A misunderstanding seems to exist as to the office hours of the city superintendent of schools. "The day is past when a superintendent should be employed for clerical and mere office work in a city school system," said Superintendent Davenport Tuesday. "Therefore it is my plan to spend the hours from 9 to 12 in supervision of the elementary schools and then a part of the afternoon in the supervision of the high school department and in conference with the instructors and students. On the other hand it is the plan to have patrons and all others interested in the schools have ample opportunity for the regular office hours which will be from 8 to 9 a. m. and from 2 to 4 p. m. We cordially invite the people to call at these times. To make it just as convenient as possible for patrons, a competent secretary has been employed in the office of the superintendent so that telephone calls may be left at any time. We are only too glad to make arrangements for special conferences with patrons, if it should be necessary."

60 DAYS IN JAIL FINES OF \$250 FOR BOOTLEGGERS

The three Portland bootleggers arrested last Thursday forenoon in the Siskiyou after their car had broke down and they had placed 175 quarts of whisky and three dozen bottles of beer in concealment on the mountain side, were sentenced Monday by Justice Gowdy of Ashland. Each was sentenced to serve 60 days in jail and given a fine of \$250.

Prosecutor Roberts declares that the prisoners have not implicated higher ups in Portland, but it is known that the government is taking a strong interest in the case and has a representative investigating. There is a rumor that federal officials plan to arrest the California saloonkeeper who sold the booze to the Portland men. The prisoners sentenced are Barney Perlman, Morris Minsky and George B. Golde.

SLACKER CAUGHT IN SOUTH AMERICA

PANAMA, Sept. 24.—Although they fled from California through Central America to Venezuela to evade the draft, Robert and Benjamin Livingstone of Los Angeles, have been apprehended by agents of the American government. The men were arrested while traveling in Venezuela with their mother. They were under assumed names and had passports issued in San Salvador. The Livingstones will be returned to California.

LOS ANGELES, Cal., Sept. 24.—The Livingstone family, consisting of Nathan M. Livingstone and Matilda Livingstone, the parents, three sons and two daughters, formerly owned and operated two shoe stores here and occupied a handsome home. The oldest son, George Washington Livingstone, left for Costa Rica before the draft became effective; Robert left after registering, and his parents were indicted for having falsified his exemption claim affidavits. They evaded arrest on the indictment and the remaining son, Benjamin, and the two daughters, were arrested, charged with having assisted in such evasion.

It was found at that time that the daughters and Benjamin all had passports to San Salvador. The man was required to deposit his passport and \$10,000 bond for his appearance. The women's passports were also called in, and each of them required to give \$2,500 bond. They abandoned the passports, forfeited their bonds and fled. They sold their properties here before leaving. The federal authorities here instituted a world wide search for them.

ARCHBISHOP IRELAND AT POINT OF DEATH

ST. PAUL, Sept. 24.—Regaining consciousness for a few minutes now and then this morning, Archbishop John Ireland of the Roman Catholic diocese of St. Paul was at the point of death, and is being kept alive by oxygen and other stimulants.

Archbishop Ireland is 80 years old. Despite his weak heart, he rallied three times during the past 48 hours from seemingly fatal relapses.

\$60,000 BONDS SUBSCRIBED FOR LIBERTY LOAN

The fourth liberty loan bond campaign for the Medford district is now in full swing and up to this morning the total so far subscribed was \$60,000. Of this sum \$25,000 was subscribed yesterday voluntarily and thru the efforts of 60 solicitors, men and women, who started to work Monday forenoon.

The \$25,000 subscribed Monday, the first working day of the campaign, is \$5,000 ahead of the amount raised the first day of the previous liberty loan campaign. The other \$20,000 so far subscribed all came from voluntary subscriptions made last week.

Chairman Kidd announced today that the quota of the Medford district would be about \$215,000, altho the official figures would not be known until the government announced the entire sum of the Fourth Liberty loan campaign and the quota of each state. This announcement is expected hourly.

Chairman Kidd and the executive committee urge that the people receive the solicitors courteously, as already reports have reached headquarters that a number of persons have greeted solicitors churlishly. These are few in number, and such conduct on the part of a few is a characteristic of every drive for whatever purpose in this and other communities.

The people are also urged to go to the banks as soon as possible and subscribe voluntarily. All subscriptions made this week will count as volunteer ones, as the regular drive will not start in earnestness and vigor until next Saturday, altho solicitors will be at work all this week.

From next Saturday on until the end of the campaign Oct. 19, no effort will be spared to rush the campaign and see that every slow or reluctant individual is urged to do his duty.

The women workers whose headquarters are in the store room at the corner of West Main and North Bartlett streets, are making a thorough canvass of the residence districts of the city.

CLAIM EXEMPTION IF ENTITLED TO IT

WASHINGTON, Sept. 24.—Provoost Marshal Crowder today, by formal statement asked men registered under the selective service law who now are answering questionnaires not to let motives of chivalry prevent them from claiming deferred classification if their occupation or the status of their dependents entitles them to do so. He again pointed out that such claims can be made by a third person and that though local boards are endeavoring to ascertain the true conditions even when a claim is not made the necessity for expediting the work makes it incumbent upon registrants to assist.

HERE TO CONSTRUCT EVAPORATING PLANT FOR LOCAL FRUIT

To the Editor: Being retained by the Premier Machinery Co., of Oakland, Cal., one of the creditors of the company that failed to execute a contract with Mr. Frank Radovan, of this city, to build an evaporator, I wish to assure the growers and others of this community, that it is no fault or negligence of Mr. Radovan that the evaporator has not been erected, he has been the victim of the inability of others to perform. He put up his money in good faith, his credit is good for all requirements from us, and we will see to it that this evaporator is built at once.

This evaporator matter is one of great interest to the city of Medford, in patriotic sentiment it is a "To win the war" measure, as it is conservation of food, to the grower it means the saving of the crops.

Mr. Radovan has shown me the results of his efforts in air-drying pears; the product is excellent. The pears grown here are fine for evaporating.

The machinery for preparing the fruit for the evaporators is here in the S. P. R. R. warehouse, Medford merchants have at once facilitated obtaining the material and labor for the building, such as brick, lime, etc. I desire to compliment Medford on having an able, courteous secretary of the Commercial club, in the person of Mrs. Satchwell. She gave me the information I desired very comprehensively.

We have a material preferential from the national food administration which at once enables us to get supplies for food preservation projects such as this case here.

Thanking you for space for this announcement, due Mr. Radovan, and that it will enlist co-operation.

WYNNE H. HARRIS, Consulting Evaporating Engineer, Medford, Sept. 23.

KAISER TALKS TO BRIEY GARRISONS

LONDON, Sept. 24.—In an address to Austrian officers at Briey, near Metz, yesterday Emperor William recalled to them that they had before them on this front the American, who has "promised France to give her Alsace-Lorraine" and was wished, he said, "to add big deeds to their words." The emperor assured the Austrians of his confidence that with the help of the German forces the Americans would be given the "right answer at the right moment."

LONDON, Sept. 24.—Emperor William visited Briey, near Metz, yesterday, according to an Amsterdam dispatch to the Exchange Telegraph company. He distributed 400 iron crosses, inspected field hospitals and spoke to German, Austrian, French and British wounded in their respective languages. Later he addressed Austrian officers saying: "You may fight our battles as good comrades and in return for our help, which we have often given you, and for our strong, free and common future."
