bottling capacity of two million bottles daily, equal to 140 car loads, on an eight hour day basis.
