

BOYS AT THE FRONT SERVING UNCLE SAM

(The Mail Tribune will publish in this column each week interesting letters from our soldiers and sailors and news items concerning their movements. The Association of Mothers, Wives and Next of Kin requests that items for publication be furnished to Mrs. M. C. Barber, chairman of the press committee, not later than Thursday of each week.)

Relatives of boys in the service have been made happy this week by an unusually heavy mail from France. Nearly every mother has received three or four letters filled with messages of cheer and expressions of impatience at the delay in reaching the firing line.

Word was received yesterday of Nurse June Earheart's safe arrival in France.

Traveling Over Seas, June, 1918. Dear Sister Pearl:

This is a beautiful Sunday out on the Atlantic. The ocean is calm and the boat behaving very nicely today. I would not speak so kindly of the past behavior of the old ship, however.

I will give you a brief sketch of our trip to date. We left the home camp, Ft. McArthur, Calif., Monday noon, traveled to the southern part of the United States, then across the United States to the Great Lakes, then down the Hudson to Camp Merritt, N. Y.

We landed there on Monday morning. It is sure a monstrous camp. There are four Y. M. C. A. houses, one Knights of Columbus and one place called a hostess house, run by the Red Cross women, a place where relatives and friends may visit the boys.

We had some equipment condemned. The first few days we stayed there were busy ones, filled with roll call, inspection, checking up our belongings, sending telegrams, and writing postcards and letters.

We left camp Saturday with packs, overcoats, and rifles, marched up through the hills and finally down to the beautiful Hudson. There we ferried down the river to our transport. We went aboard about noon, but we did not steam out until Sunday evening.

We went out a short distance and anchored. Early Monday morning we started the great voyage across the dark blue sea. We were all below deck, but some of us could look through the port holes and get a good glimpse of the Statue of Liberty which was a grand sight. This is a speedy boat and well armed. The second day out it began to get rough. Some were sick the second day and many more added the next day on account of the rough sea and stormy weather. I was one of the majority so spent a little time looking over the rail of the ship. I was sick only one day.

Several other ships, including a destroyer, joined us the second day. It was a sight one would scarcely want to miss, all steaming along to meet the great adventure. It is very different these days from traveling by rail; no crowds to wave and wish us "God Speed."

The fourth day we sighted a ship on the horizon to the south. It kept pace with us for four hours. Speculation was that it might be an enemy craft. Nothing happened, so I guess it was just another traveler on this broad highway.

All the boys are standing the trip well, however we have crowded quarters with men and supplies. We have exercises, boxing and wrestling bouts, music and singing. The band plays on deck. We have two Y. M. C. A. men and one army chaplain aboard so we have movies and religious services quite often.

The soldiers and sailors are in every conceivable place on deck or below reading some book or magazine or writing home to mother or friends. Friday is fish day and very appropriate out here, too.

Yesterday the crew had target practice, shooting at a periscope. I understand we have some of the best gunners of the navy aboard, and if a sub. does show up it will look a holy fright.

This is the first Sunday I have ever spent on the sea and surely a beautiful day. Services were held in one of the compartments. We had a splendid sermon and we all enjoyed it.

This is our week day song.

We are on our way to Hilgoland, To get the Kaiser's goat, On a good old Yankee boat, Up the Kiel can we'll float, And the son of a Gun, If we see a Hun, We'll make him understand, We'll knock the Hell into Hell, Out of Hilgoland."

Some of these days we hope to see land not so far off where we will go ashore to greet some Joan of Arc and march on to service ahead of us which is to give the sauer kraut a good "Yankee mixing."

I hope you're well and getting along. Hope to get a letter once in a

while over here and if you don't get an answer, just write again. With love and best wishes, Your Sammy brother, EARL H. HOOVER, Co. B, 52nd C. A. C. A. E. F.

Mr. and Mrs. Ben Trowbridge of West 10th street have the honor of the greatest number of enlistments in any family in Jackson county. Their oldest son, Tom Flynn, is at Leavenworth in the signal service, Alfred has enlisted in the navy from Portland but has not yet been called. Diamond is a sergeant in the depot brigade at Camp Lewis and expects to be held there for some time drilling incoming troops. Ronald Trowbridge is in the medical corps at Vancouver. Raymond belongs to the 69th artillery at Ft. Stevens which is hourly expecting orders to go to France. A son-in-law, Lieut. Geo. Peck is stationed at Camp McDowell, Texas. Mary Trowbridge is in the government service as a teacher in the Philippines.

Stuart Torney has finished his training in the aviation course with a rank of 2nd lieutenant. He took his final training at Fort Worth, his last examination lasting from 9 o'clock in the morning until 12 at night. They will leave Ft. Worth soon for Hoboken to embark for France. Stuart was denied his long home furlough which was a great disappointment to his friends to say nothing of his feelings.

France, June 26th. My Dear Folks:

I am still in the Base Hospital 801 at St. Nazaire. My leg is doing nicely, it is healing, but very still. I cannot stand on it. The doctors say I am doing well and the stiffness is slowly coming out and with the aid of my crutches I can soon move around.

I will be glad when I can walk again, you don't know how helpless I feel when I have to walk on one foot. I can get around alright on my crutches but can't carry anything. Don't worry about me or think I am discouraged, because I'm not. A little thing like a bullet going through my leg won't stop me. I'll soon be back with my company as good as ever.

I must tell you about the good work the Red Cross is doing for us. The nurses come in with nice warm water for us to wash in and shave for our breakfast which is always good. Then they bring us the daily paper. We get the Chicago Tribune, the New York Herald and the London Daily Mail. These are the European editions and have only two sheets but we get lots of news out of these papers. They also bring us magazines and Saturday Evening Post.

The doctors come every day and dress our wounds. Also the chaplain makes us a visit every day. This morning the Red Cross ladies came in and had a smile and a pleasant word and best of all they gave us each some stick candy. We have a dandy bunch of boys in our ward, some with arms tied up, some with heads tied up and some with legs tied up, like me. How I wish you could see us when we go to the "Y," every one of us bandaged somewhere, followed by the ones on crutches, it certainly is some parade!

About every other day we have a Victoria in our ward and we almost play it to death. We have been having some nice entertainments at our "Y." Last night we had some players and singers from the Paris opera, a real treat. We are having beautiful weather. The trees are beautiful. Give my regards to all my friends. Love to each and every one of you. Your son, FRANK HUBBARD.

The reference to the work of the Y. M. C. A. and the Red Cross in giving little comforts and pleasures to our boys should make us think twice before spending money that might go to these two splendid causes on our own pleasures. We can do with fewer movies and less music in order that our boys, who are giving up everything for us, may have these little diversions.

Darrel Minkler enjoyed a furlough with his aunt, Mrs. Charles Young a few weeks ago. He has finished his course in the electrical school at Mare Island with a rating of second class electrician. Two more Medford boys, Charles and Homer McLain are taking this same course and hope to finish soon with the same rating.

Mr. and Mrs. F. M. Wilson received word this week from their son, Lloyd, that his command is in Long Island waiting to sail for France. John Parker of the 91st division Q. M. is another of our boys, who is supposed to have sailed within the last week.
