

LOCAL AND PERSONAL

At last the 69th artillery battalion, in which there are 30 former Seventh company members, has started for France, having left Portland last night for the east over the short railroad route, much to the regret of the relatives and friends of the Medford and Jackson county soldiers in the organization, and the soldiers themselves who had hoped that the organization would pass thru Medford. Telegrams received in the city Wednesday from some of the soldiers led to the belief that the command would pass thru here this forenoon, and a number of bitterly disappointed relatives and friends gathered at the depot with packages of goodies for a farewell visit with their loved ones. FOR HUSBANDS ONLY AT PAGE THEATER

"For Husbands Only," with its daring and catchy title and with the backing of the critics of New York, promises to be one of the sensations of the season when it plays at the Page, Friday and Saturday. Mildred Harris, the clever little actress whose name has been linked with that of Lois Weber in some of the biggest productions of the year, stars as "Toni," the convent-bred girl who married the prosaic business man in order to get an opportunity to humiliate and punish the society dilettante who had counted her girlish love as merely a trifle.

There is a brilliant sparring of keen wits, the wits of the angry little woman and the wits of the man she is attempting to revenge herself upon all thru the play.

At the last moment he has invited her trusting, friendly husband to witness a private performance of a playlet he has written himself, entitled "For Husbands Only"—a playlet that is couched in a form that will upset the husband's faith in "Toni" and which he hopes will compel her to cast herself into his arms.

Right up to the last moment of the play it appears that the man's strategy has succeeded and that Toni's plans for revenge have crashed down, wrecking her happiness with them—and then there is the drollest and most unexpected finish; one that an audience can never guess until it is right upon them, and one that adds the final touch of delightfulness to this photodrama.

The comedy is the Mack Sennett scream, "Ladies First," with Chester Conklin in the role of the neglected husband.

SERINGES WON BY YANKEES.

(Continued From Page One.) doubled their fire, but still the Americans came on unfaltering like the unavoidable stroke of fate.

"When the Americans reached the precincts of the village their fire ceased and with one wild yell they closed with the foe. The fierce uproar suddenly gave place to a strange silence as man grappled with man. Only the clash of steel on steel and the groans of the stricken could be heard.

German Lives Hammered Out "The issue was never in doubt for an instant. At this kind of fighting the American is more than equal to any Prussian guardsman, and in a little more than ten minutes all was over. Except for a few German prisoners, every German in the village had breathed his last. Such was the final capture of Seringes.

"During the night the enemy twice attempted to retake Serig but each time he was repulsed with heavy losses. Then he made a fierce assault on Meucry farm, east of Seringes, which was piled with the dead which he had left there the day before when every man defending it died at his post. There again the enemy was unsuccessful thruout until steel had crossed steel in the big farmyard and the heaps of German slain had been doubled in the ruins about it.

Was Classic Fighting "This was classic fighting indeed—man against man and the better to win. There was no call for quarter. The pride of the professional soldier was up against the pride of the free man, both preferring death to surrender."

RUSSIA DEMONSTRATES HER LOATHE OF HUNS

PARIS, Aug. 1.—(Havas Agency). The murder of Field Marshal von Eichhorn say Paris newspapers, demonstrates that the Russian people cannot endure the German yoke.

This crime, the papers say, coming after the assassination of Count von Mirbach, the German ambassador to Russia, shows that the return to dictatorial methods in Russia, was bound to place bombs in the hands of those men who for many years knew no other argument of opposition.

For Husbands Only. Jewel Incorporated Presents Lois Webers' Big Dramatic Treat for the Whole Family featuring Mildred Harris. "As tantalizing as a wink" A Modern Play for Modern People.

Friend wives to chaperon, of course. It's a real "Zippy" play, written by a woman, about women and for women, so don't let EIM try to leave you at HOME. It's a delightful combination of real comedy and tense drama. It's filled with dash and pep, and compels your closest attention from beginning to end. The fabric that makes the ultra-photodrama of the day.

And the Mack Sennett Comedy, "Ladies First" Regular Admission.

Here's a Tip If you didn't see Julian Etinge in the "Countess Charming" yesterday, then go tonight, you will enjoy it.

Carnation links these farms. The production of milk is a confining business, but it needn't confine you. All the exasperating work, all the constant worry of taking care of cows—and taking care of them right—will be done for you by an expert dairy farmer if you will just keep in your storeroom a case or several cases of Carnation Milk. If you keep cows you have to milk on Sunday—and other times when you might be off the place. The fifteen Carnation evaporating plants scattered throughout the Middle and Far West answer the milk question for you. Every day they evaporate, sterilize and hermetically can the fresh milk brought in that morning from the farms. If you keep cows your wife must strain the milk and laboriously wash pails and pans. The Carnation can brings rich, pure, wholesome milk right into your kitchen and dining room. If you keep cows you sometimes have too much milk and sometimes not enough. With a case of Carnation on hand none ever spoils, and you always have enough. Remember—Your Grocer Has Carnation Carnation Milk Products Company, Seattle, Washington
