### BAN PLACED ON CHURCH SERVICES IN FOREIGN TONGUES

Because of complaints made by a number of people with sons and relatives in the army and navy that there was preaching in German every other Sunday, at the German Lutheran church, Mayor Gates this noon issued an order that from now on no public or private meetings of any character where any alien tongue is spoken would be permitted.

In issuing this order Mayor Gates announces his belief in the loyalty of Rev. Oeser Morenz, pastor of the church, and members of his congregation, but in view of the war conditions, he thought it best to prohibit preaching in German. He realizes that the order will cause hardship to a number of old and worth- members of the congregation who have difficulty in following a sermon in English.

About two months ago Rev. Mr. Morenz called on Mayor Gates and explaining that while he and his parishioners were all loyal and wanted to avoid any appearance of even being otherwise, yet there were about 25 old attendants of the church who could not follow a sermon in English. He asked if there was any antagonism to the German language in the city, and the mayor replied that so far as he knew there was not.

Then on June 2nd, Rev. Mr. Morenz announced to his congregation that from then on he would preach every other Sunday in German, and he has been doing so since then. The mayor and preacher held a friendly conference this noon and Rev. Morenz announced that he would willingly comply with the mayor's order and would preach no more in German. As showing how keenly the old parishioners missed their German sermon, he related that they cried on days that he preached in English.

### COMMAND OF AIR WON BY BRITISH ON WEST FRONT

WITH THE BRITISH ARMY IN FRANCE, July 11.—(By the Associated Press.)—Superiority in the air rests with the British flying men today. There have been times when a slight addition to either side might tip the balance, but now the British airmen are supreme.

The British have pounded hostile pilots until the greater part of their battles have occurred east of the German lines and in numerous engagements great numbers of enemy machines have been destroyed. One British aviator alone has sent 25 crashing to earth in the last few months.

The working of bombing squadrons have been growing and the British are reaching farther and farther into German back areas. Day and night squadrons of British flyers have kept up an almost endless bombardment of important positions and their accuracy in bomb dropping is testified to in the scores of photographs of destructive hits.

Airdromes and other objects have been bombed. The loss of life among German troops in concentration camps has been heavy. Captured documents bear testimony to this and prisoners admit it.

The British sometimes come to within 50 feet of their objectives to drop bombs. The Germans seldom venture lower than a thousand feet, because of allied anti-aircraft defenses.

Card of Thanks  
We wish to sincerely thank our many friends for the services they rendered during the illness and death that visited our home. Also for the many beautiful floral offerings.

### SEVENTH COMPANY ABOUT TO LEAVE?

That the 69th artillery battalion, in which are a large number of former Seventh company members, is about to depart from Fort Stevens within the next few days for an unknown destination is indicated by telegrams received from a number of the boys by relatives in this city today. Nearly every telegram asked that money be sent the writer and contained the words "Going soon."

Letters also received here in the last few days told that the command was all equipped and ready to go. It is not known what route the battalion will take, but if it should come thru Medford and word of its coming reached here in time it is certain the people would turn out and give the local boys a great farewell like they did when the 65th artillery battalion passed thru en route east.

Mrs. Wallace Ling is at a private hospital of Medford where she will undergo a serious operation within the next two days.

### Grandmother was The Druggist

In the early days of our country grandmother was the druggist, and her drugs consisted mostly of roots and herbs gathered from the fields and forests. There was peppermint for indigestion, mullen for coughs, skullcap for nervousness, thoroughwort for colds, wormwood for bruises and sprains and so on. They were successful remedies, too. It was from a combination of such roots and herbs that Mrs. Lydia E. Pinkham of Lynn, Mass., more than forty years ago, originated her now famous Vegetable Compound; and during all these long years no other remedy has ever been discovered to restore health to ailing women so successfully as this good old-fashioned root and herb medicine.

### SUNDAY SCHOOL GROUP GATHERING

The second annual "Group Gathering" conducted under the auspices of the American Sunday School Union, will be held July 14, near the Little Butte bridge on the Happy Camp road. This road goes north from the Agate station on the Butte Falls railroad.

Three Union schools are represented in this group—Agate, Dewey and Lone Pine, but many people from other schools will attend. Every person who can make plans to attend this meeting are welcome. Services will begin promptly at 10:30 in the morning, with about one hour and a half for Sunday school teaching and round table talks. Beginning at 1:30, the afternoon service will consist of special exercises by some of the schools and individuals, good singing and a gospel message by Rev. Spriggs of Medford.

Bring your own "Basket dinner" and eat with your family, where it will be refreshing both physically and spiritually. As far as it is possible, bring folding chairs, cushions, etc., for the distance has made it hard for the committee to arrange much seating.

Many people who attend church in the morning, can prepare their dinner in advance, and then hasten to the place of meeting afterwards. Anyone having transportation for one or more, would do a great service by calling the telephone, 37131, or Missionary Griffin 6763.

### FOREST FIRES DELAYED FLIGHT OF PIGEONS

Express Company Agent O. J. Gould today received a letter from J. Wicks of Victoria, B. C., secretary of the A. R. P. U., stating the society's carrier pigeons which were released in Medford by Mr. Gould last Saturday at 8:15 a. m. did not reach Victoria until Sunday morning when most of them arrived by 5 a. m.

This slow time Secretary Wicks stated was because of the heavy forest fire smoke all the way which made it difficult for the birds to get thru. He wrote that another trial would probably be made and thanked Mr. Gould for his kind attention to the pigeons.

### OLD AGE A CRIME!

Some people are young at 60—red cheeked, ruddy and vigorous. Others are old at 40—joints beginning to stiffen up a bit; step beginning to lag and lose its springiness; occasional touches of pain in the back, feel tired without cause, and possibly a twinge of rheumatic pain.

In most cases these are the danger signals to warn you that the kidneys are not promptly doing their work of throwing off the poisons that are always forming in the body. To neglect these natural warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL Haarem Oil Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments.

GOLD MEDAL Haarem Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them at your druggists. Do not take a substitute. In boxes three sizes. Adv.
