Good plans for sale very cheap. Phone 6-F12, or address Copo Hardware Co., Phoenix.

Notice. The surgeon general requires the state board of health to wire reports of all cases of influenza. The state board requests these reports from the county physicians. I therefore urge all physicians of Jackson county to report to me at once any case of Spanish influenza, in order that steps may be taken to prevent an epidemic.

T. J. MALMÖREN, County Physician.

MEDFORD LAGS WAY BEHIND IN BOND PURCHASES

With a do or die in the attempt spirit the Medford district liberty bond executive committee and assistants started out the week this morning determined to put the district over the top this week.

The work began with only \$132,000 raised up to late Saturday night, less than half of the district's quota, which is \$298,158. Several hundred persons who subscribed in the last campaign have yet to subscribe in this one, and most of those who have subscribed in the past week have taken a less amount than in the previous campaign.

To reach the district's quota everyone must subscribe for an increased amount over the last drive, and Chairman Kidd and the committee earnestly implore them to do this, as the quota is greatly increased to what it was before. The committee also calls attention to the fact that the next liberty bond campaign will not come for six months. Therefore everyone has a long period from now to pay in full for their subscriptions, if they cannot pay cash.

For instance, if one subscribes for a fifty dollar bond he only has to pay down \$5 cash, 20 per cent or \$10 on Nov. 2, 20 per cent or \$10 on Dec. 19, 20 per cent or 10 on Jan. 16, and 30 per cent or \$15 on Jan. 29. New subscriptions follow:

- F. G. Owen \$2000

IRRIGATION BONDS WIN BY MAJORITY OF 21 AT POLLS

The Medford Irrigation district board met this afternoon to canvass the vote cast at the bond issue election of last Saturday. There was general rejoicing thruout the city and valley over the carrying of the bond issue, as it means much for the future welfare and prosperity of the valley.

The property owners under the project cast the following vote on the proposal to issue \$1,500,000 worth of bonds for the construction of an irrigation system with Big Butte creek as the source of supply: For, 141; against 120.

The vote of precincts was as follows: Precinct No. 1, East Medford, 47 in favor of the bonds and 24 against; precinct No. 2, South Medford, 47 in favor of 43 opposed; Precinct No. 3, West Medford, 47 aye, 43 no.

GOURAUD DRIVES UP AISNE RIVER TO MEET YANKS

PARIS, Sept. 30.—(Havas).—General Gouraud's army attacked this morning on the northern slopes of Bellevue heights, Mont Cuvelot and Bouconville.

Ain brook, which flows northeast toward Chalange, has been crossed and heights dominating the village of Marnes on the west side of the brook have been taken.

WITH THE FRENCH ARMY IN CHAMPAGNE, Sunday, Sept. 29.—(By Associated Press.) The capture of Mont Cuvelot and Bouconville by the French is most important. These heights permit the French to overlook the valley of the Aisne and the important railway junction of Chalange. Also the mouth of the valley thru which flows the River Aisne. Along this river a railway runs westward from Mouton to Grandpre. It is the only route possible for troops passing thru the Ardenne forest.

The railway at Chalange is under fire and the Americans on the other side of the forest are steadily approaching Grandpre. Yesterday's desperate fighting was not in vain. The enemy's right flank in the Champagne is weakening.

The railway at Chalange is under fire and the Americans on the other side of the forest are steadily approaching Grandpre. Yesterday's desperate fighting was not in vain. The enemy's right flank in the Champagne is weakening.

THIS WOMAN ESCAPED AN OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound. Many Others Have Done the Same.

Troy, N. Y.—"I suffered for more than seven months from a displacement and these doctors told me I would have to have an operation. I had dragging down pains, backache and headaches and could not do my housework. My sister who had been helped by Lydia E. Pinkham's Vegetable Compound asked me to try it. I have taken several bottles and am now entirely well—so I do all my work—and not a trace of my old trouble. I have told many of my friends what wonderful results they will get from its use."

Women who are in Mrs. Semler's condition should not give up hope or submit to such an ordeal until they have given Lydia E. Pinkham's Vegetable Compound a trial.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

COUNTY TEACHERS IN CONVENTION AT HIGH SCHOOL

About 250 school teachers and instructors comprising the educational force of the cities, towns and rural districts of Jackson county are in attendance at the annual three days county teachers institute being held at Medford High school, which convened this morning. The session was opened by County Superintendent Ager presiding. Following musical selections addresses were given by President J. H. Ackerman of the state normal school at Monmouth and Supt. G. A. Briscoe of the Ashland schools. Then from 10:15 until 11 a. m. departmental sessions were held. Departmental sessions were resumed after a short intermission until noon. J. A. Churchill, state superintendent, was on the program for two addresses but did not arrive in the city in time to make them. The afternoon was given over to departmental sessions and a musical in charge of George Andrews. The programs for Tuesday and Wednesday are of special interest. Miss Ida Mae Smith, primary critic of the state normal school, was one of the main speakers at both sessions today.

Sequel To Love For Doll

Material Greatly Developed by Teaching Children to Love their Dolls.

The little child's doll is mother to the most romantic fairy. And in the years that pass, the doll takes into the paths of a June rose, to create the most wonderful of all transformations.

And now comes a more serious period when the joy of real motherhood should be as tranquil as that of a mother's love. This is accomplished with a wonderful remedy known as Mother's Milk. An elaborate application so perfect in its nature as to thoroughly imitate the natural secretions of milk, tender, pure and sweet, just beneath the skin of the mamma.

It relieves the tension, prevents tenderness and pain at the crisis and enables the abdomen to expand freely. The breasts expand naturally after they arrive and the form is thus preserved.

It should be applied daily, night and day, during the period of pregnancy. Its regular use it enables the abdomen to expand without the usual pain, which is so often, naturally, pain and danger at the crisis is less.

You will find Mother's Friend on sale at every drug store. It is prepared only by the Braxfield Manufacturing Co., 1111 1/2 Ave. N. W., Atlanta, Ga. They will send you an instructive "Mother's Friend" without charge. Write them to send it to you. Do not expect for a single penny or send to the Mother's Friend. Obtain a bottle from your drug store today for all women, and their forty percent discount on pain and discomfort.
