Sergeant Leslie Knoutson, Milwaukee; Private Peter George, Newark, N. J.

### REAR GUARD OF AUSTRIAN ARMY TAKEN PRISONER

(Continued From Page One.)

rushing up new reserves to fill the breach between the Montello plateau and the Adriatic in order to avert a disaster.

#### Occupy Bridgeheads

By the Associated Press, June 25.—Austria's army is again beyond the Piave and the river line once more bare the enemy from the Venetian plain. The crushed Austrian forces not only were pursued to the river, but the Italians at points have occupied strong bridgeheads on the eastern bank.

How is the Italian victory being held in not yet clear, as every hour brings reports of increasing Austrian losses. Many thousands of the invaders were killed in their attempt to regain the eastern bank of the river and the latest announcement from General Diaz places the number of prisoners alone at 15,000. One report places the Austrian casualties at 200,000 men. In addition the enemy lost large stores of munitions and supplies and many guns.

#### Piave Flood Subsides

Apparently the sudden torrent in the Piave which played havoc with Austrian communications fell as quickly as it arose and the river bed was dry when the Austrian retreat began. This enabled the enemy to get many of his troops across, otherwise his losses would have been measurably greater.

Vienna blames the weather and the high water in the river for the retreat and gives no credit to the stout Italian resistance which held them on the western bank and was gradually forcing him back to the river. It says the order to withdraw was given last Thursday and leaves the impression that the retreat was carried out unobserved by the Italians.

It has been reported that Baron Burgin, the Austro-Hungarian foreign minister, told the German command that grave events, probably revolution, would follow in the dual monarchy, if an Austrian attack, which Germany insisted upon, was repulsed. There have been no reports that the disorders and unrest within the Hapsburg empire have ceased. In fact, late news dispatches gave scanty intelligence as to the state of affairs in Austria.

#### Italians Not Advancing

If the Austrian offensive was expected by the German command to relieve the situation on the western front the Teuton strategists have had a bitter disappointment. Austria probably will be unable to take up a new forward movement on the Piave line for a few days at least. In fact, the Piave front appears to be stronger now than at the beginning of the present battle. Operations on the mountain front are still at a standstill and if Emperor Charles still desires to push his offensive against Italy the next enemy attacks may come from this front unless the Italians continue their advance eastward from the Piave, of which, however, there are no indications at present.

Along the front from the North sea to Switzerland the allied armies are awaiting another blow from the Germans. Premier Lloyd George has told the British house of commons that a gigantic enemy offensive is coming within a few days, possibly within a few hours. The allies are ready to combat it.

#### Local Operations

British and French troops on the Italian battlefield have carried out local operations successfully on the plateau north of Lepont, west of Solmons and along the Aoste, the French have improved their positions and captured 170 prisoners.

In an effort near Belluno, north of Chateau Thierry, American troops have completed the capture of the wood in the northwestern portion. Some prisoners and five machine guns were taken. It is also several American are missing as a result of enemy raids.

MALDEN, June 25.—The captain of the Spanish sailing vessel Insignia reports his ship which sailed from Cuba, was held up by a submarine which declined to examine the ship's papers. The vessel was sunk and the crew was allowed for five days, being rescued off the coast of Africa. The vessel which picked the crew landed them all at Gibraltar except the captain.

LONDON, June 25.—British wireless service.—Admiral Francisco de Batten, chief of the British aviation naval mission in Europe, in a statement, points out that British warships are doing good duty by the side of the Americans and British. Small ships have sent many doctors and nurses to assist the allies.

### MERCHANTS PLAN BIG PICNIC AT ASHLAND JULY 17

At the monthly meeting of the Jackson County Business Men's association, at the Hotel Holland last night, the leading discussion was regarding the trade acceptance plan adopted by the Medford and Ashland merchants to go into effect August 1. W. A. Gates, chairman of the Medford committee, explained the plan, which provides that a trade acceptance be sent out with the usual statements on the first of each month and is to be signed by the parties owing the accounts, providing they cannot pay by the tenth of the month. The acceptance is then placed with the bank designated by customer, provided the merchant so disposes, is made payable in 30 days and draws interest from the first of the month when statements are sent, which enables the merchant to have the use of the money due him on first of month.

The trade acceptance is being adopted not only all over Oregon, but in many other states, and advocated by the government. H. H. Elhart, representing the Ashland Merchant's association, was present and said he believed it was a good proposition both for the customer and the merchant.

It was decided to hold a big picnic of all merchants, their clerks and families, in the park at Ashland on the afternoon of July 17, at which time there will be a ball game between the northern and southern parts of the county, and other sports. There is to be a big basket dinner at 6 o'clock in the evening.

The association decided to close all places of business in Medford and Ashland at noon on this day and attend the festivities. The merchants of all the other stores in the county are requested to close at the same time so that their clerks and families can attend this big community picnic. Take a basket lunch. Coffee will be provided free by the Ashland merchants.

### CLASS ONE OF DRAFT EXHAUSTED JACKSON COUNTY

By orders received Saturday night for 81 men to leave for Camp Lewis during the five-day period beginning July 22nd, the local board announced last night that class one in Jackson county has been exhausted. To date 132 men have been inducted in the draft and 149 men have been called but not inducted, making a total of 281.

Tomorrow the following additional six men will be called out and sent to Fort McDowell, California: G. E. Sinclair, J. L. Archdeacon, W. R. Force, O. R. Hall, G. S. Toskan, W. R. McKee.

These men are to replace others who have for various reasons been rejected.

On Thursday the largest single draft since the war started will be sent out, numbering 67 men will go to Camp Lewis. On Sunday, June 30th, five men will be sent to the training school near San Francisco, leaving Medford at 2:50 p. m. on a special train. On July 5th, a draft of 44 men will be sent to Fort McDowell. July 22nd, 81 men will leave.

### TWO-THIRDS OF ARMY FIGHTERS

WASHINGTON, June 25.—Between 65 and 70 per cent of the 500,000 American soldiers who have been sent to France are actual combat troops, Secretary Baker today. "These figures are necessarily rough estimates," he said. "Naturally I would not care to deal with specific figures in this connection." Mr. Baker called attention to the fact that tomorrow will be the anniversary of the landing of the first American division in France. I regard the achievements of the past year as entirely satisfactory," he said.

### Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.
