

ASHLAND AND VICINITY

A meeting of the Jackson County Business Men's association, held at Medford on Monday evening, was attended by representatives from the Ashland union. At this pleasant reunion the chief business feature discussed was the adoption of the "trade" or "acceptance" proposition, which goes into effect August 1.

The strident notes of expert players in three bands are nightly heard in practice here, getting ready for music specialties during celebration week. The massed band will be 20 strong, augmented by the best talent from Medford and Grants Pass.

Miss Katherine Nealon has been engaged to teach the fall term of school in the Givans district. Miss Nealon's friends are confident of her ability to make good and wish her much success in her new venture.

A heavy crop of vetch hay is being harvested at the Modoc orchard. The thinning crew finished their work at the Root orchard last Tuesday and journeyed to the river in the evening where they held a picnic, serving strawberries and ice cream for refreshments.

Earl Pence of Central Point, is spending several days with his sister, Mrs. John Cameron. Thomas Kinney and family who have spent several months in this district are moving to Klamath county where they will spend the summer.

John A. Harvey of Santa Ana, Cal., former well known resident, is here visiting relatives and friends, accompanied by his family. The trip north was made by auto.

Among a dozen new teachers elected to supply vacancies at the month normal are the Misses Margaret Anderson and Bessie Dunham, formerly of the Ashland schools. The former is instructor in art, and the latter is third-fourth grade critic.

Mr. and Mrs. Roland Flarity arrived home last week from Spokane, Wash., where Roland was employed in one of the high school departments. Mr. T. B. Ryman, a boyhood friend of E. W. Carlton back in New Jersey, is spending a few weeks at the Carlton ranch.

Last Sunday afternoon a large number of people gathered on the banks of the river near the Nealon ranch, the occasion being the departure of Melbourne Atkins who had received notice to report at Jacksonville. Mr. Atkins has a host of warm friends in this district whose kind thoughts and good wishes will follow him as he goes forth to do battle for his country.

Joseph Lester and wife who have resided at the Arrow Head orchard for several months have moved to Medford where Joe is employed at the ice plant.

Miss Clara Collins has sufficiently recovered from an attack of measles to be about again. A. L. Seabrook lost his most valuable milk cow last Sunday by drowning in an irrigation ditch along which she was tied to a stake.

Mr. Harry Wilcox and mother and sister have moved into their home at the Arrow Head orchard where Harry will be kept quite busy caring for his trees. The high price of hay is causing many farmers in adjoining districts to cut their wheat for hay where the crop is very good or is not going to fill. This is a good policy but where there is a chance to harvest good wheat the practice should be discouraged as every 60 pounds of wheat produced no matter in what locality, adds some forty pounds of flour to the world's bread supply.

On next Friday night, June 28, there will be a meeting at the Table Rock school house for the purpose of taking up the War Saving Stamp work. On this same night meetings will be held in every school district in the United States and the government has requested that every citizen in these districts attend these meetings or give some awfully good reason for not doing so.

As the committee in charge of the work in this district, who are S. C. Collins, J. H. Lydard and R. E. Nealon are held responsible for the attendance at this meeting they ask the people of the district as a personal favor to be present. We felt somewhat flattered the other day when our attention was called to an article in the Chicago Tribune containing an item taken from the Table Rock Tablets.

At the annual school election in this district S. C. Collins was re-elected director and Ed Vincent was elected clerk. Miss Mildred Persons arrived home last Sunday evening from Petaluma, Cal., where she has been attending high school.

A marriage license was issued at Yreka recently to Blair Edwards of Dunsmuir, and Miss Frances Hubert of Ashland. H. L. Whited, with a number of in-

visited guests as supercargo, motored to northern California the first of the week, exploring a number of scenic localities which have seldom been visited. Miss Emma Phillips, former resident here, and who has been teaching at Philomath, in Benton county, was a guest of the H. P. Holmes family recently, on her way to Oakland, Cal., where her mother resides. The body of Clifford Putnam, who was drowned in the Columbia near Astoria last Saturday, has not yet been recovered, neither is it known just how the accident happened. An aunt living in Portland is at the scene of the tragedy trying to obtain particulars. About half a dozen women have been registered here of late with police authorities as German aliens, a figure which it is thought includes all of that classification in this vicinity.

REESE CREEK RIPELETS

Last Friday evening at the home of Mr. R. B. Minter there was a farewell party given in honor of some of our boys who are going to serve Uncle Sam and help win the war. The house was nicely decorated, and between 60 to 75 were present to do honor to the boys. The evening was spent in games, music and conversation. The boys going at this time are Elmer Robertson, Robert McCabe and Owen Conover. Elmer received a short furlough in order to harvest his crops. Marshall Minter having enlisted will perhaps go shortly.

Robert McCabe surprised his many friends by announcing his marriage while in Portland. His wife will probably remain with her people while Robert is serving Uncle Sam.

Mr. and Mrs. W. E. Hammel, Mr. and Mrs. Frank Castor, Mrs. Sam Courtney and Miss Mina Wentz returned from Spokane Sunday to visit their cousin.

Mr. Lewis has finished shearing and dipping his sheep and is now branding preliminary to starting to the mountains.
