Prayer for czar brings rainfall.

LONDON, June 21.—Explanation of one recent monarchist revolt in Russia is sent from Finland this:

Peasants prayed vainly for rain for three weeks. Finally some among them suggested that the prayers drop the name of the soviet government and go back to the old custom of asking a blessing for the crops.

The priests demurred, but finally consented.

Within three hours there was a downpour.

Monks took this as an indication of divine pleasure at mention of the czar, and soon royalist demonstrations were under way.

MEDFORD GIRL A WAR BRIDE

(From the Tacoma News Tribune.) There have been Tacoma war weddings and more war weddings, most of them with soldier grooms, some with sailors, but the first uniting a United States marine and a yeomanette was announced Saturday following the marriage of Sergt. Gordon F. Chelf, U. S. marine corps, and Miss Ada E. Evans, yeomanette at the Bremerton navy yard.

The ceremony was performed at First Christian church by Rev. H. P. Williams. The bride, who is a Medford, Ore., girl, enlisted in the navy when the United States declared war and has been stationed at Bremerton since. She is unusually charming and clever, and her marriage to the marine, or "devil-dog" as they are more familiarly known, was a surprise to everyone.

Sergt. Chelf enlisted in the marines four years ago. He is a Kentucky boy, altho he has spent a great part of his life in Colorado and on the Pacific coast. In 1914, when the trouble in Vera Cruz broke, he was sent to the southern coast, but greatly to his disappointment was never engaged in active service. The above picture was taken in his field uniform. He is now on recruiting duty in Tacoma, and has been here about six weeks. Mrs. Chelf, after her marriage, went back to Bremerton and resumed her work.

Mrs. Chelf is a daughter of Mrs. Maggie Evans of Medford and a sister of Russell Evans, who is also in the army, and of Clarence Evans of Medford.

C. M. THOMAS SPEAKS AT EUGENE JULY 4

Charles M. Thomas, member of the legislature from Jackson county, and republican nominee for state senator from that county, will deliver the oration in Eugene, July 4. The committee invited Mr. Thomas several days ago, but he was unable to give them a definite answer at the time, but at their request held the offer under consideration, and Saturday morning R. S. Bryson received a letter accepting.

Mr. Thomas was one of the strong men of the last legislature, and when his name was suggested the men who represented Lane county at Salem were strong in their advice to the committee to secure him.

Mr. Thomas is a native of Iowa and served in the legislature of Iowa. He was temporary chairman of the republican state convention of Iowa in 1912, and is a speaker of eloquence and ability. He is one of the proprietors of the Talent Orchard company, one of the largest fruit-growing establishments of the Rogue River valley, but after the death of the late Senator Vawter was induced to take up his law practice in Medford, where he has risen to high rank in two years.

He is a graduate of the state university of Iowa and was a member of the 1894 football team of that institution, which won wide fame and the championship of the Mississippi valley.

Mr. Thomas has been especially active in all war work in Jackson county, and has been in great demand in southern Oregon as a speaker. Lane county people can congratulate the committee and themselves in having secured him for the occasion.—Eugene Guard.

ROBERT WILSON WINS COMMISSION

R. I. Wilson was a proud and happy man today because of receiving the following telegram from his son Sergeant Robert M. Wilson of the Seventh company who has just completed his training course at Fort Monroe, Va., announcing that he had won a commission in the army:

"Direct your letters to Second Lieutenant R. I. Wilson hereafter. Will beat it up to Chicago and see mother. It may not be possible to come home. Depends on where stationed. Feeling fine but glad it is all over."

Mrs. Wilson is in Chicago visiting with her married son, Richard H. Wilson, and family. She went there some time ago so that in case Robert was suddenly ordered to France she would be near enough to bid him good-bye.

Professor Resler, head of the pedagogical department of the O. A. U., is in the city today from Corvallis on business.

SPEED COP CATCHES MORE VIOLATORS

Among the motor auto speed victims of Motorcycle Cop McDonald Saturday night and Sunday was Dr. James Madison Keene, city councilman, dentist and rancher. Doctor Keene was returning from his ranch at 9:35 o'clock and it is alleged, traveled at from 34 to 40 miles an hour.

The cop trailed behind the doctor all the way intending to make the pinch in Medford when the car stopped. But the car swung around the corner into Main street, and a half minute later when the motorcycle cop turned into East Main the doctor and his car were nowhere in sight, nor could they be located down town anywhere. McDonald called at his home later, and today at his home and office but had not been able to locate him. He then swore out a warrant for arrest in Judge Taylor's court.

The other speed violators were Scott Darby of Phoenix who paid a fine of \$13.50 today for running his Ford bug at 34 miles an hour last night on the Pacific highway, and Marshal Minter of Phoenix who was speeding along at 37 miles an hour on the Pacific highway at 6:45 p. m. Saturday. He was to have appeared in court this afternoon. Mr. Darby had only recently transformed his Ford into a bug and overlooked putting the speedometer on. "I was very careful," he said in court, "but you know how easily one of these bugs cuts loose. I never suspected I was going so fast."

JAPAN TO HELP BRITISH IN EAST IF DESIRED

PARIS, June 24.—Viscount Northcliffe, in a signed article in the Petit

AUSTRALIA TO ASK CO-OPERATION OF U. S.

LONDON, June 24.—William Hughes, the Australian premier, upon the conclusion of the imperial conference in London, will go to the United States to place before President Wilson a full and frank statement of Australia's policy regarding a Monroe doctrine for the Pacific, according to the morning newspapers, and will ask for the special co-operation of the United States in maintaining the policy.

Premier Hughes will explain says the Post that the position of Australia is one such as is essential to its territorial integrity and that it should control the islands of the southern and western Pacific or that they should be in the hands of "friendly civilized nations."

WASHINGTON, June 24.—Partial destruction by fire of a river boat used as a fleet supply vessel at an Atlantic port, was reported today to the navy department.

Parisien, in viewing the war as a whole, writes: "Japan has literally carried out all our requests. If we increase them, she will still carry them out. It is for President Wilson, rather than for us, to settle this problem."

Viscount Northcliffe says he prefers to see President Wilson devote himself first to the dispatch of troops.

"That President Wilson has been able to train for war a population of 100,000,000 is the second act and it is worthy of the highest admiration. The third is the vigorous application of the British and American blockades which isolates Germany."

The British government, he says, will succeed in enrolling in the army all young men whether farmers or government officials, who are trying to avoid military service. In conclusion, he asserts that the huge increase in the British fleet will constitute a constant menace to all efforts of the German navy against allied ports.

NORTHWEST LEAGUE PROBABLY ALL IN

SEATTLE, June 24.—Northwest baseball fans did not know today if they would see any Pacific coast international league games or not this week. Vancouver was scheduled to play at Portland but, according to reports here, Vancouver wanted to play the series at home and Portland refused to agree to the transfer.

R. I. Howell, Seattle, president of the league could not be reached today to confirm or deny reports, that the league's 1918 season has come to an end. According to the schedule Seattle and Aberdeen were to play here this week.

GERMANS ADVISED TO LOOK OUT FOR AMERICANS

WITH THE AMERICAN ARMY IN FRANCE, June 24.—The American soldiers now are regarded by their German antagonists as "bad boys," for whom the German soldiers are cautioned to "look out for," according to a young German deserter who surrendered on the Marne last night. This willing prisoner added that conditions within the German lines were growing worse. He said many of his fellows also would desert if they had the chance.

There have been lively machine gun and rifle fire actions and intermittent artillery fire in the northern section of the Belleau wood, where the Americans gradually are smoking out the remnants of the German machine gun nests. Otherwise the Marne front has been quiet.

The 28th German division has been relieved by the 52nd. The newcomers are said to be only a second-rate division, whereas the 28th was considered as one of the best.

Mrs. BAILEY SAYS NUJOL LABORATORIES, STANDARD OIL CO. (New Jersey), BAYONNE, N. J. Nujol has worked wonders with me. I have suffered from constipation practically all my life and the large amount of laxative pills taken caused a sore spot in my bowels. For more than thirty years this place has at intervals ulcerated and caused illness and no doctor seemed able to help it. Constipation also caused bloating, and last winter, after several months of semi-invalidism when I was unable to walk or exercise to any extent, the bloating became so bad that I could not breathe while lying down. It was just after the doctor relieved this acute condition that I began the use of Nujol, and the improvement in my health is more than I ever hoped to have, or the doctor thought possible. I only take occasional doses of Nujol now and my constipation is a thing of the past. The sore place in my bowels is apparently healed, since there is no irritation now. My health is better in every way, there is no bloating, and no distress from gas. I recommend Nujol to every one I hear complain of constipation and its train of attendant ills. Yours truly, Mrs. Mary G. Bailey, Newbury, Vermont. Women! Suffer no longer from constipation. Use Nujol, the remedy that relieves even the most stubborn cases. Mrs. Bailey's letter proves that! Never say to the druggist, "Give me something for constipation." Be sure to ask for Nujol, the effective, drugless remedy that aids the bowels to normal regularity without artificial stimulation, griping or dangerous reaction. Nujol is pleasant to take; pure, odorless, tasteless. Perfectly safe, even for infants, invalids, old folks. Thousands now take Nujol instead of harmful pills and salts. Be "regular as clockwork"—use Nujol. ABSOLUTELY HARMLESS There are no substitutes—there is only Nujol. At every drug store. Send 50c, and we will ship new kit size to soldiers and sailors anywhere. Regular as Clockwork. In bottles only bearing Nujol trademark—never in bulk. Nujol for constipation
