TO You--

It is because our people should be informed that I have consented that this photoplay be made. There are too many thinkers, writers and speakers in the United States. From now on we need the workers, the doers and the realists who alone can win this contest for democracy and for permanent peace.

JAMES W. GERARD.

AMBASSADOR GERARD'S "FOUR YEARS IN GERMANY"

→100%←

In which is picturized, with all the force of fact and truth, the courageous, even heroic stand, of one man virtually a prisoner within the border of a war-crazed nation, having insults heaped upon him by tricky war-lords and sneering puppets of a blood-thirsty monarch; defying, with all the ardor of a man born to fight, the threats of murderous heads of the army and navy; all the historical facts of the years 1914-1918 that led up to America's entering the war.

Facts! Facts! Facts!

JAMES W. GERARD

Mr. Gerard's
Message To
The Public

"It has been my desire to see this picture produced for the same reason that I wrote the book, because I want to bring home to our people the gravity of the situation, and for that reason I have watched it carefully during its production so that it will present a clear picture to the mind of every American of what America faces in German autocracy."
