We now have a first-class auto machinist who just arrived, and we are prepared to handle all kinds of auto repair work. Valley Garage.

Ben F. Bigham of Medford, has been honorably discharged from the marine corps service because of an injury received in the line of duty, and is now located in San Francisco. He is now about two years ago at Portland in the marines and his expert marksmanship soon won him recognition and a detail as instructor of sharpshooters. Later he succeeded in getting a transfer to a machine gun company. About a month ago thru the bursting of a shell during gun practice, the drum of his right ear was broken, making him deaf in that ear, thus necessitating his honorable discharge from service.

Attorney Newton W. Borden has moved his law office to the Palm block, 107 East Main street.

County Prosecutor Roberts spent Friday in Ashland attending the hearing of three bootleggers, who were captured yesterday in the Siskiyou with considerable whiskey in their possession. The prisoners were presumed to hail from Portland.

For the best insurance see Holmes, the Insurance Man.

Charles W. Alward of Seaside, Ore. a druggist of that city, who is a former resident of Medford and was the first pianist of the local Elks lodge, spent Thursday in the city visiting old friends. With his wife and Mr. and Mrs. J. E. Oates of Seaside he was en route on a motor trip to San Francisco.

A motor touring party registered at the Hotel Holland consists of Mr. and Mrs. W. F. Wilson of Washington, Ida., and Mr. and Mrs. H. J. Wilson of Elko, Nev.

Dr. Helne, Garnett-Corey Bldg.

The soft pedal has been put on the matter of phone calls at the high and grade schools during sessions. "The work in our schools is so planned that we shall get the greatest efficiency under circumstances," says Superintendent Davenport. "The time of teachers and pupils during sessions is of great importance. Thus we kindly ask parents not to call pupils or teachers to the telephone unless the same should be absolutely necessary. It is readily seen that it would be quite impossible to have teachers and pupils answering the many calls that might come, thereby taking them away from their classroom work."

Mr. and Mrs. L. G. Porter, of Medford, arrived in Corvallis Sunday evening from Portland, where they had spent a brief time on business and pleasure, and are guests of their son and daughter-in-law, Mr. and Mrs. Jack Porter. They are to remain several days.—Corvallis Gazette-Times.

MASQUE OF LIFE NOVELTY AT PAGE

Absolutely different from anything ever before seen in America is "The Masque of Life" playing at the Page tonight and Saturday. In it is displayed once again and the superior art of the Italians in producing a film essentially spectacular, yet having in it the heart necessary to create suspense and sympathy for its characters. Though it is just about the biggest thing conceivable from a spectacular viewpoint, the story is nevertheless of a thrilling nature which it contains could only have been originated by a great mind.

Some one asked the manager of the show what kind of a film it was. He stumbled about for a reply, and finally said, "I cannot describe it." If one were inclined to be witty they might call it a "hash of emotions"—if there is a human emotion not displayed, it was an oversight of the author. He has them all in it—hate, love, jealousy, fear, revenge, self-sacrifice, and patriotism. This picture is made by the same company that produced "The Warrior."

RAILROADS SHOW 40 MILLION GAIN OVER YEAR AGO

WASHINGTON, Sept. 20.—Railroads in July for the first time this year got more net income than in the corresponding month of last year. Operating income amounted to \$125,699,000, or \$10,000,000 more than in July, 1917.

This record was caused largely by the 25 per cent increase in rates, indicating that the rate was more than sufficient to cover the higher wages and other increased operating costs. These reports, however, did not include the big sums spent for extensions, betterments, new equipment and other capital purposes under the railroad administration's billion dollar improvement program for the year.

Revenues in July were reported as \$468,379,000 as compared with \$348,393,000 in July last year. This included freight receipts of \$327,151,000 which was \$86,000,000 greater than the record of July 1917 and passenger receipts of \$104,000,000, which was \$30,000,000 more than the corresponding figure last year.

Expenses amounted to \$316,813,000 as compared with \$237,809,000 in July last year.

For the seven months of government control ending with July, operating income was reported as \$309,375,000, as compared with \$554,295,000 for the corresponding period of last year.

The approximate amount the government will have to pay the railroads as guaranteed compensation for that period is \$532,000,000.

AMERICAN ARMY UNITED AGAINST GERMAN PEACE

WASHINGTON, Sept. 20.—Telegraphing under Wednesday, Renter's correspondent at American headquarters, says:

"I have been at pains to sound the sentiments of the American army on the enemy's peace offensive, with a result startlingly convincing. I was prepared for firmness, but I found rather a feeling of suppressed fury at the thought of peace being made with the Hun until he had yielded his arms and asked for mercy.

"Peace on that basis is the only kind that will satisfy the American soldiers. The unanimity and inflexibility on this point, are remarkable and it must be remembered that the American army is not only a fine fighting force but is going to be an enormous political force. A concrete body of 6,000,000 men, even if it grows no larger, trained by bitter experience to a common view, is going

To Relieve Catarrh, Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Peppermint (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. Peppermint is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective. Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial. Adv.

to have an influence on the policy of the United States which nothing can withstand. "Moreover, since we are dependent on American resources to bring the war to a conclusion, we may also count on its being concluded in a fashion that will be in agreement with American determination."

Where Good Cooks Are Most Valued Surely never in the world was honest good cooking of real honest good food enjoyed more than it is on a farm in rush times. How the hungry hired help and neighbors do eat! How they do enjoy and appreciate good cooking!

Carnation Milk From Contented Cows will never decrease your reputation as a cook, Madam. Rather it will surely increase it. It is nothing but pure cow's milk evaporated to the consistency of cream. In creaming vegetables, in making bread, pastry and cakes—wherever you use milk in cooking—it gives a flavor that is very appetizing. Carnation can be whipped like cream, when thoroughly chilled of course, which proves its quality. Carnation is used by thousands of people just as it comes from the can for cream on fruit and cereals and in tea and coffee.

The Carnation Case in the Stereogram "The Answer to the Milk Question" On the Farm. Your Grocer Has Carnation "The Story of Carnation," containing 114 recipes, sent upon receipt of your address. Carnation Milk Products Co., Seattle, Wash.
