FIELD HOSPITALS ON WHEELS FOR AMERICAN ARMY

WASHINGTON, Aug. 15.—The credit for the first mobile operating unit in the world goes to American genius.

An operating room on wheels, capable of being rushed up to within five miles of the front line in any direction at any time, is an achievement of great importance in keeping up with a rapid advance of a fighting force.

It is impractical, as well as dangerous, to transport seriously wounded men over shell-torn ground for any great distance. It is equally difficult for a field or an evacuation hospital to keep pace with a steadily progressing army.

That is where the American mobile operating unit will work wonders. Instead of waiting for battle victims to be brought to it for treatment, it goes to them.

Its equipment is as complete as modern science can construct. Surgeons and nurses head its personnel. The nurses are women of special skill and coolness.

The unit consists of five sections—a power truck, sterilizing truck, operating tent truck, surgical supply and drug truck. There are also four trailers—electric light and X-ray, kitchen, provision and storage. In addition, the unit is strengthened by a fleet of ten light trucks carrying tentage, water, fuel, operating and repair parts and means of communication.

A unit's full personnel embraces at least 100 medical officers and nurses and about 200 medical enlisted men; also, a small detachment of quartermaster men, including experi mechanics.

The operating room is set up in less than an hour. Two hundred patients can be taken care of at the same time and its surgical facilities allow for at least 100 major operations in 24 hours.

GENUINE OR FORGED? LONDON'S UP IN AIR

LONDON, Aug. 15.—Londoners are on the lookout for the men who are spreading the story about forged treasury notes. They say there is a simple way to detect the forged ones. On the back of each note is a picture of the Houses of Parliament; in the genuine note the windows number 365, and in the forged one 364.

It's in the Air

Windblown pollen, carrying the bacteria that inflame nose and throat and cause hay fever, is abroad in the land. One remedy is known to give relief and comfort from choking, gasping asthma and tormenting hay fever. That reliable remedy is Foley's Honey and Tar that spreads a healing, soothing coating on the inflamed membranes, stops irritating coughs and summer colds. Any one who has once used this standard cough and cold remedy will accept no other. Sold everywhere.

THE AMERICAN BOLSHEVIKI.

IN a statement made public at Chicago through its executive committee, the socialist party calls on "workers of the world" to aid in the Russian struggle for freedom, denounces "imperialistic schemes" to use the Czecho-Slovaks as a counter revolutionary force, and declares incompatible with principles of democracy all plans of invasion and urges recognition by the United States of the soviet government.

The rape of Belgium, the destruction of France, the ravaging of Serbia, the enslavement of Poland, the destruction of the Lusitania, the German campaign of frightfulness—all the dismal record of the absymal brute in his efforts to hurl the world back into the barbarism of the dark ages, never brought a tear of regret, or a sigh of pity nor a murmur of protest from the socialist party—but the proposal to thwart German plans for the absorption and exploitation of Russia proceeding so merrily under the rule of terror and chaos of anarchy provided by the Soviet, arouses the socialists to action—for the kaiser's schemes are menaced.

Since the declaration of war, the socialist party in the United States has been an instrument of German propaganda and has done everything in its power to aid Germany and hamper America and the allies. All loyal Americans left the organization in disgust long ago and it is not at all surprising to see the seditious sociliasts now rally to the support of the anarchistic Bolsheviki, who betrayed Russia to the Germans and have since been the kaiser's willing tools.

The allies are not warring upon the Bolsheviki, but upon the Germans. As agents of the Germans, the Bolsheviki broke their agreement to permit the Czecho-Slovaks to go through Siberia around the world to the western front, to join the allied armies of which they are a part, and made war upon them. The Bolsheviki have declared war upon the allies, because they have extended assistance to the Czecho-Slovaks and because they have landed troops to prevent munitions and supplies, sent by the allies to be used against the Teutons, from falling into German hands. The Bolsheviki repudiated obligations incurred for these and other munitions and supplies and they still belong to the allies.

The Bolsheviki have given ample proof of their incapacity to rule and of their subserviance to Germany. They have presented Germany with the Ukraine, Finland and Baltic provinces and aided in the betrayal of Rumania. They have made possible the success of the German policy of splitting Russia into many small weak states for exploitation by the Teuton, and finally have declared war upon the allies for their efforts to prevent the Arctic coasts and Siberia from becoming German.

Professing brotherly love, the Bolsheviki have ruled as much by blood and iron, by force and oppression as ever the Czar did. Their tyranny has been as inefficient and corrupt as the old bureaucracy. They have paralyzed industry, commerce, transportation. Hunger grips the land and disease ravises it. In every way their regime has been a curse.

The Bolsheviki are more opposed to western democracy than to kaiserism—just as the socialist party is—and as the Bolsheviki has deliveredthe goods to the kaiser in Russia, so would the American Bolsheviki, the socialists, betray this country to the German.

The salvation of Russia lies with the Russian people. Unless they wake up and set their own house in order, no one can solve their problem for them. The most the allies can do is to thwart German plans for seizing the land and enslaving the people and give the Russians opportunity to save themselves—and this they are doing.

WHAT TO PAY LOCAL DEALERS FOR GROCERIES

August 12, 1918.

The lower figures under "consumer pays" are the maximum prices that should be charged by "cash and carry" stores, and the higher figures maximums that should not be exceeded by stores giving credit, delivery, and similar services.

Wheat flour in 49 lb. sack, retailer pays $2.70; consumer pays $2.90 to $3.00.

Rye flour, per 10 lb. sack, retailer pays, 68c consumer pays 72c to 74c.

Corn flour, retailer pay 7½c lb; consumer pays 9¾c to 9¾c.

Corn meal, yellow, per 10 lb. sack, retailer pays 65c sack; consumer pays 70c to 80c.

Corn grits and hominy, per 10 lb. sack, retailer pas 69c sack; consumer pays 82c to 87c.

Corn grits and hominy, per 1¾ lb. package, retailer pays 16 2-3 package; consumer pays 20c to 21c.

Rolled oats, per 3 lb. bag, retailer pays 73c bag; consumer pays 91c to $1.00.

Barley flour, ordinary grade, retailer pays $12.40 bbl.; consumer pays 7½c to 8c lb.

Corn starch, edible, ordinary grade, retailer pays 10c lb.; consumer pays 12½c to 13½c lb.

Rice, ordinary grade, retailer pays 12c lb.; consumer pays 15c to 17c lb.

Granulated sugar, retailer pays 8 4-5c lb.; consumer pays 10c lb.

Beans, dried, white, retailer pays, 11½c lb.; consumer pays 14c to 15c lb.

Beans, dried, red, retailer pays 9c lb.; consumer pays 11c to 12½c lb.

Evaporated milk, large size, retailer pays 13c can; consumer pays 15½c to 16½c.

Lard substitutes, ordinary grade, in tins, retailer pays 27c lb.; consumer pays 30c to 32c lb.

Canned corn, standard No. 2, ordinary grade, retailer pays 14c can; consumer pays 19 to 20c can.

Canned tomatoes, standard No. 2, ordinary grade, retailer pays 13c can; consumer pays 17¼c to 18½c can.

Canned peas, No. 2, ordinary grade, retailer pays 13c can; consumer pays 17c to 20c can.

Canned pork and beans, No. 2, ordinary grade, retailer pays 19¼c can; consumer pays 25c to 30c can.

Prunes, local, retailer pays 8c lb.; consumer pays 10c to 11c lb.

Dried peaches, retailer pays 13½c lb.; consumer pays 17¾c to 19c lb.

Savage, Henniker, N. H.; Lewis F. Scherp, Dalton, Mass.; William C. Schofield, Philadelphia; Konstanten Sedelnick, Detroit; David Stambler, Danvars, Mass.; Roy L. Syster, Derry, Pa.; Wilfred J. Thibodeau, Peabody, Mass.; Willaim E. Thurston, Mount Vernon, Me.; Martin L. Tilletson, Groton, Vt.; Luigi Vione, Italy; Frank L. Vose, Leominster, Mass.; Harold P. Waldron, Boston; Royal P. Webber, Litchfield, Me.; Julian S. White, Bangor; Harry E. Whittaker, Haverhill; George J. Willett, Montpelier.

WEATHER PROPHETS READY FOR FRANCE

COLLEGE STATION, Texas, Aug. 15.—The first class of weather observers ever trained for the United States army is preparing to leave shortly for France, where the members will report on general weather and atmospheric conditions as an aid in planning gas, artillery, airplane and various other attacks.

Experts who have pushed the three hundred or more students thru the intensive course of instruction at the Agricultural and Mechanical College of Texas, declared that the men now are capable of determining the state of weather for a distance of twelve miles above the earth.

It is the plan of the war department to train 1000 men at the college, which is the only school of general meteorology in the country, and this will necessitate two more courses in shifts of 325 students because of limited facilities.

Only college men are fitted to take up the work, and the first class includes professors, mineralogists, engineers and other technical experts. Dr. Oliver L. Fassig, of the United States weather bureau and Johns Hopkins university, Baltimore is chief instructor.

OFFICER WOULD CALL ON HER IN CEMETERY

LONDON, Aug. 15.—A polite American officer introduced to a London society woman found her obsessed with a fear of the influenza epidemic. When he took his leave he asked to call again on his return to England. "Ah," she said, "I may be in Kensal Green by that time." "Well," replied the American, who had never heard of Kensal Green, "will you permit me to call at that charming retreat?" Kensal Green is a cemetery.

WILSON URGES LIBERAL SUPPORT OF ALL SCHOOLS

WASHINGTON, Aug. 15.—Generous support for schools of all grades during war time is urged by President Wilson in a letter to Secretary Lane today, approving the bureau of education's plan for an educational campaign this summer and fall.

"I am pleased to know," says the president's letter, "that despite the unusual burdens imposed upon our people by the war they have maintained their schools and other agencies of education so nearly at their normal efficiency. That this should be continued thruout the war and that insofar as the draft law will permit, there should be no falling off in attendance in elementary schools, high schools or colleges is a matter of the very greatest importance, affecting both our strength in war and our national welfare and efficiency when the war is over.

"So long as the war continues there will be constant need of very large numbers of men and women of the highest and most thoro training for war service in many lines.

"After the war there will be urgent need not only for trained leadership in all lines of industrial, commercial, social and civil life, but for a very high average of intelligence and preparation on the part of all the people."

U-BOAT CAPTAIN ARRESTED IN SPAIN

PARIS, Aug. 15.—According to a Barcelona dispatch to the Temps, the German officer in charge of the German submarine interned at Carthagena has been arrested. The arrest was ordered because the hour had expired for the officer to renew his pledge that he would not try to escape.

OLD AGE A CRIME

Some people are young at 60—red cheeked, ruddy and vigorous. Others are old at 40—joints beginning to stiffen up a bit; step beginning to lag and lose its springiness; occasional touches of pain in the back, feel tired without cause, and possibly a twinge of rheumatic pain.

In most cases these are the danger signals to warn you that the kidneys are not promptly doing their work of throwing off the poisons that are always forming in the body. To neglect these natural warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL Haarlem Oil Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments.

GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them at your druggists. Do not take a substitute. In boxes three sizes. Adv.

SELF DEFENSE

DEFEAT BACKACHE AND KIDNEY TROUBLE WITH ANURIC.

Many people in this section have suffered from rheumatism and kidney trouble and have found Anuric to be the most successful remedy to overcome these painful and dangerous ailments.

The lucky people are those who have suffered, but who are now well because they heeded Nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's called An-u-ric. You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as Bright's disease, diabetes or stone in the bladder.

To overcome these distressing conditions you should take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water and at each meal take Dr. Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of An-u-ric, as many of your neighbors.

Send Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package.

RETSIL, WASH.—"I was troubled getting up at night for two years. Finally I took a trip to Florida, and while there I sent to Dr. Pierce for some Anuric Tablets and two dollars' worth of the Golden Medical Discovery Tablets. I took them as he directed and have not been troubled with my water for some time. I have been well now five months. I think the Anuric Tablets are all O. K."—W. J. GOODE, Washington Vet. Home.

PORTLAND, OREGON.—"Doctor Pierce's Anuric Tablets gave me great relief after eight years of suffering with kidney trouble and dropsy of limbs and feet. Anuric is certainly good."—Mrs. J. CASWELL, 447 Stephens Street.

Doctor Pierce's Pellets are the original little Liver Pills. One little Pellet for a laxative—three for a cathartic. Sold by druggists for nearly 50 years.

"First" in service as well as name

The Choice of Those Who Know

Manufacturers and leading motor car distributors *recommend* ZEROLENE. The majority of motorists use ZEROLENE. ZEROLENE reduces wear and gives more power because it keeps its lubricating body at cylinder heat. Gives less carbon because, being refined from selected California asphalt-base crude, it burns clean and goes out with exhaust.

ZEROLENE is the correct oil for *all types* of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

At dealers everywhere and Standard Oil Service Stations.

STANDARD OIL COMPANY (California)

ZEROLENE

The Standard Oil for Motor Cars

Correct Lubrication for the "V"-Type Engine

This, the "V"-Type of automobile engine, like all internal combustion engines, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. Zerolene fills these requirements perfectly, because it is *correctly refined from selected California asphalt-base crude.*

W. E. Walker, Special Agent Standard Oil Company, Medford, Oregon

JONTEEL TALC 25c

From the flower gardens of all the world, from India and France, Guiana and England, the Holy Land and Italy, were gathered the fragrances that go into making of Jonteel, the new odor of twenty-six flowers.

Yet never before has a talc of this quality sold at a price so low.
