CROWD ENJOYS FLAG EXERCISES AT CITY PARK

The flag day exercises of the Elks lodge at the city park yesterday afternoon were enjoyed by a large crowd of people. A feature was the singing by the assemblage for the first time in Medford of the International anthem.

The main address was delivered by Judge Robert G. Morrow of Portland, who paid eloquent tribute to the Stars and Stripes. The other speaker was A. C. Bevan, the now well known Canadian war veteran who told of his experiences in France and dramatically denied the truth of reports that British troops at the front were filled with liquor before they went over the top from the trenches.

A pretty incident of the Elks' ritualistic exercises was the building up of a large floral Liberty bell. The program included patriotic selections by an orchestra, patriotic vocal selections by Mrs. Florence McElhose, George Andrews and quartet and singing of patriotic songs by the audience, reading of the flag record by Glenn O. Taylor, and reading of the Elks' tribute to the flag by Gus Newbury.

Washington—Reports to the provost marshal general's office show that 744,865 young Americans who have become of age during the past year registered for military service on June 5.

allied forces have been absorbed into the work of holding the lines. The enemy's recent successes, the senators were told at a conference, was due largely to new uses of gas. The allies, it was said, soon will be ready to cope with new forms of gas attack.

The allies, officials said, are preparing to match the German efforts in the use of gas and provide for complete defenses of their forces, as far as possible before the next attack of the enemy develops.

General March took occasion to correct the impression that the German advance has at some points gone beyond the points reached in 1914. He pointed out on the map that at no point during the present offensive had the Germans come closer to Paris than within 20 1/2 miles of the farthest advance they made in 1914 towards that city.

The newspaper conference was held in the rooms of the war council. On the walls were great maps showing the battlefronts and as General March talked he pointed to rows of colored pins that marked each phase of the fighting. He said that all four of the German drives thus far have had a common object and have been only developing phases of the German purpose to drive their way to the channel ports primarily, and secondarily, to capture Paris.

The fighting of the last week in the Oise-Aisne salient, he demonstrated, was designated to straighten out the German battle front, rather than a blow at a direct objective like Paris. Further operations of this nature, it was indicated, may be expected before the drive toward the channel is resumed.

Up to the present time, the belief the Germans have made in the allied line has added 60 miles of front to the allied lines from Rheims to the sea and large numbers of additional

800,000 TROOPS IN FRANCE (Continued From Page One)

point of being sufficient to counter-balance the losses of the allies.

Corrects Misstatement

General March took occasion to correct the impression that the German advance has at some points gone beyond the points reached in 1914.

To Straighten Front

The fighting of the last week in the Oise-Aisne salient, he demonstrated, was designated to straighten out the German battle front, rather than a blow at a direct objective like Paris.

Up to the present time, the belief the Germans have made in the allied line has added 60 miles of front to the allied lines from Rheims to the sea and large numbers of additional

Heath's Drug Store Phone 884. Goods delivered.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Haie's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Haie's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO. Toledo, O.

WANTED—Good two and three-room house, to move, must be cheap. Inquire 423 South Fir street. 71*

Save Those Hours

The Nation is Calling for Every Spare Hour of Woman's Day.

To waste time in household drudgery is to deprive the country of the help that every woman owes it in these days of strife.

Each day work is being done in your home which electricity might do better, more economically and in less time.

Save those hours spent in useless drudgery by having electrical appliances for cooking, washing, ironing, sewing, cleaning.

Lend your strength to the nation where you are most needed, in the fields, in the gardens or with the Red Cross.

Think about this suggestion of ours and let us show you at what small cost you can have these electrical devices in your home.

NOTICE! Owing to the enormous advance in prices of every thing we use, we are no longer able to do a credit business and meet our obligations, and for that reason on and after the first day of July, 1918, all work will be strictly cash. We hesitate to make this radical change in our method of doing business but hope that our customers will see the necessity of it, as we think it will prove to be the best for them as well as ourselves. JACKSON COUNTY BLACKSMITH ASS'N.

50,000 Men Wanted By Uncle Sam to Man the Merchant Marine In order to man the vast number of ships now being launched by the United States Shipping board, the government has issued a call for 50,000 men consisting of sailors, coal passers, cooks, waiters, etc. Men between the ages of 21 and 30 are wanted and if accepted they will be exempted from military service. Experience not necessary. Applicants are sent to a U. S. Shipping Board School for a month with pay at the rate of \$30 per month with board and uniform. After training pay is advanced to \$45 per month or more depending on the kind of work you do. The U. S. Shipping board has designated Mr. J. R. Woodford of the Rexall Store as Enrolling Agent for the Merchant Marine Service, who will be pleased to give any person interested further information.
