

ADMEN PLEDGE AID TO GOVERNMENT IN WINNING WAR

SAN FRANCISCO, July 11.—William D'Arcy of St. Louis is to be the next president of the Associated Advertising Clubs of the World, it was announced here today by the nominating committee of the clubs which are holding their fourteenth annual convention in this city.

The committee presented a ticket to the convention which it had chosen by acclamation. Those selected for vice presidents were George W. Hopkins, New York; E. T. Meredith, Des Moines; Charles W. Wilson, Cleveland; C. A. Fisher, Dallas; William G. Cook, Tacoma; Arthur G. Newmeyer, New Orleans; F. W. Kellogg, San Francisco; Charles Higham, London, England.

P. S. Florea of Indianapolis was named secretary-treasurer by the committee. The convention was expected to elect the ticket.

The extreme effort of every advertising agency represented was pledged to the prosecution of the war by the convention in a "war message to American business." The message was prepared by the executive committee, of the clubs, of which Herbert S. Houston of New York, is chairman.

The convention pledged itself in the message to four specific purposes.

To serve the government in bringing the war to a victorious conclusion.

To safeguard American business as it affects home and foreign markets.

To serve finance in mobilizing the resources of the nation behind the war in meeting the credit needs of expanding business.

To bring, thru truth in advertising the full measure of devotion in service to the consuming public and the government during and after the war.

The message pledged the advertising forces of the country to "support and supplement without reservation the paramount business to which our nation and her allies are committed, namely the winning of this righteous war and the establishment of an organization of peace supported by the combined power of the free nations."

KING AND QUEEN TRAVEL BY AIR

LONDON, July 11.—A Royal air escort of three Belgian seaplanes, guarded King Albert and Queen Elizabeth on their flight over the channel from Belgium to England Saturday morning, on a trip which marked the first time in history that any ruler ever has made a flight from one country to another.

The royal couple traveled in separate seaplanes, each operated by a Belgian army aviator. On the British side of the channel the king landed first near a British warship off Dover. The queen descended soon afterward, her seaplane also landing near a warship. They started from the Belgian coast and made the trip in 59 minutes. The purpose of their visit was to attend the silver anniversary of King George and Queen Mary Saturday.

This is the first time since August 1914 King Albert has been outside his native land, except one or two informal trips to France. Queen Elizabeth was most enthusiastic about the voyage.

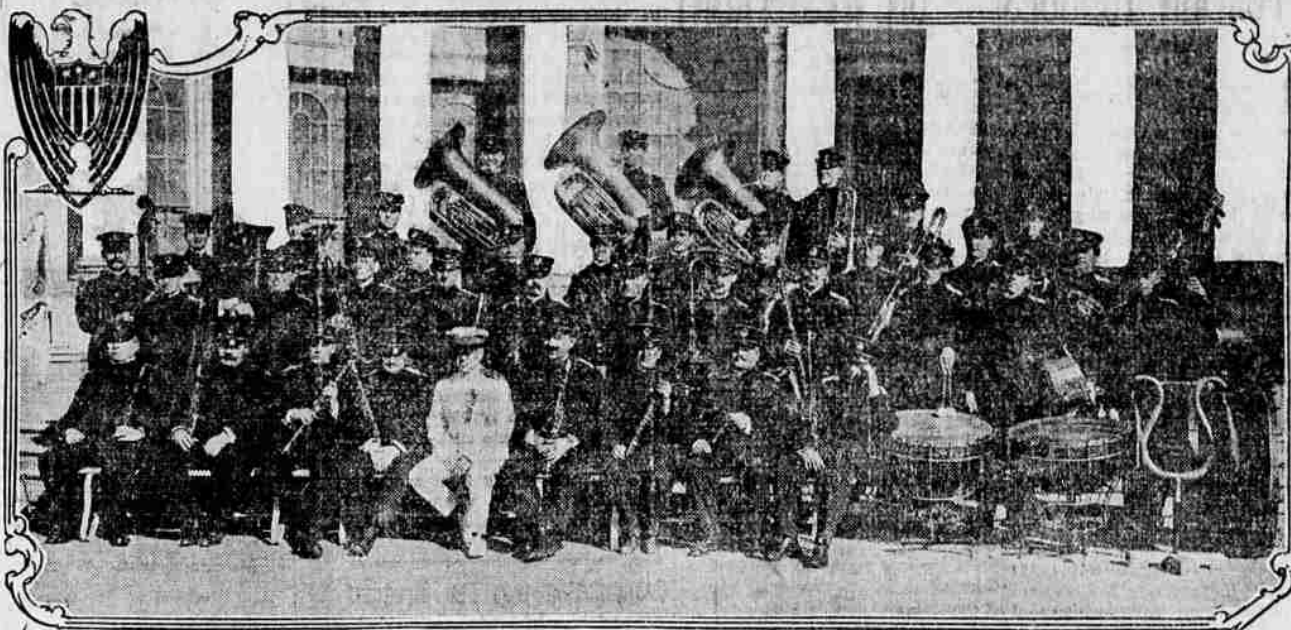

OFFICERS DISMISSED FOR PETTY GRAFT

WASHINGTON, July 11.—Sentence of dismissal from the army and two years imprisonment at hard labor, imposed by a courtmartial on Captain Daniel H. Sullivan, of Camp Dodge, Iowa, was approved today by President Wilson. The captain was convicted of selling to other officers military equipment entrusted to his care.

The president also approved a sentence of dismissal from the army, imposed by courtmartial on Lieutenant John Francis Monroe of the 328th field artillery. Lieutenant Monroe accidentally shot and killed Sergeant Samuel Gillman at Camp Custer, Mich., last March. Evidence at the trial showed that the accident resulted from the careless handling of a service revolver by the officer.

Chautauquas to Hear Exposition Band

Thaviu's Great Organization Which Opened and Closed San Francisco Exposition Coming on Fifth Day of Chautauqua

Thaviu's Band is coming to Chautauqua—thirty selected musicians from the great musical organization which both opened and closed the San Francisco Exposition—and led by the magnetic Thaviu himself. Of the sixteen bands of nation-wide reputation which entertained the great crowds during the Exposition season, Thaviu's was the only one requested for a return engagement. They had so successfully pleased the throngs during the opening days that the directors commissioned their return for the closing weeks.

The secret of Thaviu's popularity is not expressed so much in the size of his organization as in the unusual personnel and the fact that Thaviu is a master director of his accomplished musicians. All band music critics' comment upon the sparkle, life and dazzling brilliancy of his musical interpretation.

Two full concerts will be given on the fifth day of Chautauqua. In addition to the band in the evening, three grand opera singers from Thaviu's own grand opera organization will appear as soloists.

MILITARY NEEDS ALLOW NO EXEMPTION FOR HARVEST HANDS

WASHINGTON, July 11.—In response to a request for postponement of the July draft in the north-west where wheat is ready for harvest, Provost Marshal General Crowder has informed the department of agriculture that the military program will not permit of delay in filling the monthly demand for drafted men.

When Assistant Secretary Onley took up the question with General Crowder he found that the situation had been canvassed thoroughly before the July call was placed, and that to relieve conditions in the surging wheat states as far as possible enrollment in that section was ordered to begin July 22 instead of July 5 and 15 as elsewhere. More than this it was said, the needs of the army would not allow.

"Farmers confronted with the problem of harvesting wheat when some of their help will be called to the colors should receive inspiration from the wheat growers of the central states, Mr. Onley said today.

"In June the farmers of that section faced the same situation, yet every acre of grain was cut and shocked. The city people with farm experience responded to the call for help and were organized into "shock troops" and went into the harvest fields, from Ohio to Iowa, boys responded loyally and farmers found them willing and valuable helpers."

U-BOATS DEFEATED DECLARES JELICO

SOUTHAMPTON, England, July 11.—Viscount Jellicoe, former first sea lord, speaking here today, said: "I made a prophecy somewhat guardedly some time ago that the submarine campaign would be defeated by August. I did not know at the time that my words would be quoted in every newspaper in the kingdom, or perhaps I would not have spoken in such assured terms. Today, however, although ships are still being sunk, they are not being destroyed as fast as we are building them, while U-boats are being sunk faster than the Germans are building them. That is what I meant when I said that the submarine campaign would be defeated."

**For Constipation and Biliousness**  
Good digestion goes far toward comfort and health in hot weather. Undigested food in the stomach can quickly poison the system. Geo. Jenner, 415 Labor St., San Antonio, Tex., writes: "Foley Cathartic Tablets have proven the best laxative I have taken and I recommend them to any one suffering from constipation or biliousness. They should be in every traveling man's grip." Quick relief for sick headache, bloating or other condition caused by bad digestion. Sold everywhere.

TO TELL OF CUSTER MASSACRE AT PAGE

Alfred A. Chapman, veteran scout and guide, the only living white man who followed General George A. Custer thru the fatal battle of Little Big Horn in 1876, will speak at the Page theater tonight and show slides of the famous battle. Mr. Chapman, who was born in Marysville, Calif., in 1842, is a typical old-time scout in appearance and his vest is plastered with medals received in various parts of the world. He is particularly eager to avoid all misapprehensions and makes it clear that he did not take part in the battle of Little Big Horn, but observed it about three-quarters distant thru a high-powered government glass. It seems he had been captured by the Indians and was a prisoner for 18 days, and escaped a short time before the battle. Reporting to the nearest fort, he was ordered to join the 7th cavalry under Custer and came within sight of the troop just as the battle started. Chapman has a bookful of press notices and recommendations, and his record is substantiated by the war department.

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that you should drink plenty of water daily between meals. Then procure at your nearest drug store, Anuric (double strength). This "An-a-uric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package. "Anuric"—many times more potent than lithia, eliminates uric acid and hot water melta sugar. A short trial will convince you.

McBuck Jones says: "Just a few lines which I took for kidney trouble. I am glad to recommend them to everybody. I know that they are good or I would not recommend them. After taking a few bottles I saw that the swelling was going down so I continued their use. I have quit taking them now and am cured—getting along fine and dandy. One old lady, 85 years old to whom I have recommended Anuric says that it did her good, took the swelling out of her feet."

German propaganda. Sunday evening Seemie avenue was the scene of wild excitement. A wandering hobo set two different fires near grain fields which might have proved quite disastrous if they had not been discovered and extinguished by neighbors. D. W. Stone reported by telephone and the sheriff came out and gathered in the incendiary.
