\$10,000 NEEDED TO COMPLETE LIME PLANT, GOLD HILL

SALEM, Ore., June 29.—Additional funds are needed for the completion of the state lime plant at Gold Hill. The Oregon state lime board will renew its application for \$10,000 additional funds at the next meeting of the state emergency board.

"The board finds it necessary to mark time until additional money is forthcoming," commented Dean Cordley. "The plant would be ready for operation by July 15 if the funds were at hand."

"The board believes that it is only good business to complete the plant this summer rather than to have to stand the extra expense of providing for the care and housing of the machinery. This \$20,000 plant is now nearly ready for operation. The demand for lime is urgent and the importance of increasing agricultural production because of war conditions is strongly emphasized."

OREGON AGRICULTURAL COLLEGE, Corvallis, June 28.—The people of Corvallis have planned thru a committee representative of various interests of the town to solve the week end amusement problem for the soldiers in training at O. A. C. A public welcome will be given in the city hall or court house square as soon as the uniforms for the men arrive.

Private citizens will invite the men to go with them on fishing and other trips, to meals, and to sleep between sheets now and then. The Commercial club, Moose lodge, and Firemen's association quarters will be open to the men. A Fourth of July celebration is being planned in which the soldiers will participate.

FRUIT GRADERS ADDED TO BARDWELL PLANT

The new Cutler fruit grading machine which was recently favorably demonstrated to a large number of growers and packing house managers in Medford has been added to the equipment of the Bardwell Fruit company of this city. With this thoroughly up to date grading machine added to the already well equipped packing and cold storages plant now operated by the Bardwell company on South Fir street, the local company will have one of the most up to date and best equipped packing plants in the northwest.

This equipment will enable the Bardwell Fruit company to handle pears and apples through their packing house in a much more efficient manner. It will insure the proper grading and sizing, thus insuring the best possible pack obtainable. Not only will this equipment insure a better pack but it will also be a great labor saver.

This new improvement to the packing room equipment is in line with the progressiveness shown at all times by this company since its organization.

Miss Opal Langenberg who operated on at the hospital Thursday is reported as getting along nicely.

TIME TO SPEED UP.

THIS is the closing week of the War Savings Stamps campaign. The government needs the money and the volunteer workers should be spared further work in the long drawn out effort, and left to devote their energies to other patriotic enterprise. It is speeding-up time.

Everybody knows the object of the drive—to encourage thrift among the people, offer the small investor a desirable security and furnish the money needed to win the war. There is no excuse for any citizen not buying War Savings Stamps or pledging himself to purchase as he can afford to, from savings secured by denial of luxuries.

It is true that the W. S. S. is but one of several calls—and we must expect many more similar calls. If we cannot fight, we must pay—each according to his means. Each of us must get on a war basis and make the winning of the war the main object of our existence. If we cannot help directly, we can indirectly by supplying the money to sustain those on the firing line.

Thrift stamps and War Saving Stamps have served a useful purpose. Their sale will continue. But it is impractical to continue the campaign for their sale indefinitely—and unfair to the committees to ask it. We face a long war, one that will test our stamina and strain our resources, and deplete our man-power—the least we can do is to co-operate with our government whenever requested to.

Don't fool yourself by thinking that rioting, starving Austrians or discontented German workmen are going to cause a collapse in the central empires. Take the news that you read with a grain of salt. Remember that only such news finds its way out of "Mittel-Europa" as the kaiser wills—and that it is part of the German game to mislead the world—that these accounts are probably part of the Hun propaganda designed to slow up America's war preparations.

Don't let hungry Hungary or rioting Vienna or strikes on the Rhine lull you into inaction. Germany is a united nation and the military rule with an iron hand with a death throe on democracy. Revolution will die aborning in Germany—for the army is a machine and works automatically—discipline is bred from the cradle and barbarism is inherent in the savage Prussian. The only way the kaiser will be whipped is by guns on the battle line manned by well fed men—so buy a War Savings Stamp to put a gun there and save food to feed the boys "over there."

If conditions are really as they appear, the Central Powers are getting "groggy" and now is the time to sail in more fiercely than ever for a knockout blow. The stamps that you buy will help land that blow. And buy all you can so that instead of landing 100,000 troops a week, we can land 200,000 in France each week and speed up war preparations until victory is won and freedom secured for all peoples—and the menace of the Hun made a myth.

Remember until the kaiser's "shining sword" is buried to the hilt in the kaiser, there will be no peace for any nation—that a negotiated peace will be but a truce for new and more terrible wars—so buy a W. S. S. and help make the world safe for democracy in the only way it can be made safe, by overpowering this murderous, maniacal, atavistic nation and confining it in the straight jacket of civilization.

SENATE REJECTS AGE EXTENSION FOR ARMY SERVICE

WASHINGTON, June 28.—Consideration of the twelve billion dollar army appropriation bill was resumed in the senate today. Preliminary to disposition of the age extension amendment by Senator Fall, the senate voted down 1 to 33 an amendment by Senator Hardwick of Georgia to make the minimum age limit 21 years, as at present, instead of 20 as proposed by Senator Fall. A proposal by Senator Weeks of Massachusetts to make the maximum 35 years instead of 40, prepared in the Fall amendment, was rejected on a viva voce vote.

The senate rejected by a vote of 49 to 25 the Fall amendment to the twelve billion dollar army appropriation bill extending the draft ages to 20 and 40 years respectively.

Senator McCumber of North Dakota advocated extending the draft so as to include all men between 18 and 45 years of age and declared for an army of five million immediately.

Chairman Chamberlain of the military committee said emphatically that the latter proposal was impracticable.

"We're not able now to clothe, arm, train and otherwise equip five million men," said Mr. Chamberlain. He explained that although favoring personally immediate extension of the draft ages, he was accepting the statements of Secretary Baker and General March, chief of staff, that it was desirable to postpone legislation because of problems of housing, training, arming, clothing and transportation.

NON-PARTISANS MADE CLEAN SWEEP IN NORTH DAKOTA

FARGO, N. D., June 28.—With the nomination of Governor Lynn J. Frazier, Non-Partisan league candidate, over John Steen, Independent, assured by at least 10,000 majority in the race for the republican gubernatorial nomination, interest today in the returns from yesterday's primaries switched to the congressional fights.

In the First district the outcome of the battle between Congressman John M. Baer, Non-Partisan league candidate, and Henry G. Vick, independent, for the republican nomination, still is in doubt, the latest reports giving Baer a majority of 212 with 12 of the 13 counties reporting.

In the Third district 19 counties give J. H. Sinclair, Non-Partisan league, 13,091 votes against 12,508 for P. H. Norton.

MASS MEETING TONIGHT TO CLOSE W.S.S. CAMPAIGN

- LIMIT CLUB Medford National bank; Jackson County bank; First National bank; Farmers and Fruit-growers bank; Gold Hill bank; Bank of Jacksonville; Mr. W. H. Gore; Miss Alice Hanley; Mrs. Dora Hathaum; Mrs. Elizabeth Beeson; Fred Rapp; J. L. Hovey; Mrs. J. L. Hovey; Mrs. Abbie Kendall Thomas; Mrs. W. A. Folger; E. G. Conser; L. E. Sampbell estate; Club Hamlin; Mrs. Chub Hamlin; Jesse Houck; A. H. Fisher; Mrs. L. E. Sampbell; L. B. Brown; Mrs. L. B. Brown; R. H. Halley; F. M. Calkins; Mrs. R. H. Halley; Albert C. Allen Sr.; Albert C. Allen Jr. Ashland - First National bank; Citizens bank; Mr. and Mrs. A. M. Beaver; Mrs. Emil Pell; H. H. Hask; Helen Casey; Central Point - Central Point State bank; L. L. Love; Gold Hill - Geo. Balden; Griffin Creek - E. E. Morrison; Josephine Wilson.

With the free entertainments and mass meetings at the Page and Rialto theatres at 8 o'clock this evening, Medford's War Saving Stamp campaign will come to a close. Yesterday's work by the solicitors netted the largest sale of stamps since the big campaign started on Monday and reports at noon today indicate that returns for today will probably equal yesterday's record.

The total sales yesterday were \$10,840, while the grand total last night reached \$25,815. If the committees bring in as many subscriptions tonight as were turned in yesterday the Medford district will be comfortably over the top.

Country districts continue to send in encouraging reports and almost every school district thruout the county has arranged a patriotic celebration to mark the close of the campaign tonight.

County Chairman Hart, Assistant Chairman Isaacs, and Team Captain Alan Brackinreed have worked hard and faithfully since the campaign opened and all are optimistic of success today.

Fred Stripp, captain of the Limit club, has had charge of putting over the big subscriptions and Medford's Limit club membership speaks for itself as the outstanding feature of the campaign's success.

VACATION MONEY AID HUNS VICTIMS

Instead of taking his usual vacation trip to Portland this spring Judge W. S. Crowell decided to spend the money in war relief work, and sent it to France for use among the refugees of the Hun offensive. He has received the following acknowledgement:

War Ministry, Office of the Minister, Republique Francaise, Paris, May 27, 1918.

Sir: I have the honor to acknowledge receipt of and thank you very ardently for the sum of money which you so kindly sent me to be distributed among the French victims of the last German offensive.

Kindly accept, sir, the assurance of my distinguished consideration. (Signed) G. CALLEMAND, Councillor of state, chief of the civil cabinet of the president of the council, minister of war.

Perhaps We Have Talked Too Much About The "Hot Spot" and the "Ram's-Horn"

Some Chalmers owners tell us that we have not done the car full justice in our advertisements of late, by emphasizing these two mechanical features to the exclusion of others. Now perhaps they are right in that and yet—we do not wholly agree with them.

If we have tried to impress you with the fact that Chalmers engineers had evolved in these two features, something of inestimable value to you and of almost revolutionary influence on automobile engineering, surely the space was not wasted.

Besides, we assumed of course that you already knew the Chalmers to be one of the best motor cars ever built.

The Chalmers has always been a great motor car—speaking of the car in general terms.

For many years past you and every other motor-wise person have considered it among the first two or three high class cars.

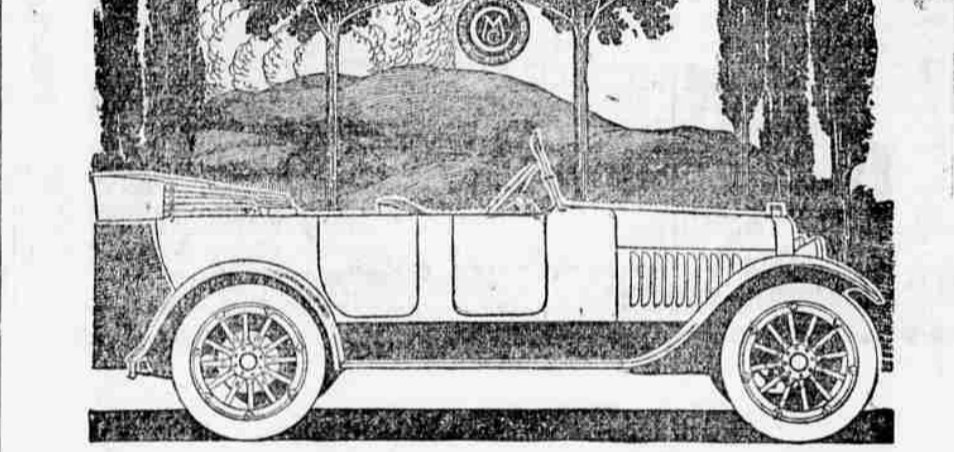

And we did feel that in the two features above mentioned, we had added to excellence of finish, smoothness and easy riding qualities, an engineering discovery that made this luxurious Chalmers also more economical to operate and thereby placed it in a class by itself.

If we have erred in this we will change and tell you about other Chalmers features, on any one of which a volume might be written.

But—are you sure you fully appreciate what a tremendous difference the "Hot Spot" and the "Ram's-Horn" combination make in the power and economy and the smoothness of an automobile?

Certainly not all buyers do appreciate that—for some are still buying other cars!

And we can't imagine anyone buying any other car in this class if he knew the difference—and could get a Chalmers.
