ENGLISH FLIGHT TO AMERICA UNLIKELY

LONDON, Sept. 13.—Two Royal Air Force officers with two mechanics, have just flown from England to Egypt, 2000 miles as the crow flies. Two stops were made for petrol, etc.

But it is extremely doubtful whether England will attempt any flight to America before the end of the war.

The feeling in official circles is that it would not be wise to spare the equipment and more especially the highly trained men required, while they are needed for the war.

There is always a feeling that such a course might bring criticism. And despite England's eagerness to make the first flight, it is likely that if America feels she can spare the equipment and men, America will get the honor.

The machine used by the British fliers who made the trip to Egypt was an ordinary service machine of a type which has seen much service at the front.

CUT THIS OUT

Old English Recipe for Catarrh, Catarrhal Deafness and Head Noises

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parmint (Double strength). Take this home and add to it ¼ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmint used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial. Adv.

Thought One Clean Shirt All He Needed

"Ten years ago I was reduced to a mere shadow. I was yellow as a gold piece and would often be doubled up with most excruciating pains in my stomach. Physicians could only relieve me with morphine. I was advised to try Mayr's Wonderful Remedy and it helped me at once. What is more, I have been well ever since. A friend said he thought one more clean shirt all I would ever wear." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere. Adv.

Can't Help But Admire Babies

Every Woman Casts Loving Glance at the Nestling Cuddled in its Bonnet.

It is a joy and comfort to know that those much talked of pains and other distresses that are said to proceed child-bearing may be avoided. No woman need fear as comfort if she will fortify herself with the well known and time-honored remedy, Mother's Friend.

This is a most grateful, penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. By regular use the muscles expand without the usual strain when baby is born and pain and danger at the crisis is consequently lost.

Women everywhere who have used this famous remedy tell how they entirely avoided nervousness, twitching spells, tearing down and stretching pains, and relate how they enjoyed entire freedom from the many distressing and distressing experiences usually incident to approaching motherhood.

Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom have used and recommended it. It is for external use only, is absolutely and entirely safe and wonderfully effective.

Write the Bradfield Regulator Co., Lamar Bldg., Atlanta, Ga., for their "Motherhood Book," so valuable to expectant mothers, and in the meantime obtain a bottle of Mother's Friend from the druggist today and thus fortify yourself against pain and discomfort.
