

SPLENDID SALES OF W. S. S. IN ALL PARTS OF COUNTY

Limit Club. Medford National bank; Jackson County bank; First National bank; Farmers and Fruit-growers bank; Gold Hill bank; Bank of Jacksonville, Mrs. W. H. Gore, Miss Alice Hanley, Mrs. Dora Hathaus, Mrs. Elizabeth Beeson, Fred Rupp, J. L. Hovey, Mrs. Abbie Kendall, Thomas, Mrs. W. A. Folger, E. G. Conser, L. E. Sampbell Estate, Chub Hamlin, Mrs. Chub Hamlin, Jesse Houck.

Confidence was again the keynote of the War Saving Stamp campaign at headquarters this morning upon the receipt of the encouraging news of splendid sales made in the country districts yesterday, and strong reinforcements added to the local campaign workers.

The limit club of \$1,000 purchasers of stamps added the names of Chub Hamlin, Mrs. Chub Hamlin and Jesse Houck to its membership today and special committees are soliciting people for limit subscriptions all over the county.

Gold Hill, under the management of H. D. Reed, one of the most enthusiastic workers in all the post war activities, reported over the top this morning with \$4,200 in stamp sales and the committee had a considerable number of people yet to be solicited, while an unofficial report was received that the Talent district had subscribed its full quota.

County Chairman Hart has been assured by managers of nearly all the country school districts that preparations have been completed for mass meetings in the various school houses Friday evening in accordance with the proclamation of President Wilson. No doubt these meetings through throughout the county will have the largest attendance ever given a demonstration at any one time in the history of the county.

"GOTT FORGIVE" PRAY GERMANS AS BULLETS MISS

AMSTERDAM, June 27.—German soldiers now are required to ask their "Gott" for forgiveness when their shots do not take effect against the allies.

This is almost unbelievable, but it is true. The prayer which contains this brutal plea is contained in a booklet prepared for army circulation by one Dietrich Volwerk. It is also circulated among church congregations at home.

The prayer reads: "Though the warrior's bread be scanty, do Thou work daily death and tenfold woe upon the enemy."

"Forgive merciful long suffering each bullet and blow which misses its mark!"

"Lead us not into the temptation of letting our wrath be too tame in carrying out Thy divine judgment."

"Deliver us and our ally from the infernal enemy and his servants on earth."

"Thine is the Kingdom, the German land; may we, by the aid of Thy steel clad hand, achieve the fame and the glory. Amen."

Dietrich Volwerk, the collector of this prayer book and perhaps the author of this sharpshooters' prayer, is the man who wrote the words of the hymn in which the blessing of "Gott" is asked upon the German "Christinen, Seraphinen, Zeppelein" (cherubs, seraphs, Zeppelins).

NEW RESTRICTIONS FOR USE OF SUGAR ISSUED BY HOOVER

WASHINGTON, June 27.—Regulations for carrying out the new restrictions upon sugar consumption by commercial users, effective July 1, were made public today by the food administration.

The new restrictions, it has been announced, will apportion the 1,600,000 tons of sugar in sight for the six months beginning July 1 on the basis of three pounds per capita monthly, in order to supply the needs of the allies and of the American troops. The apportionment is about double the compulsory sugar ration of England, France and Italy.

Certificates Required.

Commercial users of sugar will receive their supply under a certificate system administered by George A. Fabris, recently appointed sugar administrator. No manufacturer, wholesaler or retailer will be permitted to sell sugar to any one except householders unless a certificate issued by the local food administrator is presented.

Retailers may not sell more than two pounds at one time to a town customer, nor more than five pounds at one sale to a country customer. Commercial customers are divided into five groups.

Cut 50 Per Cent for Sweets.

Candy-makers, soft drinks and soda fountains, chewing gum, chocolate, cocoa, tobacco, flavoring extracts, invert sugar, syrups, sweet pickles, wine, etc., will be allowed 50 per cent of their normal supply with the exception of ice cream manufacturers, who may receive 75 per cent.

Commercial canners of vegetables, fruit and milk, and manufacturers of medicine, explosive and glycerine will be allowed sufficient for their necessary requirements.

Hotels, restaurants, clubs, dining cars and all public houses who take care of 25 or more persons may purchase three pounds for each ninety meals served.

Bakers Get 70 Per Cent.

Bakers will be allowed 70 per cent of the average amount used during June, 1918. Retail stores will receive for July quantities based on the average for the months of April, May and June, 1918, combined.

Any attempt to accumulate stocks prior to July 1 will be construed as hoarding, the regulations state. All stocks in excess of three months will be requisitioned, and all consumers in the five groups are required to notify food administrators of the amount of sugar they hold or have in transit prior to July 1.

SAMMY GROWS HIS OWN FOOD

Between working hours soldiers at Camp Dix, New York, bear a part of the civilian's burden in growing food. There they have real war gardens, and because the product goes directly into soldier stomachs and are cared for by soldier gardeners.

In the accompanying picture are Captain William Bothke and Private Ryan coaxing beans out of the ground. That's Captain Bothke holding the rake, proving most conclusively that an officer in a war garden does his share of the work.

Camp Dix soldiers have planted 100 acres in all sorts of vegetables. The National War Garden commission furnished nine truck loads of seeds and all the implements necessary to do the gardening. The soldiers furnish the elbow grease and appetites.

GERMANS TOLD NEW YORK TAKEN BY HUN FORCES

With THE AMERICAN ARMY IN FRANCE, June 26.—By the Associated Press.—German prisoners captured by the Americans on storming the Belleau Wood section last night, now number 250, including seven officers. One of the officers said that the German commanders have been telling the soldiers that the Germans have landed an army in America, captured New York and are now marching on Philadelphia. The Germans also are told that submarines have sunk between 40 and 50 ships in Long Island sound.

Going to Enemy Yanks.

Another German officer, arrogant and sarcastic, remarked: "We are just starting with the Americans. We are going to wipe out whole divisions, as if they were companies."

The German privates were less arrogant and apparently were glad they were captured. One declared that the Germans were surprised at the Americans, who appeared so young, but fought like devils when they got started. Another declared:

Yanks to End War.

"The war will soon be ended. There are too many Americans coming to Europe."

This prisoner was a Prussian, who had fought on the Russian front. He confessed the Germans were preparing to attack the Americans in Belleau Wood, when the American troops started their attack. It was a surprise affair. The Americans came one way and the German officers tried to force their men forward the other way. This prisoner was shot in the leg by his own officer because he hesitated confusedly between the American guns and bayonets and the pistols in the hands of the German officers.

A Rain of Shells.

Raymond S. Howell of Barnesville, O., who was in the first line of the advance, describing the operation, said:

"We took up position in the open wood. There were no trenches. The Germans opened a heavy fire and shells fell around us like rain. We charged over the rocky hill, our fellows laughing and yelling a war whoop. We then came upon a wheat field and crossed in the face of a withering shell and machine gun fire drove back the Germans at the point of the bayonet."

Huns Shout "Kamerad."

"It was a wonderful sight. The Americans never hesitated and the sound of their shouts and whoops were almost drowned by the German cries of 'Kamerad.'"

"The Germans got a few of our tel-

VIENNA, June 27.—Italian troops yesterday made another attempt to storm Col Del Rosso, between the Brenta and Adige, which the Austrians captured in their recent offensive, according to today's war office report. The enemy was repulsed with heavy losses, the announcement stated.

SENATE TO VOTE UPON SUBMISSION OF EQUAL SUFFRAGE

WASHINGTON, June 27.—Final arrangements for consideration today by the senate of the house resolution proposing a submission of a woman suffrage amendment to the federal constitution have been completed, but whether a final vote would be reached appeared to be uncertain.

Two factors which some senators said might force the vote over until Friday were the army appropriation bill and the piling of senators for and against the resolution. Many senators were anxious to dispose of the army measure as speedily as possible, so as to hasten the proposed recess of congress.

The army bill has right of way and under the rules would come up tomorrow at 2 o'clock automatically and close further consideration of the suffrage resolution, if a vote is not reached by that time.

Inability of senators opposing the resolution to secure pairs with members supporting it threatening fight to defer a vote. Senator Martin, majority leader, said tonight that opponents would prevent a vote tomorrow, unless the suffrage leaders arrange pairs for several senators who are unable to be present for a roll call. Suffrage supporters were loath, in view of the admitted closeness of the vote to deplete their strength by supplying the necessary pairs as a two-third vote is required and in pairing two advocates of the resolution are required to pair with but one opponent.

With a vote tomorrow uncertain, interest in the fight over the resolution increased. Seats in the senate galleries were at a premium tonight and an early rush was regarded as sure. Large blocks of admission tickets were given to women's organizations which have been fighting for the resolution.

FOOD SITUATION IN RUSSIA IS DESPERATE

LONDON, June 27.—According to a Petrograd message transmitted by the Exchange Telegram correspondent at Copenhagen, the food situation in Petrograd is desperate. Riots are taking place daily, it is declared, and are being suppressed by the Bolshevik with the aid of machine guns.

A Fight for Life

It has been fight or die for many of us in the past and the lucky people are those who have suffered, but who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "An-uric." You should promptly heed these warnings, some of which are dizzy spells, headache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as the bladder, diabetes or stone in the bladder.

Mr. A. W. CUMBE says: "I suffered greatly with my back and kidneys. I called in doctors and they did me no good, but recommended an operation. I saw Amuric Tablets, which cured me completely. I will recommend Amuric to all my friends who are troubled with backache."

Step into the drug store and ask for Amuric, or send Dr. V. M. Pierce, Buffalo, N. Y., for trial pkg. Amuric—many times more potent than Uric, eliminates uric acid as hot water melts sugar.
