ASHLAND AND VICINITY

The patriotic fund campaign is meeting with great success, the public evidently being well pleased with the prospect of having a war chest voluntarily raised. The number of canvassing teams has been increased to 30, all making a house to house canvass systematically, based on individual interviews as afforded by listing the patrons of the city water system, a plan which was thought to rival any in reaching every citizen. As a matter of fact, the Red Cross allotment from this patriotic fund, \$5,000, was assured from the start. There will be no more doubling of contributions hereafter under the new plan. The apportionment proper will be met in full and any excess will be held in reserve in the general fund, which under prevailing conditions is expected to meet all demands for relief for one year, the period beginning in June, 1918. Pledges may be paid in monthly installments or otherwise at the city recorder's office. Trinity Guild will hold its final card party of the season at the parish house, Friday evening, May 24. Contributors to the normal school campaign fund are notified to meet at the city hall Tuesday evening, May 28, to choose a committee whose duty it shall be to direct campaign orations until the general election next fall. T. W. Acklin has gone to northern California localities, investigating propositions as to locating there permanently. Rev. Messrs. Brett and Ferris, in behalf of the local Ministerial union, have publicly issued protests against holding the Roundup here, especially this year. Others may agree with them, but this particular protest comes late in the day and after arrangements have been made to go ahead with the annual event. These objections should have been made months ago, if made at all. At a public meeting in the Chautauqua auditorium, next Sunday afternoon, May 26, at 3 o'clock, President J. W. Kerr, of the State Agricultural college, will deliver an address dealing with the food supply and its bearing on the war situation in general. This talk will be given indirectly under government auspices, and is a prelude to others which will follow in line with giving the utmost publicity possible to the demands for food products.

and inciting an increased crop production throughout the country. A band concert will precede the address. Memorial Day will be observed May 30, with the customary exercises. Grand Army veterans will meet at the armory at 9:30 a. m., visit the cemeteries and return to the Armory at 11 a. m., when an address will be delivered by Rev. C. A. Edwards. Stores in addition to banks and post-office, will be closed practically all day.

L. A. Crane has sold his 17 acres west of the Helman baths, to H. H. Hoyt, of Klamath Falls, who will move onto the tract soon, having decided to locate in Ashland on account of climatic, school and health advantages. His purchase is one of ideal pasture land. Mayor Lamkin negotiated this deal.

Mrs. Bear of Jamesville, Wis., is visiting Mr. and Mrs. D. L. Glenn. This visit is the result of a mutual acquaintanceship formed sometime ago while the parties were temporary residents of New Mexico. Train schedules due June 1 are not thought to change to any great extent, as far as this station is concerned. No. 54, northbound, will leave here about 5 p. m. It is taken for granted that the Shasta Limited will be abandoned and this service merged with other trains.

The piano pupils of Miss Mary Young will give a recital at the Methodist church league rooms Friday evening, May 24.

V. V. Hawley has gone to Klamath county to investigate opportunities of securing work in that section. Among high school students seeking employment there is Killing Schueeman. Le Roy Ashcraft, a former grad, has a position near Klamath Falls as log scaler, carrying with it a pay check of \$120 per month.

Job Tozer, now of Petaluma, in writing to friends here enclosing five dollars for the Red Cross fund, says that the hay harvest is on in that section, expert hay balers receiving \$10 per day.

The city ordinance providing for working prisoners on the streets has passed and is now in effect. Prisoners who refuse to comply face the alternative of close confinement on a scant ration. Beecher Danford, electric expert, with the artillery corps at Fort Stevens, ranking as sergeant, is home on a furlough visit.

The local Ministerial union has chosen G. S. Brett president, and Rev. W. N. Ferris secretary. It has also decided to hold the customary union services at the Chautauqua auditorium during the months of July and August.

Mrs. George N. Kramer and son Foss, contemplate a trip to Alberta, Canada, in the near future, to visit relatives who are located in the vicinity of Turion.

The electric light installment on the Atkinson memorial bridge has been completed, greatly adding to the appearance of this substantial annex to public utility.

A recruiting station on a permanent basis in the military calendar will be installed here next week, accepting enlistments for all branches of the service.

Mrs. Hampton T. Pankey left Sunday morning for Seaside, Ore., where she goes as a delegate to the Rebeck lodge convention.

Saturday evening there will be given in Central Point a cantata entitled "A Mid-Summer Eve." This is a musical fairy frolic in which 40 children of the lower grades of the Central Point schools will participate. At this assembly there will be a fish pond and other side attractions. The entire proceeds of this entertainment will go to the Red Cross. The cause for which this play will be given is a noble one and it should be liberally patronized by Central Point and vicinity's loyal citizens. The admission prices will be 15 and 25 cents, and the gates to Fairyland will swing ajar at 8:30 p. m.

The many friends of Mrs. Olson all sincerely hope for her speedy recovery and return to their home here.

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

Too much cannot be said for a wonderful preparation, familiar to many women as Mother's Friend.

It is more effective in its action than all the health pills ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon the cords, tendons and muscles of the abdomen, rendering them pliant, and they expand gracefully without that peculiar wrenching strain.

The occasion is, therefore, one of unbounded joy and anticipation and too much stress cannot be laid upon the remarkable influence which a mother's happy prenatal disposition has upon the health and fortunes of the generation to come.

The pain at the crisis is infinitely less when Mother's Friend is used during the period of expectancy for the muscles expand easier and with less strain when baby is born.

Mother's Friend is for external use only, is entirely safe and may be had of your druggist. It is prepared by the Bradford-Regulator Co., Lamar Bldg., Atlanta, Ga. Write them to mail you their interesting "Mother's Book." They will send it at once, without charge, and you will find it very helpful. Do not neglect for a single night and morning to apply Mother's Friend according to directions around the bottle and thus fortify yourself against pain and discomfort.
