

RIGHT WRONGS BEFORE PEACE SAYS BALFOUR

British Foreign Secretary Declares Wrongs of Subordinated Peoples Must be Righted and Seized Territories Returned Before League of Nations is Possible.

LONDON, Monday, Sept. 30.—The wrongs of subordinated peoples must be righted and territories occupied by Germany since the beginning of the war must have complete freedom before a league of nations can be possible and peace secured to the world, said Arthur J. Balfour, British foreign secretary, at the Guild Hall today.

"The full magnitude of all the issues before mankind is thoroughly realized," said Mr. Balfour. "America came into the war fully conscious of what those issues were and very wisely named its great financial efforts after the cause which it has at heart, for that cause was liberty for the world."

"There is yet another cause, not embodied in a name, but as present to the hearts and consciences of Americans as to the hearts and consciences of British, French and Italians, namely, that if we failed in this crisis not merely to win the war but to see that such wars do not recur, our task would be but half accomplished."

"I am confident you all have read President Wilson's speech. It had all those characteristics which make his public utterances unique in state documents. It had eloquence, directness and the magnificence of a style to which he has accustomed us."

"His main theme was this: That if the world would make sure that it is going to have peace it must come to some arrangement by which malefactors or would-be malefactors are to be kept in order by a league of nations."

"The second proposition was that if you are to carry out this great ideal the only time to do it effectually is the moment when peace itself is being forged by the labors of victorious powers."

"Personally, I am very much of the president's mind, that to allow this occasion to sink into the past would be to lose one of the great opportunities given mankind permanently to put international relations upon a sound, lasting and moral footing and if the work for your new international machinery for securing peace is not to be greater than it can perform, you must so arrange the map of Europe and the world that great occasion for wars will not overwhelm you."

"If you are going to render permanent German domination over Russia, especially western Russia and the small peoples along the Baltic; if you refuse to redress the wrongs of Poland; if the subordinated peoples in the Austrian empire are to be left under the heel of the German and Magyar minorities; if the Balkans are to be the scene of bloody wars and the occasion of hostilities among their neighbors; if the Turk is to be allowed to resume his bloody sway over the territories torn from him; if Italy is not to have restored to her and added to her those populations which really make her indeed an Italy redeemed; if Greece is to be threatened, as in the past, by the domination of the central powers; if Serbia is not to be restored after all her appalling sacrifices and glorious gallantry; if France is not to resume her full place in western Europe and if Belgium is not to be restored in full measure, if all those evils are not potentially to recur, then you must do something more than merely establish a league of nations."

PRESIDENT SENDS COMMENDATION TO STUDENT ARMY

WASHINGTON, Oct. 1.—One hundred and fifty thousand college students were mustered today into the student's army reserve corps at more than 500 colleges and universities, becoming a part of the military forces. Special programs were arranged.

Standing at attention, the students heard read messages from President Wilson, Acting Secretary Crowgill and General March, chief of staff, President Wilson's message said:

"The step you have taken is a most significant one. By it you have ceased to be merely individuals, each seeking to perfect himself to win his own place in the world, and have become comrades in the common cause of making the world a better place to live in. You have joined yourselves to the entire manhood of the country and pledged, as did your forefathers, 'your lives, your fortunes and your sacred honor' to the freedom of humanity."

"The enterprise upon which you have embarked is a hazardous and difficult one. This is not a war of words; this is not a scholastic struggle. It is a war of ideals, yet fought with all the devices of science and with the power of machine. To succeed, you must not only be inspired by the ideals for which this country stands, but you must also be masters of the technique with which the battle is fought. You must not only be thrilled with the zeal for the common welfare, but you must also be master of the weapons of today."

"There can be no doubt of the issue. The spirit that is revealed and the manner in which America has responded to the call is indomitable. I have no doubt that you, too, will use your utmost strength to maintain that spirit and carry it forward to the final victory that will certainly be ours."

The students' army training corps is divided into collegiate and vocational sections, from both of which there will be opportunity to win promotion.

FIVE DISTRICTS IN OREGON SHY OF QUOTA FOR LOANS

PORTLAND, Ore., Aug. 1.—Oregon is waiting on five districts that are lagging in the fourth liberty loan campaign. The few counties other than the five are not yet over the top but are marching so rapidly that they will be over before night. The five districts are Clatsop, Umatilla, Marion and Jackson counties, and the city of Portland.

The state lacks less than \$700,000 of being over and Portland something between three and four million. Portland is today conducting a sacker drive, going particularly after certain wealthy individuals who have passed off their subscription with a tenth of what it ought to be. The Portland committee held up three prominent sackers in the public press this morning and the local drive will be replete with sensations if matters do not take a turn for the better immediately.

The committee made announcement this morning that its actions henceforth would be drastic and already a visible increase in the quota is noticeable in the booths where liberty loan subscriptions are being taken.

Thought His Time Had Come---Disappointed

"I never was more surprised in my life than when I took the first dose of May's Wonderful Remedy. My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time in this world was short, and believed it the last medicine I would ever take. It is now eight weeks since, and I am feeling better than for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by druggists everywhere. Adv.

Miss Mary Bagshaw, home from Washington and is visiting relatives living here. Preparation are being made for the pioneer reunion to be held here Thursday, October 3, 1918. An excellent program will be rendered followed by a basket dinner.

Jacksonville, with its usual generous subscribers, was one of the first towns in Jackson county to go over the top in the fourth liberty loan drive. Their quota was 300 per cent more than the last time.

A reception was given at the home of Mr. and Mrs. E. A. Fleming last Friday night to the boys entering the training class at O. A. C. About 40 young people gathered to bid them farewell.
