

SOVIET REGIME CALLS SUPPORT AGAINST CZECHS

MOSCOW, Wednesday, July 31, via Berlin to Amsterdam, Aug. 1.—At a plenary session of the executive main committee, the main Moscow council and the labor organizations, Premier Lenin and War Minister Trotsky spoke and the following resolutions were adopted:

First—The socialist fatherland is in danger.

Second—The chief tasks at the present moment are the repulse of the Czech-Slovaks and the obtaining of grain.

Third—The most powerful agitation must be started among the laboring classes to explain the gravity of the situation.

Fourth—Vigilance must be increased against the bourgeoisie, who everywhere are joining the counter revolutionists. The soviet government must protect itself and to that end the bourgeoisie must be placed under control and mass terror put into practice against them.

Fifth—The general word must be death or victory, with mass expeditions for bread, mass organization, and the exertion of all strength to fight against the counter revolutionary bourgeoisie.

The meeting at which these resolutions were adopted was held July 30.

30 WATCH SAMSON TRACTOR PLOWING

About 30 farmers and business men of the valley witnessed the practical demonstration of the Samson Sieve Grip tractor and Killefer sub-soil plow, which was given at the H. C. Christofferson ranch yesterday afternoon, and marvelled at the work accomplished by these ingenious labor saving devices. The wonderful plow broke up the hard dry doily soil to a depth of 12 inches with apparent ease.

Any person interested in the working of this tractor and plow, of which the Trichter-Pierson company is agent, can visit the Christofferson ranch most any time, as Mr. Christofferson has purchased the outfit, which will be in daily use at the ranch for some time. Mr. Christofferson, who recently arrived here from San Rafael, Calif., will operate the ranch himself this year instead of leasing it as heretofore, and will plant the entire 300 acres to wheat.

YEKATERINBURG IS TAKEN BY CZECHS

AMSTERDAM, Aug. 1.—The town of Yekaterinburg, in the province of Perm, near the Siberian border, has been taken by the Czech-Slovaks, according to the newspaper Isvestia of Moscow.

With this new development of the Czech-Slovak movement the Bolshevik press is raising cries of alarm. The Pravda declares the Czech-Slovak danger is growing like an avalanche and that the counter revolutionary movement is growing.

"Feeling in Russia is everywhere very bitter against Germany," is the surprisingly frank statement made by Hans Vorst, special commissioner of the Tageblatt of Berlin, who reports from Moscow on his investigations.

Business men blame the "crazy tyranny of the bolsheviks for Russia's downfall and economic ruin. They believe another war against Germany was coming.

PORTUGUESE BARK SUNK BY U-BOAT

WASHINGTON, Aug. 1.—The Portuguese bark Porto was sunk by a German submarine 550 miles off the Atlantic coast July 27. The navy department announced today that the crew of 18 men had been landed at an American port by a British steamer.

After overhauling the bark, the submarine's crew destroyed it with bombs placed in the cargo of cotton. No further details were given, but it is assumed that the crew was permitted to take to the small boats. The Porto was bound from Savannah for Oporto.

The state department was so informed in a cablegram received today from Mr. Francis.

A Message from HOOVER

CAN all you can. This is the word the Food Administration is spreading throughout the land. It is practical too—for not only will the high costs of living be decreased—but the conservation of food increased.

If it's progressive—you'll find the First National bank ready to help.

ARMY CHAPLAIN SENT TO PRISON

CAMP LEWIS, Tacoma, Aug. 1.—Officers here today announced the arrival at McNeil Island, near here, where is located a United States penitentiary, of Chaplain Frank J. A. Feinler, of the United States army, who is to serve a sentence of 15 years for disloyal remarks, while on duty in Hawaii, after he had been recalled from France at the request of General Pershing for the same offense.

Chaplain Feinler was born in Germany March 28, 1871, and entered the army as a chaplain in February, 1909. When war was declared by the allies against Germany Chaplain Feinler was open in his support of the central powers, it is stated by officers here who are acquainted with his case.

When the United States declared war against Germany he asserted his loyalty to this country, and was sent to France with the American expeditionary forces. There his disloyal remarks, which were not so open as to merit his being tried by a general court martial, resulted in General Pershing making a request to the war department that he be recalled to this country, from where he was detained to duty in Hawaii.

DROUTH LOWERS COTTON OUTPUT

WASHINGTON, Aug. 1.—Loss of 1,706,000 bales in the prospective cotton crop, due principally to droughty conditions in the western part of the cotton belt, especially in Texas, was shown today in the department of agriculture's August production forecast placing the estimated crop at 13,619,000 equivalent 500 pound bales compared with 15,325,000 bales forecast in July.

The condition by states follows: Virginia, 75; North Carolina, 87; South Carolina, 80; Georgia, 77; Florida, 70; Alabama, 78; Mississippi, 81; Louisiana, 65; Texas, 61; Arkansas, 77; Tennessee, 80; Missouri,

93; Oklahoma, 75; California, 95; Arizona, 95.

In Texas the decline was 23 points. For the entire cotton belt the decline in the condition of the crop was 12.2 per cent compared with an average decline of 2.8 per cent.

Last month the condition of cotton was 85.8 per cent of normal and a 15,325,000 bale production was forecast. The crop last year amounted to 11,309,254 bales and the average for the five years, 1912-1916, was 13,327,000 bales. The condition of the crop on July 25 last year was 70.3 per cent of a normal, the previous year 72.3 and the ten year average on that date 77.0.

The area planted to cotton this year is the second largest on record—37,073,000 acres.

Recent experience has tended to show that carrier pigeons are guided by magnetic currents.
