

CARNIVAL NOT TO OPEN DURING DAY MEMORIAL DAY

The Foley and Burke Carnival company show will not open their attraction on Memorial day, following the policy they have adhered to for the past eight years. The carnival will remain closed until evening.

Everything is new with the Foley and Burke shows this season but the name. There is a mammoth two-ring animal show, offering 40 high class arena feature including a squad of Poulie ponies and war dogs, in a stirring war drama; eight diminutive Shetlands in military drills; Trixie, the horse with the human brain; Rastus, the Charlie Chaplin mule; Yuma, the fire fighting rescue horse—cleverest and most beautiful animal in the world. Yuma kneels in prayer, kisses his mistress goodnight, climbs into a high bed and covers himself up unaided. When a fire alarm is sounded he jumps out of bed, rushes to the box to note the location of the fire, dashes into the burning building, extinguishes the flames, rescues a child and restores it to its mother. He also performs many other amazing feats and when you hear the crowds roaring you will know that Yuma is doing his famous society dances.

Another amazing and interesting attraction is the monkey auto races. Eight Simian speed maniacs, in cars of as many makes, burn up the track for valuable prizes (peanuts) while Monk Solomon renders queer decisions from the judge's stand.

The circus side show is ten shows in one. Major Joe, 50 years of age and only 29 inches high; Bert Gillespie, the 513 pound comedian of the Keystone comedy company, and the living half lady are among the congress of curiosities.

The Hawaiian village offers fifteen dusky dancing belles and accomplished musicians from the isles of the mid-Pacific in a varied and pleasing program.

There are six other great shows, each sumptuously presented. Among the riding devices may be mentioned the mammoth Ferris sky-whirl, the \$10,000 merry-go-round and a new model U-boat, which with 50 other amusing features will keep the crowds entertained every minute. The Red Cross chapter will have a large booth in the center of the grounds and the ladies count upon realizing a substantial sum of money for carrying on their good work.

5 O'CLOCK CLOSING FORMEDFORD STORES

Beginning Monday, June 10th, stores of Medford will begin closing at 5 p. m. instead of 6 p. m. as has been the custom in this city for past years. (Saturdays, 5:30 p. m.)

The merchants in making the closing hour one hour earlier are keeping step with all other cities and towns of the country who in many cases have adopted this plan some months ago.

The main reason for such action is to conserve time and allow clerks and employes the opportunity of another hour of out-door daylight service, all of which is demanded by our country.

It is the belief of the merchants that the buying public can just as easily be served on the new schedule by making their plans accordingly, and thus co-operate in this patriotic movement.

WOOL CLIP OF VALLEY GATHER

J. D. Welch of the Columbia Basin Warehouse company is in the valley gathering up the 1918 wool clip. Two cars will be shipped from Ashland and a car each from Gold Hill and Medford. The company advances 50 cents a pound on the wool at 6 per cent until sold and the price will probably be fixed by the government.

Fred Herrin and Ed Barron will have charge of the shipment from Ashland, Rosenberg brothers from Medford.

DE WESSE TO BE SHOT FRIDAY FOR UXCORIDE

SALT LAKE CITY, May 22.—Howard H. De Wesse, convicted of the murder of his wife, Fanny Fisher DeWesse, was refused commutation of sentence by the state board of pardons this morning, and he will be shot, by choice, Friday morning. Petitions were considered by the board at the last minute, but were of no avail.

MONTH'S FISHING LOST ON ROGUE BY STRIKE OF NETTERS

A month's fishing at the mouth of Rogue river was lost and this year's salmon pack will be that much smaller because of the strike of the gillnetters, who demanded 11 1/4 cents a pound for salmon caught as against 5 1/2 cents received a year ago. The price of 8 cents was fixed by the government, which also fixed the price per case for packing by the canneries, and after a month's idleness, the fishermen union by a vote of 57 to 52 finally decided to accede to Uncle Sam's demands. Meanwhile much valuable food material has gone to waste. The canneries are under federal regulation.

State Food Administrator Ayer is quoted as follows:

"It has long been contended by old time fishermen that there were altogether too many boats on the river. Professor Hastings' report shows that one third of the boats caught only 18 per cent of the fish."

While the administration has no control over the number of boats, Mr. Ayer suggests that a fewer number could be worked to better advantage.

Speaking from the viewpoint of the consumer, Mr. Ayer says that "the fish are a natural resource, belonging to all of the people of the country and no individual or group of individuals has the right to demand for these fish a price greater than that needed to return them a fair compensation for the labor and capital required to place the fish at the disposal of the consumer."

YOUNG MEN OF 21 MUST REGISTER FOR ARMY JUNE 5

PORTLAND, Ore., May 22.—Sickness will not be accepted as an excuse for not registering on Wednesday, June 5, the day set for the registration of every young man in the United States who has attained his 21st birthday since registration day a year ago.

A young man who is ill should send some competent person to the office of his local board for a copy of the registration card, and authority to fill it out.

The request will be granted, provided the local board is satisfied the case is a bona fide one, and the person applying for the card will be deputed to make it out.

After this card has been made out, it must be mailed, or delivered in person by the agent of the sick man, to the local board. If mailed, a stamped and self addressed envelope should be included for his registration certificate from the board. This certificate will be a very handy thing to keep, for without it a registered man will be liable to arrest at any time on suspicion that he hasn't registered.

It is important for every young man who has reached the age of 21 years since registration day last June 5, to remember that he must register with his draft board on registration day, this coming June 5.

This applies to every man in the United States of the required age, including non-citizens as well as citizens. The only exceptions are men already in the military or naval service, and ministerial and medical students now pursuing their studies.

Failure to register on June 5, even through forgetfulness, is punishable by imprisonment up to one year, so it behooves every young man to bear registration day closely in mind, and to register.

MEMORIAL DAY ORDERS TO G. A. R.

Headquarters Chester A. Arthur Post No. 47, G. A. R., Medford, Ore.

What Has Your Red Cross Money Done?

IN the first place, it has enabled the American people, through the Red Cross, to help care for its army and navy.

Secondly, it has enabled America to hearten her Allies' fighting forces and to keep up, among the civilian populations, the spirit to win the war. That, alone, has made the American Red Cross one of the largest factors since our entry into the war.

Canteens which provided food and hot drinks—more than a million meals to soldiers in December; warehouses, crammed with materials, situated all along the French line, all along the Italian lines, at seaports and at places where our soldiers are going to fight; institutions for the care of consumptives, institutions for the re-education of maimed men—these are a few of the concrete accomplishments abroad.

At home—the millions of woolen sweaters, mufflers, socks and other comforts for the men in camps; the work of sanitation around cantonments and the help and advice given dependents of soldiers and sailors—these are things which will "make you, your children and your children's children, in whatever part of the world they may be, proud of being Americans."

Will you do *your* share to keep this Hand of Mercy at its work?

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations a times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth running transportation facilities, it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it. President Wilson leads it.

The War Department audits its accounts. Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.
