ITALIANS HOLD LINE (Continued From Page One.) sive in reports from Italy. The success of the Italians two weeks ago in the mountainous country to the west of Lake Garda and the evident concern of the Austrian command over an advance there may indicate that if the Italians strike back it may be along this part of the front. A success there would isolate the Austrian forces fighting east of Lake Garda and turn the right flank of the enemy armies. Prisoners taken by the Italians, French and British now total five thousand. The latest report from Vienna makes claim of no marked gains except the capture of Capo Sile on the west bank of the Piave south of Fossalta. The number of prisoners is now reported as 12,000. Emperor Charles is reported to be in the Trentino directing the offensive. On Western Front Events of importance may be taking shape in the Somme battlefield. Heavy firing by the German artillery in the Ancre valley and northward to Serre is reported by the British. It is on this part of the front that a German attack has been expected by the allies and the German bombardment may be the prelude of a resumption of the enemy's offensive in France. American positions northwest of Chateau Thierry are being bombarded heavily with gas shells and there are indications that the enemy may again try to drive the Americans from wood and other territory recently gained. The enemy artillery fire also has increased along the Marne east of Chateau Thierry but there has been no infantry activities. WASHINGTON, June 18.—Major General John E. Morrison, today assumed command of the western department with headquarters at San Francisco, succeeding Brig. General Charles G. Treat, recently detailed for duty in Italy. U-BOAT STRIKES MINE; ONLY TWO OF CREW SURVIVE

LONDON, June 18.—Details of the destruction of one of the largest German submarines are given in a dispatch from a neutral correspondent. This submarine was one of the last to leave Zebrugge before the entrance to the harbor was blockaded by British forces. The U-boat struck a mine and out of the crew of 40, only two survived on reaching the surface after a struggle with death for an hour and a half, 20 fathoms below the surface. Some of the crew committed suicide, having lost all hope of leaving the boat alive. The only chance of escaping was to force open the conning tower and the forward hatches and trust to the compression of air in one part of the vessel to force each man, like a torpedo, to the surface. The air pressure in the submarine had become so high most of the crew could not keep their mouths closed. The compressed air shot them to the surface and hardly had they reached the sea level when the air pressure burst their lungs, and about 20 of them sank like stones. The survivors described the yells of the men, when the end came, as the most horrible noise they ever had heard. The attention of a British trawler was attracted and it hastened to the rescue. The conditions of the survivors showed that their experience had been of a dreadful character.

LOYALTY ISSUE WINS NOMINATION FOR BARHQUIST

ST. PAUL, Minn., June 18.—The tremendous majority of Governor J. A. Burnquist over Charles A. Lindbergh, for the republican nomination for governor was steadily increased today. Returns from 1086 of 3119 precincts gave Burnquist 92,147 and Lindbergh 55,902. Burnquist's complete majority may be 75,000. Judge W. L. Comstock of Mankota was nominated by the democrats by a heavy majority. His opponent was Fred E. Wheaton of Minneapolis. United States Senator Knute Nelson, who was endorsed by the democrats, had so far outdistanced his republican opponent, James A. Peterson of Minneapolis, that it was estimated he would be nominated by a 4 to 1 majority. The contest between Governor J. A. A. Burnquist and former Congressman Charles A. Lindbergh overshadowed all other issues. Lindbergh, candidate of the Non-Partisan league, was the leading issue. Loyalty was the leading issue. Burnquist's supporters charged that Lindbergh's speeches were un-American and that the policies of the Non-Partisan league were unpatriotic. Lindbergh asserted he was loyal and said his war criticism was aimed at "unscrupulous profiteers." Knute Nelson, a republican, was endorsed by the democrats. His opponent on the republican ticket was James A. Peterson, a Minneapolis lawyer. Peterson was convicted last winter of violating the espionage law. He was permitted by the state supreme court to be a candidate. His conviction was appealed.

PALMER, JANNEY ELECTED MEMBERS OF SCHOOL BOARD

In electing Edward Janney and R. J. Palmer to the school board yesterday by substantial majorities Medford voters decisively registered their disapproval of injecting religious issues into school and civic affairs and endorsed the visiting public nurse in the schools proposition as both these men are strongly in favor of it. Messrs. Janney and Palmer each had a majority of over 100 votes over the other candidates who were Edward White and E. V. Conser. The election yesterday had one of the largest votes cast at a school board election in years. The following is the result of the vote: Palmer 386, Janney 361, White 280 and Conser 279. Mr. Janney is elected to take the place of W. A. Folger, who was not a candidate for re-election, and Mr. Palmer is re-elected to succeed himself. Therefore Mr. Janney is practically the only new member of the board. The hold over members are W. H. Phipps, Dr. E. H. Porter and Dr. E. G. Hiddell. The new school board will meet for the first time and to organize on July 9th. Mr. Phipps as the oldest elected member in point of service will automatically by law become president of the reorganized board, succeeding Mr. Palmer. The voters also approved the school budget as presented by the board. The school budget was adopted by the voters overwhelmingly. About 300 votes were cast for it with only 86 against. Twenty-seven blank votes were cast.
