A VICIOUS MEASURE.

CONGRESSMAN HAWLEY has written requesting advice upon House Resolution 12,733 which he introduced at the request of D. H. Horn, a cattleman of Hornbrook, providing for the transfer of a large area of land between the Crater and Siskiyou national forests, formerly in the O. & C. land grant, to the federal forest reserve. The land is apparently not sought by the forestry service, but is to be wished upon them.

The measure is the result of a quarrel between California cattlemen and California sheepmen and is of no particular interest to Jackson county save that it would add still more land to the already large area withdrawn from taxation now in the reserve. The cattlemen interested are Horn and Green of Hornbrook. The sheepmen, the Western Sheep company of San Francisco, comprising R. B. Moore of Maxwell, P. R. Peterson and A. L. Beale of Berkeley.

The Western Sheep company recently obtained a large tract along the Klamath river and purchased the grazing rights to the O. & C. land grant. They have bought not the homesteaders along the Klamath. Throwing the land asked in this bill into the reserve would give the cattlemen a chance to compete for grazing privileges in the region affected and prevent the driving of the sheep from the Klamath range to the Neil creek range.

In one way, large cattle companies and large sheep companies are both a curse to the country they operate in, for they depopulate it. Instead of scores of families located in the ranges, each with their small herds or flocks, there are a few small salaried cow punchers or sheepherders—and all the money made leaves the country. The non-resident owners grow wealthy and the country grows poorer.

Though initiated by the California cattlemen, the California sheepmen rather favor the bill as they hold they will have an equal chance with the forestry officials for the range and stabilize their investments. The losers are Jackson county and prospective homesteaders. It will depopulate the country by tying up the land for non-residents and deprive the county of taxation.

There seems no valid reason why in this critical time of war, the attention of congress should be taken up with the petty quarrels of cattlemen and sheepmen, who are seeking special legislation to further enrich themselves at public expense.

The measure is not in the interest of the people of Jackson county, but is in the interest of non-resident livestock growers and therefore should be killed—like other vicious legislation for the benefit of profiteers.

THE BOND OF LIBERTY.

THE tie that binds the allies is exactly the same as that which huddles together the central powers. Self-preservation.

But what united each array of nations was decidedly something else.

On the side of the Huns, a dominant few aimed to gulp down all the remaining power on this terraqueous sphere, which we'd daily tread in dread if they did.

However, the morsel not only has proved unpleasant to the Prussian palate but it's stuck in kultur's gluttonous throat and is slowly choking the monster to death.

The bond that grappled together the allies and in which they've since grappled together with the Menace—was the Liberty Bond.

The Liberty Bond of our allegiance across seas will do it—but not without the Liberty bond at home.

The Fourth Liberty bond issue will soon be launched. Every Liberty bond bought increases its holder's share in that corporation called the United States government, to the full face value of the bond.

Every Liberty bond at 4 1/4 per cent strengthens the Liberty bond which united us with England, France Belgium and Italy.

Be prepared to save money in a Liberty bond of the fourth issue.

Every bond bought will decrease the power of the Prussian despots and increase the size of the morsel that's choking the monster of kultur—the morsel which represents power, not the Hun's power, that belongs to the free, power that will grow and mite all through the Liberty bond of nations with the help of the Liberty bond of dollars that you buy!

German Victory or German Defeat

By Gelett Burgess. Does "might make right?" Does "The end justify the means?" The victory of Germany will mean the reaffirmation of these peralicious medieval doctrines. Anything to win—torture, rape, slavers, robbery or violation of the flag of true? A new, Satanic perversion of ethics will inspire the world.

Farewell to cohesiveness! Individual morality will be subservient to the ambitions of the state. And national morality? Only the will to dominate.

No longer possible, beneficence, will be any national code of honor. Expedience and greed will rule; and all disputes will be settled by high explosives.

As did the Spanish Inquisition or the military lust of Napoleon, so the Kaiser's victory will turn back the hands of the clock of civilization. Striking into the night of autocracy will go our aspirations for the brotherhood of man.

But the defeat of Germany! Had in the future slumbers a splendid dream—our victory alone can bring it to pass—the League of Free Nations. Feudalism will end; monarchism at last will end. A new era of universal democracy will bring a thousand modern reforms to fruition.

Already, between classes and be-

tween nations, the war has broken many ancient barriers down. Under its stress, co-operation is replacing the old social and economic evils of competition. The way is being cleared for a higher civilization founded upon fraternity.

Victory over the Hohenzollerns will not only free us, it will free the German people. This human equality and human relationship once assured, all war will henceforth be impossible. Educated by this struggle, united peoples will direct the enormous energies now so destructively used towards lasting, constructive ends beneficial to man. By them the world will be made not only safe, but happy, prosperous and idealized for democracy.

Locomotive Engineer Writes. Overwork and worry cause kidney trouble. When the kidneys are not working properly, poisons accumulate in the system, resulting in backache, sore muscles, stiff joints, rheumatic pains, constantly tired feeling and other distressing symptoms.

George McLain, Turtle Lake, N. D., writes: "I am a locomotive engineer. I had a bad pain in my back and my bladder action was very irregular. I took Foley's Kidney Pills and was relieved in a couple of days." Said everywhere.

Make This Sugar Saving Candy Now

How about the skins from those big plums which you peeled for your luncheon dessert? What did you do with the apple peelings and the peach pits? Do you throw away orange and lemon skins? Does the garbage can ever see the cores, skins and eyes of your pineapples? None of these things should be thrown away in war time or any time. They can be used to make a delicious sort of candy known to those of the inner circle as Fruit Leather.

Concentrate this juice by first boiling over direct heat, then by drying in the top of the double boiler or on platters or enamel pans set in a moderate oven. The juice is sufficiently concentrated if when, on cooling, it makes a highly glazed, tough, dry, leathery jelly. Dry the leather in thin sheets, sprinkle lightly with granulated sugar and roll the sheets like jelly rolls, then cut them across. This confection may be eaten any time summer or winter, as it will keep well if it is stored in a dry place.

ROYAL POW-WOW CALLED TO PLACATE AUSTRIA-HUNGARY

AMSTERDAM, Aug. 22.—The real reason for the council of war held at German great headquarters is believed by diplomats here to lie not in the necessity for pecking along for lands grabbed by the Huns, but in the danger threatening the Kaiser's plans from Austria.

The people of the dual monarchy are growing restive under the repeated Hun defeats on the western front and are renewing their clamor for peace. The success of the German military party in ousting von Kuehlmann as foreign minister and putting the Pan-German, Admiral von Hintze in his place was the signal for a fresh outburst of dissatisfaction in Vienna.

Austria has been anxious for a peace at any price since 1916. The ascendancy of the German military party and its cancellation of the plans for a "peace drive" have convinced the Austrian people that the last shred of trust in the possibility of an early peace has vanished. So the cry for peace has again frightened Emperor Karl, who has gone to talk it over with the Kaiser.

The sentiment in Austria can be gauged by an article in the Vienna Arbeiter Zeitung, which points out that there is no immediate hope for peace, and demands that it be immediately and unequivocally determined "whether Berlin and Vienna are still in agreement concerning the aims and the duration of the war." The Arbeiter Zeitung continues in this threatening vein:

"We need, and need most urgently, negotiations with Germany to settle the point once for all in regard to the object we are fighting for, and also in regard to the limitations to any further fighting. "Even the most passionate champions of our alliance with the neighboring empire can hardly wish that the German army leaders alone shall dictate to us for how much longer we are to go on fighting."

GERMAN HOPE FOR MORE TEA CRUSHED

AMSTERDAM, Aug. 21.—The resumption of trade with the Ukraine led to the general belief in Germany that there would be more tea for the Huns, but the Berlin Tageszeitung says "unfortunately, these hopes have proved delusive."

SAVE PEACH PITS ASKS WAR COUNCIL

NEW YORK, Aug. 22.—The need of conserving peach seeds or pits, apricot pits, plum pits, prune pits, hickory nuts, walnuts and butter nuts for use in making carbon for gas masks is urged in a statement issued today by the gas defense division of the United States army. Some idea of the magnitude of these needs is afforded in the announcement of 200 tons a day of this raw material are being used and the demand is increasing.

The gas defense division advocates that schools, libraries, department stores and hotels be used for collection of pits. Final instructions will be issued to Red Cross leaders as to bagging and shipping.

MORE DEADLY THAN A MAD DOG'S BITE

The bite of a rabid dog is no longer deadly, due to the now famous Pasteur Treatment, but the slow, living death, the result of poisoning of the system by deadly uric acid is as sure and inevitable as day follows night.

No other organs of the human body are so important to health making as the kidneys and bladder. Keep your kidneys clean and your bladder in working condition and you need have no fear of disease. Don't try to cheat nature. It is a cruel master. Whenever you experience backache, nervousness, difficulty in passing urine, "get in the job." Your kidneys and bladder require immediate attention. Don't delay. This is the time to take the hit by the horns. GOLD MEDAL, Haasleg Oil Capsules will do the trick. For over two hundred years they have proven meritorious in the treatment of diseases of the stomach, kidneys, liver and bladder. It is a world-famed remedy, in use as a household necessity for over 200 years.

If you have been doctoring without results, get a box of GOLD MEDAL, Haasleg Oil Capsules today. Your druggist will them. Absolutely guaranteed or money refunded. Beware of imitations. Look for the name GOLD MEDAL on every box. Advertise.

DRAFT EVADERS GIVE BATTLE TO PURSUING POSSE

HUNTINGTON, W. Va., Aug. 22.—Military reserves, United States deputy marshals and posse from Mingo and Wayne counties this morning are searching for a band of army deserters and stackers in Mingo county. In a fight with the deserters late yesterday George Dillon, a deputy sheriff, and William Ellis, a deputized civilian, were killed.

The deserters last night sent to the town of Breedon for medical aid. The runner was captured. He told the posse that the deserters comprised men from camps Lee, Taylor and Shelby and a number of draft evaders. A member of the posse, he said, was killed yesterday.

The leader of the deserters this morning sent a message to Sheriff G. T. Blankenship of Mingo county warning him to draw off his posse and militiamen as all of the deserters are armed with rifles "and will fight to the last man before surrendering."

A message received here at 10 o'clock said two of the deserters had been shot. The deserters are said to have escaped from a house where they were barricaded and taken refuge in a cave which they have fortified.

\$100 Reward, \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, Etc.

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce's Anuric Tablets, Buffalo, N. Y., says that you should drink plenty of water daily between meals. Then procure at your nearest drug store, Anuric (double strength). This "An-u-ric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package. "Anuric"—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.

Mr. Rocco Jones says: "Just a few lines in regard to Dr. Pierce's Anuric Tablets which I took for kidney trouble. I am glad to recommend them to everybody. I know that they are good or I would not recommend them. After taking a few bottles I saw that the swelling was going down so I continued their use. I have quit taking them now and am cured—getting along fine and dandy."

SUSPEND SUGAR SHIPMENT TO CANADA

WASHINGTON, Aug. 22.—Withdrawal of authority heretofore extended to collectors of customs to license the exportation to Canada of small quantities of sugar, wheat and products involved in retail border traffic has been announced by the war trade board. Exportations to Canada in the future must be covered by an individual port license issued by the war trade board.
