WILLIAMS SUGGESTS ARMY OF 450,000 AFTER WAR

PHILADELPHIA, May 18.—United States Senator John Sharp Williams of Mississippi, speaking tonight at the national convention of the League to Enforce Peace, suggested 450,000 men as a safe limit for national armies after the United States and its allies shall have removed the danger of German militarism by decisively winning the war.

"The greatest nations, Britain, France, Germany, Japan, the United States—need no more unless they premeditate offenses," he said. "Does this limitation deprive the strong and populous states of their natural advantage? No. They still have that advantage in their reserves of superior populations and resources."

"All that would follow is that none of them could, by surprise murder a sleeping world, as Germany and Austria came so near doing. A peace which is a peace must be just, generous, democratic and permanent, or promising permanency. It must remove, first, present occasions of war; second, the world temptation which invited war; third, all future recourse to new and barbarous war expedients."

"The 'unspeakable Turk' must be pushed out of Europe. The Armenian people must cease to be the historic martyrs of Christianity. Bohemia must have restored her old independence and civil and religious freedom. Belgium must be vacated, re-

stored and indemnified. Holland must be made to feel secure. "Nationally and language must be as far as possible everywhere unified—identified—synchronized. These things must come about because the absence of these things was the occasion of the world war and tragedy."

EVERY MEAL A POISONOUS INJECTION

Few folks suffering from kidney and bladder troubles ever think that the meals which they are taking are hastening their death. Every morsel of food taken gives up its quantity of uric acid. Those in ill-health must take a medicinal help to drive this death-dealing poison from the system. For over 200 years GOLD MEDAL HAARTEN OIL CAPSULES have been doing this work.
