

JACKSON COUNTY ROOKIES SENT TO CAMP KEARNEY

Shortly before the arrival of two long special military trains bearing soldiers from Camp Lewis to Camp Kearney, Calif., which reached Medford this forenoon telegrams began arriving from a number of the many Medford and Jackson county drafted men who left here two weeks ago in the big contingent for Camp Lewis, informing relatives that they would pass thru the Medford relatives dropped whatever task they were at and hurried to the depot.

The first train did not stop in the city and as it passed thru the hundreds of boys in the coaches kept up a continuous shouting and waving of hands. A short time later the second train crowded with shouting and waving soldiers, put in appearance and gladdened the hearts of all by stopping at the depot for about twenty minutes.

The Jackson county soldiers were allowed to leave the train to visit with relatives and friends, but the officer in command refused all requests to allow the home boys to ride with relatives and friends in autos to Ashland. Friends of Corporal Earl Tandy were especially insistent, but the commander was obdurate.

All the soldiers on both trains were uniformed and presented a fine appearance, altho the vast majority had only been in service less than two weeks. The Jackson county boys certainly got quick action and a change of scenery before they had become familiar with Camp Lewis. None of the boys knew why so many men were transferred to Camp Kearney, or how long they would be at the latter place.

Word flew around town while the train was waiting at the depot, and before it departed many friends of the local soldiers had reached the depot. At one time during the stop the noise of cheering and singing had died down entirely. This displeased the officer in command evidently for as he walked along by the side of the cars he hissed to the boys leaning out of the car windows the words "Cut loose." Evidently soldiers can not cheer enthusiastically in order for the occupants of each car, as the officer passed, let out a feeble squawk of a hurrah and then subsided.

But how the whole train did shout and make up for lost time when the train pulled out! It was enthusiastic and spontaneous shouting to show their good will towards Medford, the home town of their comrades.

THE JACKSON COUNTY SOLDIERS WERE ALLOWED TO LEAVE THE TRAIN TO VISIT WITH RELATIVES AND FRIENDS, BUT THE OFFICER IN COMMAND REFUSED ALL REQUESTS TO ALLOW THE HOME BOYS TO RIDE WITH RELATIVES AND FRIENDS IN AUTOS TO ASHLAND.

ALL THE SOLDIERS ON BOTH TRAINS WERE UNIFORMED AND PRESENTED A FINE APPEARANCE, ALTHO THE VAST MAJORITY HAD ONLY BEEN IN SERVICE LESS THAN TWO WEEKS.

THE JACKSON COUNTY BOYS CERTAINLY GOT QUICK ACTION AND A CHANGE OF SCENERY BEFORE THEY HAD BECOME FAMILIAR WITH CAMP LEWIS. NONE OF THE BOYS KNEW WHY SO MANY MEN WERE TRANSFERRED TO CAMP KEARNEY, OR HOW LONG THEY WOULD BE AT THE LATTER PLACE.

WORD FLEW AROUND TOWN WHILE THE TRAIN WAS WAITING AT THE DEPOT, AND BEFORE IT DEPARTED MANY FRIENDS OF THE LOCAL SOLDIERS HAD REACHED THE DEPOT.

SALMON SEASON ON UPPER ROGUE OVER

Salmon fishing on the Rogue river has closed for this season and the last boat to continue operations made its last trip Thursday night, nearly three weeks before the close of the season. For the past two weeks there have been only two boats operating with small success due to the slack run of salmon. It is probable that the salmon will not run again until the spawning season, beginning early in August. The open season for commercial fishing in Rogue river extends from April 15 to August 1.

H. E. Gerhing, who has handled the catch for the fishermen, states that the total catch amounts to about 45 tons and the total proceeds are approximately \$12,000. Eleven boats is the maximum number on the river at any one time and the average for the season would be about six.—Grand Pass Courier.

CANYONVILLE ROAD CLOSED TO TOURISTS

"The county court met this morning in special session to consider matters connected with the construction of the stretch of Pacific highway south of Canyonville," says the Roseburg Daily Review. "The court decided that it would be necessary to close certain sections of the road during the actual construction work and ordered that the road be closed to traffic between the hours of 8 a. m. and 5 p. m.

"The closing of this road will mean considerable inconvenience to tourists, as traffic will not be allowed to pass during these hours and it will not be possible to build a road around these sections. It is estimated that over 200 automobiles pass over this road each day, but the closing of the road is necessary to secure good construction, as it is one of the most difficult places on the Pacific highway."—Roseburg Review.

GERMANS ADVANCE ONLY UPON SECTOR ACROSS THE MARNE

(Continued From Page One.)

It has been decidedly slow in comparison with the sweep of the Teutonic legions in their previous offensives.

It appears that the enemy after crossing the Marne between Dormans and Châtillon, has reached the villages of St. Agnan, La Chapelle and Monthodon, which approximately are a mile and three-quarters south of the river, but in the outskirts of these towns they have been held up.

Just to the northeast the Germans traversed the Bouquigny wood but on the southern side they have been stopped.

West of Dormans, which is twenty-four miles east of Chateau Thierry, American troops are holding the little line. Unofficial advice states that here they have retaken Fossey and Crezancy, south of the Marne.

Advance Held Up

It is evident that between Dormans and Rheims the Germans are driving toward the Marne at Châtillon and along the line to the northeast. Only at one point, in the Rodemat wood, a mile and a half from Châtillon, could they advance last night. There they have been checked by French fire.

Thence to Rheims there is no change in the situation.

The deepest penetration along this line, approximately is 3 1/2 miles northeast of Châtillon, in the Rodemat wood. This marks the greatest advance of the Germans at any point along the line.

East of Rheims the situation is reassuring. The French battle positions are declared intact and the Germans have not been able to advance southward further than the outskirts of the woods that parallel on the north the Sbausse Romaine, the main highway from Rheims. They are being held all along this line to the easterly limits of the great battle.

Behind Schedule

The Germans are more than twenty-four hours behind schedule and there is little to indicate that they still have striking power as great as they possessed when their attacks began. The allies, therefore, seem to have reason to believe that the supreme test of their defense has been met successfully.

Between 700,000 and 800,000 German troops were thrown into the battle. Despite these huge numbers and the use of every facility of offense, Berlin was able to report officially Monday night only that "to the southwest and east of Rheims we penetrated into parts of the French positions."

In Italy and in Macedonia the fighting activity has not been great. The British troops have been advanced slightly near Villers Bretonneux, south of the Somme. In Albania French detachments continue to press back the Austrians in the Devoll Valley, capturing prisoners.

THE GERMAN ADVANCE HAS BEEN DECIDEDLY SLOW IN COMPARISON WITH THE SWEEP OF THE TEUTONIC LEGIONS IN THEIR PREVIOUS OFFENSIVES.

IT APPEARS THAT THE ENEMY AFTER CROSSING THE MARNE BETWEEN DORMANS AND CHÂTILLON, HAS REACHED THE VILLAGES OF ST. AGNAN, LA CHAPELLE AND MONTHODON, WHICH APPROXIMATELY ARE A MILE AND THREE-QUARTERS SOUTH OF THE RIVER, BUT IN THE OUTSKIRTS OF THESE TOWNS THEY HAVE BEEN HELD UP.

JUST TO THE NORTHEAST THE GERMANS TRAVERSED THE BOUQUIGNY WOOD BUT ON THE SOUTHERN SIDE THEY HAVE BEEN STOPPED.

WEST OF DORMANS, WHICH IS TWENTY-FOUR MILES EAST OF CHATEAU THIERRY, AMERICAN TROOPS ARE HOLDING THE LITTLE LINE.

EAST OF RHEIMS THE SITUATION IS REASSURING. THE FRENCH BATTLE POSITIONS ARE DECLARED INTACT AND THE GERMANS HAVE NOT BEEN ABLE TO ADVANCE SOUTHWARD FURTHER THAN THE OUTSKIRTS OF THE WOODS THAT PARALLEL ON THE NORTH THE SBAUSSE ROMAINE, THE MAIN HIGHWAY FROM RHEIMS.

THE GERMANS ARE MORE THAN TWENTY-FOUR HOURS BEHIND SCHEDULE AND THERE IS LITTLE TO INDICATE THAT THEY STILL HAVE STRIKING POWER AS GREAT AS THEY POSSESSED WHEN THEIR ATTACKS BEGAN.

HUNS SUFFER HEAVY LOSS.

(Continued From Page One.)

Military circles qualified to judge express no uneasiness today over the slight advance made by the Germans south of the Marne.

WITH THE FRENCH ARMY IN FRANCE, July 16.—Morning.—(By the Associated Press.) The allied resistance to the Germans in the present offensive has been so great and the German losses consequently so heavy that enemy division which the German staff had not intended to utilize until tomorrow, had to be thrown into the line by noon yesterday.

GET NEW KIDNEYS!

The kidneys are the most over-worked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen.

One of the first warnings is pain or stiffness in the lower part of the back, highly colored urine, loss of appetite, indigestion, irritation, or even stone in the bladder. These symptoms indicate a condition that may lead to that dread and fatal malady, Bright's disease, for which there is said to be no cure.

You can almost certainly find immediate relief in our GOLD MEDAL HARLEM OIL CAPSULES. For more than 20 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes. Adv.

AMERICAN RED X HOSPITAL AT JOUY BOMBED BY HUNS

PARIS, July 16.—German aviators at 11 o'clock last night dropped bombs on the American Red Cross hospital at Jouy. Two enlisted men were killed and among the personnel nine persons were wounded. Miss Jane Jeffery, an American Red Cross nurse, was among those wounded, though her injuries are not serious.

The hospital was bombed deliberately. It was full of wounded and doctors were performing operations at four tables. The operations continued notwithstanding the explosions.

At least three bombs were dropped on the hospital. One destroyed three tents. Additional doctors were obtained immediately and the work of the hospital continued.

Further east near Chalons, hospitals were being evacuated and wounded being searched for along the road. The thousand beds, and supplies, at the American army field hospital in this neighborhood were delivered from Paris within twelve hours.

WITH THE AMERICAN ARMY ON THE MARNE, July 15.—(By the Associated Press.)—The Germans apparently deliberately attempted to shell several of the American hospitals near the Marne front today. A number of shells fell intermittently a short distance from them. They did no damage, beyond disturbing the patients.

Five German airplanes, modeled after the machines the American aviators are using, and carrying American insignia on the wings, attacked one of the American saunas south of Chateau Thierry this evening and managed to get so close under the disguise that they were able to fire incendiary bullets into the balloon, which burst into flames. The occupants of the sauna made their escape by means of parachutes.

Seventeen American pursuit planes immediately left the ground and when last seen all were fighting well inside the German lines.

CAN WITHOUT SUGAR, IF NECESSARY SAYS UNCLE SAM

WASHINGTON, D. C., July 16.—"Keep eating, sugar or no sugar," say specialists of the United States department of agriculture. If you can't get enough sugar for home canning put up your fruit without it. The products will keep perfectly until a time when more sugar is available or until a sugar substitute has been worked out. Fruits put up in this way are excellent for pie-filling and salads and may be used in desserts, puddings, ices and punches.

In canning fruit without sugar, can the product the day it is picked. Can, stem, seal and clean the fruit by placing in strainer and pouring cold water over it. Pack the product carefully in hot glass jars or tin cans until full. Use a tablespoon, wooden ladle, or table knife for packing purposes. Pour boiling hot water over the product in the hot jar. Place rubbers and caps in position, not tight. If using tin cans, seal completely. Place in the sterilizer vat, or canner, and sterilize for the length of time given below according to the particular type of outfit used:

Minutes	
Hot water bath, home-made or commercial	30
Water seal, 214 degrees	20
5 pounds steam pressure	12
10 pounds steam pressure	10

After sterilizing remove the filled containers. Seal jars; invert to cool and test the joints. Wrap in paper to prevent bleaching and store in a dry, cool place. If tin cans are used it will be found advantageous to plunge them into cold water immediately after sterilization to cool them quickly.

LABOR DAY WAGES TO GO TO THE RED CROSS

MONTGOMERY, Ala., July 16.—A movement to have organized labor of the country forego a rest labor day and contribute the day's wages to the Red Cross was inaugurated today by local unions. Employers also would be asked to donate their profits of the day.

OUTLOOK BRIGHT FOR INCREASE IN STOCK OUTPUT

CHICAGO, July 16.—The American livestock situation, as viewed by the National Livestock Exchange after a survey of conditions at the sixty big markets and the great producing areas, never was brighter from the standpoint of the producer, and the consumer, on the other hand, need have little fear of increased prices during the fall and winter. In fact, a slight reduction in beef prices may be expected by winter, while pork and mutton prices probably will see little change, in the opinion of C. B. Heinemann, secretary of the Exchange.

The splendid response to the government's request for increased production, the phenomenal reduction in losses from preventable diseases, war measures for the producer's protection, improved railroad service, especially to western markets, and the satisfactory condition of most ranges combine to make the outlook unusually promising, according to Mr. Heinemann.

The cattle increase, based on exchange reports from 59 markets and covering the first five months of the year, is 12.4 per cent over the corresponding period of 1917. Officials of the organization say that late reports indicate that the increase of 3,871,000 hogs estimated January 1, by the department of agriculture, will be far surpassed, and sheep receipts for the first five months increased 397,327 or 6.3 per cent over the same period of 1917. The western lamb increase alone, Mr. Heinemann reckons, will be 1,500,000 head over last year.

Establishment of shipping zones, which makes a five-day market, long sought by shippers, and eliminates the Monday market "gluts" that formerly caused wide price swings, together with the bureau of markets' recent action in taking over the work of handling estimated receipts and prospects, have been big factors in stimulating confidence of the producers, Mr. Heinemann declares. The licensing system, effective July 25, under which packers will operate, also had an encouraging effect upon producers, he says.

RED CROSS AIDED 240,496 CIVILIANS SINCE LAST DRIVE

PARIS, July 16.—(By the Associated Press.)—Intensity of the work accomplished by the department of civilian affairs of the American Red Cross is indicated by its announcement that it assisted 240,496 civilians affected by the last German offensive.

During the past month, the department has employed a staff of 1,073 persons and maintained 15 civilian hospitals with a total capacity of 1,586 beds.

Thirty thousand Paris school children have been given supplemental food such as special lunches, breakfasts, etc. A hospital and four dispensaries were opened during the month. Medical aid was given to 25,160 persons; 11,873 refugees were housed and 3,140 given employment. During the first week of the May offensive 35,000 refugees were fed in canteens established in the Paris stations.

Money donations to outside organizations totaled \$300,000; of which, \$140,000 was appropriated for tubercular patients; \$25,000 for the care of children; \$96,000 for refugees; and the remainder for crippled persons.

The following articles have been distributed through the agencies of the department, 177,875 garments; 22,488 pairs of shoes; 48,280 pieces of furniture and household utensils; 55,464 articles of bedding and household linen; 58,488 yards of cloth; 167,704 pounds of food; 4,535 hospital supplies and 1,000 unclassified.

Save Sugar—Save Flour Yet Serve Luscious Fruit Desserts

Facts to Know
In these times every housewife should know Jiffy-Jell. It means rich, fruity desserts, instantly made, without the addition of sugar.
It means supreme desserts, without the use of flour or sugar, at half the cost of pastry.
It means a way to serve fresh fruit, mixed in jell, to save many ounces of sugar.
It means zesty salads made with vegetables left-overs, and jellied meat loaves made with scraps. All delightful products.
Sugar is needed now for canning. Your supply is restricted. Wastes must be utilized, flour must be conserved. So we make these offers to let every woman see how Jiffy-Jell can serve her.
Learn how you, for your own sake, to learn how folks enjoy it.

Economical Desserts Salads From Left-Overs Meat or Chicken Scraps in Aspic Jelly
Jiffy-Jell is the only product which serves these uses well. It is the only gelatine dainty with true-fruit flavors, highly concentrated, sealed in glass vials.
These bottled flavors do not lose their freshness. They give to Jiffy-Jell a wealth of fresh-fruit taste. Thus Jiffy-Jell desserts and salads taste like fruit-made dainties.
You make Jiffy-Jell by simply adding boiling water, then the flavor from the vial. One package makes dessert for six. If you whip the jell it serves twelve.
To serve fresh fruit, preserved fruit or pastry for six requires 8 to 12 ounces of sugar. Pastry requires flour in addition. The average cost is at least twice the cost of Jiffy-Jell.
Or you can mix fresh fruit in Jiffy-Jell, without adding sugar, and have a double-fruit dessert.
With Lime or Mint Jiffy-Jell you can make delicious salads, zesty and green. Use left-overs in cooked vegetables. Or use fresh vegetables.
Mix in meat scraps with these flavors and you have a jellied meat loaf. This is a delightful way to save waste.
Millions now use Jiffy-Jell as a conservation dainty. They get fruity desserts and salads of the finest sort, at trifling cost, without using sugar or flour.
We want you to know what it means to you. See how it differs from old-style gelatine products. Buy two packages to try, then send us the coupon, and we will send you molds worth more than you will pay for Jiffy-Jell.
Accept this offer, for it means a test at really no cost at all.
