Behavior of Americans at Chateau Thierry Demonstrates Splendid Initiative and Enterprise With Which Pershing's Army Is Endowed and Arouses Keen Enthusiasm.

LONDON, June 6.—The behavior of the American troops at Chateau Thierry has demonstrated more than anything that has yet happened on the American front the splendid initiative and enterprise with which the American army is endowed and nothing has aroused the keener enthusiasm of the commander, says the Daily Mail correspondent with the American army in France.

Among the incidents of the engagement the correspondent mentions is the steadiness and persistence of the American machine gun fire in the streets of Chateau Thierry. Company after company of the enemy, marching four abreast, repeatedly tried to advance, but recoiled sorely shattered before the fire of the American gunners.

When a bridge across the Marne was blown up, the correspondent adds, the Americans were left on the northern bank with the enemy in front of them and the river at their backs. Carrying their guns, the Americans descended to the lower banks of the river, and under enemy machine gun and artillery fire, succeeded in reaching the next bridge.

The correspondent predicts that much will be heard of the deeds of the Americans in the next few days and adds:

"American troops fresh from the United States continue to arrive with regularity and in numbers more than sufficient to justify renewed confidence in the ultimate triumph of the entente. * * * The Americans at this moment are distributed over a very wide front indeed.

THOUSANDS HOMELESS BY JEROME BLAZE

JEROME, Ariz., June 6.—More than a thousand persons were made homeless early today by a fire of undetermined origin which swept thru the Mexican district and destroyed more than a hundred homes and several rooming houses. Two children were reported missing. One Mexican was burned so badly it was said he would die.

While women wild animal trainers are not entirely new to the arena, they are much more in evidence in the performances of Sells-Floto Circus, which will exhibit at Medford, June 8, than has been the custom in the sawdust and tan bark world in past years. When asked to comment on this fact, Arline Duott, who presents elephant, lion and tiger acts, came back with the query, "Why not?" "In our own and allied countries," she went on, "women act as bus and tram conductors and they engage in the more hazardous employments in even greater numbers. Is there any reason why the number of women handling wild beasts should not increase in these days when women are crowding into all fields? Of course, there is something of added interest in watching a woman subdue a surly and balky 'cat' animal. The tradition of the ages sees to that." The Sells-Floto Circus, however, does not speculate on the suffrage

WAR ENLARGES FIELD FOR WOMEN WITH WHITE TOPS

angle concerning its many women aerialists, acrobats and riders. Not at all. It is frank in stating that hosts of pretty girls in the three rings, on the stage, in the wild animal arena and up in the air, add freshness, novelty and appeal to the performances, and it is proud that they are all doing their bits in Red Cross, Y. M. C. A., Thrift Stamp and other war and relief work. Altho their work is extremely hazardous, they are women, proudly feminine women.

near Phoenix, in the latter part of June, are all completed. And the east promises to be one of the best ever gotten together at any time in the play history of the valley towns. Mr. and Mrs. B. N. French and Owen and Thomas French, Mr. and Mrs. Fred Hupp formed a picnic party to Ashland part Tuesday.

B. N. French and family of North Talent were happily surprised Saturday evening when Owen French and Thomas, his son, from Yuba City, California, dropped in on his brother unannounced. They had been in the northern part of California looking for government land, and decided to come on to Rogue river and visit for a short time.

A very pleasant school picnic was held at the home of Mr. and Mrs. John Grafter in East Eden last Saturday. The beautiful lawn was given up to the young folks for a place to play. A bounteous dinner was spread for all present, the occasion being the closing of the North Phoenix school.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. "Catarhal Deafness" is caused by an impure condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or impure hearing. And when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous lining of the Eustachian Tube. "Catarhal Deafness" is cured by Dr. Williams' Pink Pills for Pale People.
