NEW YORK STREETS AGAIN TO BE LIGHTED NEW YORK, June 18.—An order permitting resumption of normal street and display lighting which had been curtailed as a precaution against possible enemy air raids since German submarines became active off the Atlantic coast, was issued by the police department today.

Coughs, colds, sore throat or bronchial troubles which persist at this time of the year usually are of an obstinate character. That is all the more reason why a truly reliable remedy like Foley's Honey and Tar Compound should be used.

NEW YORK, June 18.—An order permitting resumption of normal street and display lighting which had been curtailed as a precaution against possible enemy air raids since German submarines became active off the Atlantic coast, was issued by the police department today.

Notice to Alien Women. All German alien females in Medford and vicinity over the age of 14 must register with the chief of police, commencing at 6 o'clock Monday, June 17, and continuing on each day successively thereafter until and including the 26th day of June at 8 P. M., except Sunday.

WEST FINDS NATION FULLY PREPARED FOR LONG WAR

PORTLAND, June 18.—"The nation has hit its stride in the war. Reorganization and new organization have added increased efficiency to operations in Washington. The United States is getting an organization for war that is as strong as the war is serious," said former Governor Oswald West, now democratic candidate for United States senator from Oregon, on his return from Washington.

But with his optimism for the general situation, West struck a note of warning for the wood shipbuilders of this district. "Prospects for the wood shipbuilding program are not so rosy as they have been pictured," he said, "and inasmuch as the prosperity of this community depends largely on the continuance of the wood shipbuilding program, it will stand the people of Portland well in hand not to rely upon promises, but to make sure they get something more substantial in sight."

The ex-governor had in Washington the matter of payments due on the remainder of the taxes on the Oregon & California land grant and announced that as a result a payment aggregating \$150,000 will soon be made. He was able to press forward the bill reinvesting the public with title to the Coos Bay wagon road grant and to announce that some \$400,000 due in taxes in Coos and Douglas counties will be paid.

He held conferences with John D. Ryan, head of the aircraft board, and others associated with the aircraft program, relative to the permanent establishment of industries here making airplane parts. "It has been successfully demonstrated to the aircraft board," said West, "that our factories can turn out airplane parts, and the matter of contracts is under consideration."

"While in Washington I conferred with Senator Chamberlain. I found that although he has successfully recovered from his operation for appendicitis, he is now suffering from rheumatism. He is terribly overworked, but he is carrying on his great load of responsibility and work in spite of disabilities."

WASHINGTON, June 18.—Permanent increase of the enlisted personnel of the navy from 87,180 to 131,485, as provided in the naval appropriation bill as it passed in the senate, was approved today by the house. PRIZE CANNERS TO TAKE TRIP TO CORVALLIS As a prize for winning in the contests of the Industrial club work last year, Leta and Andrew Stevens of Phoenix left Sunday for Corvallis where they will spend a two weeks' visit at the Boys' and Girls' Summer school.

Leta is known as one of the leading canning girls in the state, having won many prizes in that work. Last fall she made an exhibit at the Land Products show at Portland where she won first prize, thus gaining this pleasurable and educational trip. Two years ago Leta canned 950 quarts of fruits and vegetables.

Andrew Stevens is Jackson county's prize potato boy. Last year he raised a little more than twenty sacks of potatoes on an eighth of an acre. He sold his crop at three cents a pound and realized a little more than \$60. His winning first place in the county gave him a trip to the State Fair last fall. At the State Fair this youthful agriculturist won first place, which gives him a trip to the Boys' and Girls' school at Corvallis.

Andrew is raising potatoes this year but he cannot again win the grand prize in that project. Leta is assisting the canning teams at Phoenix.

EAGLE POINT EAGLETS

In a former letter I stated that Thomas Farlow of Lake Creek had brought in six hundred pounds of flour and taken it to Medford to be returned to the U. S. government to be used for war purposes but I should have stated that he left it with George Brown and Sons of Eagle Point instead of Medford and I understand that several others have brought in flour and left it here with our merchants to be turned over to the government. It is a common remark that we hear every little while that "We are willing to live on potatoes if by that means we can put an end to this horrible butchery."

Gus Nichols, at the time he came in and stopped taking the Weekly Mail Tribune and subscribed for the Daily Mail Tribune brought in two hundred pounds of flour and left it for the U. S. at the store of T. E. Nichols.

Ed Higenbotham of Derby and his little daughter were doing business here Thursday. Ferdinand Lawson, a traveler from St. Louis, came out on the P. & E. from St. Louis Thursday and went on up to W. E. Hammel's farm to visit the family, as he is a friend of Mr. Hammel's family in St. Louis.

A. B. Cunningham, salesman and contractor for Paul's Electric store, Medford, and O. C. Knight, traveling light specialist of Western Electric company, Seattle, Wn. Moon, of Prospect, and two of his men and P. S. Anderson and daughter Miss Phila were here Thursday for dinner.

Andrew Simpson, a mining prospector formerly of these parts, was shaking hands with some of his old friends of long ago. He is a son of Wm. Simpson who lived some forty years ago in Brownsboro and of the pioneer stock of Jackson county. He has been a traveling miner for the past twenty-five years and has made some good discoveries. He is headed for the headwaters of south Umpqua river.

Adolph Olsson of Trail and two of the Trusty brothers were here Thursday night for supper and beds. Herbert Carlton and wife passed thru town on their way home Friday morning. They had been out to Medford to visit her parents, Mr. and Mrs. Wm. Ulrich.

Mr. E. L. Roundtree was in town Friday and while here paid up a three months subscription to the Daily Mail Tribune that he had ordered over the phone about a week before. Wm. Von der Hellen has also renewed his subscription to the Daily Mail Tribune, and Mrs. W. B. Chartson, formerly of Derby, but now of Gold Hill while on the train Saturday morning paid up a small balance on her subscription to the Weekly Mail Tribune. She had written to have the change made from the Weekly Mail Tribune to the Daily Mail Tribune and so paid up a small balance due.

Mrs. Royal G. Brown who has been on a visit to relatives up north as far as Vancouver, B. C., after visiting her aunt, Mrs. Robert Brown in British Columbia and her daughter and son in Portland, returned to her home here last week. Prof. C. Englehardt who bought the Swan Bergquist place west of Eagle Point, was buying fence posts of the Von der Hellen Hardware company Saturday.

Henry Trusty, who has the contract for carrying the mail from Eagle Point, answered the call of his government and started for Portland Saturday evening at 7 o'clock. He has been a regular boarder at the Sunnyside the most of the time for the past four years and has left a large circle of warm friends to look with anxiety over the casualty list from the seat of conflict. During the almost four years he has carried the mail from Eagle Point to Perist he has made a host of friends who will miss his genial smile and cordial greetings.

John Wittingham, the man who has secured the contract for carrying the mail over the Eagle Point-Perist route, was in town Saturday trying to arrange for a house to move his family into while he is carrying the mail during the next four years.

W. J. Canon, our Brownsboro merchant and Mr. Thompson our Lake Creek merchant were doing business among us Saturday. S. M. Miller of Bly, Oregon, who has been up in the Lake Creek country visiting his parents, took the train Saturday for eastern Oregon. A young lady by the name of Zimmerman, came out on the train and took the Eagle Point Lake Creek stage for the Lake Creek country. She was going up to see Messrs. Thomas Farlow and H. P. Berleson on business connected with the school. Mr. C. Hepp of Portland, came out on the P. & E. and took the stage for Lake Creek. He was going up to the manganese mine.

O. Adams of Butte Falls, was a passenger on the eastbound train Saturday. There was considerable machinery on the P. & E. for Ed Walker's logging camp Saturday. Mrs. Hoessler and Miss Daley, a daughter, and Mr. and Mrs. Irvin Daley of Lake Creek, were also passengers on the train. Lee Stears who has a band of sheep in one of the pastures on the desert south of Eagle Point, came in Saturday morning for his breakfast. He said he had to stay all night with his sheep on account of the coyotes.

Mrs. David Cinqcade requested me to say that she had picked up a pair of spectacles near Agate, in a case from Dr. Rickett's office. Rev. M. C. Davis and wife motored from Wolf Creek Saturday and were guests of your correspondent and family over Sunday.

Mrs. Gibson of Portland, Ore., is visiting at the home of her daughter, Mrs. L. C. Robnett, and family.

Frank Ross has enlisted in the musician's department of the navy and left the last of the week to begin his duties.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or impaired hearing and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c. F. J. CLENEY & CO., Toledo, O.
