CLAIM BREWERS PRO-GERMAN IN WAR SYMPATHY

Senator Jones Charges Liquor Makers With Having Secretly Financed Newspapers and Endeavoring to Influence Public Opinion in Behalf of Booze and Germany.

WASHINGTON, Oct. 8.—Charges that the United States Brewers' association and individual members have secretly financed newspapers in the interest of the liquor traffic, contributed to the National German-American Alliance, been convicted of corrupt practices and improperly influenced state and national legislation, were renewed in a memorandum filed today by Senator Jones of Washington, republican, with the senate judiciary sub-committee investigating loans by brewers to Arthur Brisbane in connection with the latter's purchase of the Washington Times.

Senator Jones, author of the resolution, adopted by the senate and under which the sub-committee is acting, presented his memorandum for the purpose of contending that the inquiry is unlimited in scope and not as has been suggested, confined alone to the Washington Times.

Facts Established

Documentary evidence alone, the memorandum asserts, will establish the following facts:

"That the United States Brewers association, individual brewers and corporations, have financed newspapers in the interest of the liquor traffic, and deceived the public as to the secret arrangements for money loaned, which in some cases was to be repaid only in the discretion of the newspaper owner out of the paper, if there should be any profits.

"That the United States Brewers' association and certain individual brewers who helped finance certain newspapers advocating the liquor traffic also contributed to the National German-American Alliance and financed the publication of an official organ after the sinking of the Lusitania and other similar German atrocities.

"That the United States Brewers' association and certain individual brewers and brewery corporations have been convicted, pleaded guilty, or nolo contendere, to the charges of violation of federal corrupt practices act and other criminal laws and paid several hundreds of thousands of dollars in fines and penalties.

"That the National German-American Alliance was financed in part by the brewers' association and individual brewers and liquor dealers.

Financed by Brewers

"That the brewers' association, thru organizations whose identity has been concealed, such as the so-called National Association of Commerce and Labor, Manufacturers and Dealers' association, Business Men's association, Tax Payers' league, Home Rule and other organizations, have made political surveys relating to the attitude of candidates for office and how they could be influenced and controlled in the interest of the liquor traffic. * * * Such organizations and individuals also have encouraged the starting of strikes in dry territory and instigated local troubles in shops and factories whose owners and managers favored prohibition.

"That the brewery trade and liquor traffic is pro-German in its sympathy."

Documents in possession of the alien property custodian, the attorney-general of Texas, federal district attorneys at Pittsburg, Detroit, and Austin, Texas, together with the German-American Alliance organ and German newspapers were cited as evidence by Senator Jones. He said the war department intelligence service has other evidence of "brazen methods" of liquor interests to corrupt electorates and public officials.

SLOW PROGRESS MADE IN SALE OF LIBERTY BONDS

The total amount of subscriptions in the Medford district liberty bond campaign this noon was $220,000, as the subscriptions of Monday amounted to $5000. The average daily subscriptions of late have only been $5000 and the committee points out that if this average is not greatly increased by people increasing the amount they have already subscribed for the district cannot possibly reach the top by the end of the campaign, Oct. 19.

One bright ray in the campaign came today with the loyalty shown by L. J. Davies, the former Medford garage man, who several months ago removed to Twin Falls, Colo. He showed his loyalty not only to the government but to Medford by mailing his check for $350 for liberty bond subscriptions.

The committee again urges those of the public who have not yet subscribed, or who have not subscribed liberally enough according to their means, to ignore what it terms Germany's peace piffle. "Let every one remember," says Chairman Kidd, "that each fifty dollars subscribed will provide a good, warm army overcoat for a soldier this winter."

As usual not enough solicitors showed up today to cover the ground thoroly. The committee asks those persons who have purchased a bond or bonds, who are well able to buy more, not to get peeved when a solicitor is sent to them for the second or third time. "We've just got to keep after them, for unless every one who has subscribed increases his or her subscription liberally we just can't get top the top," says Mr. Kidd.

ADMIRAL WILSON REFUSES FRENCH CROSS

PARIS, Sept. 1.—(Correspondence of Associated Press.) Admiral Henry B. Wilson, commander-in-chief of the American naval forces in French waters, refused the cross of the Legion of Honor when President Poincare and Minister of Marine Georges Leygues visited him at Brest on August 15 and 16. The French press was invited not to record the incident.

The American admiral declared that, altho greatly flattered, by the proposal, it was impossible for him to accept a decoration. The minister of the marine then intervened and tried to shake the admiral's determination.

Admiral Wilson would not be moved. He reiterated his regrets but took his stand on his government's order forbidding the acceptance of decorations except for acts of war. He declared that he could not consider his work at Breast as being work at the front.

THE RIDER.

(By Eleanor Blair Green.)

What do you hear, America?
From over the seas comes a martial strain,
A thunder of guns, a moaning cry
Wrung from a million beds of pain.
What is that sound through the wind and rain—
Those galloping hoofs, that warning cry?
Paul Revere is riding again.
Do you not hear him, America?

What do you hear, America?
The Huns are sailing your seas again.
What is it, there, through the mist and spray?
Do you see your children drowning today
As they did in the Lusitania?
Will you track the murderers to their den?
Paul Revere is riding again
Up! and ride with him, America!

918,920,000 BUSHELS WHEAT YIELD OF YEAR

WASHINGTON, Oct. 8.—General improvement in crop prospects on October 1 over a month ago was shown today by the improvement in the department of agriculture's monthly report.

Corn improved to the extent of 46,000,000 bushels and now gives prospect of a 2,717,775,000 crop which would be 441,000,000 bushels smaller than last year s.

Spring wheat improved to the extent of about 20,000,000 bushels more than that produced last year. With this addition to spring wheat, the total wheat crop including winter wheat now in prospect is 918,920,000 bushels. That comes close to the billion bushel mark set by the government last fall to meet the war needs of America and the allies.

Estimate of production of other crops follow: Oats 1,535,297,000 bushels; barley 236,505,000; buckwheat 19,473,000; white potatoes 391,279,000; sweet potatoes 85,473,000; flax 15,606,000; rice 41,918,000; tobacco 1,265,362,000 pounds; pears 10,194,000 bushels; apples 198,389,000 bushels; sugar beets 6,458,000; kafirs 72,650,000 bushels; beans 17,802,000 bushels.

ARMY INDULGES IN CHEWING GUM

Orders have just been placed by the quartermasters corps for 2,300,000 packages of crewing gum for the army. It has been found that on long marches and where the troops are unable to get sufficient water, chewing gum is very effective in relieving thirst.

Recently the commanding officer of a regiment of field artillery, when embarking for overseas service, stated that 250 pounds of chewing gum would save hundreds of gallons of water when most needed. He pointed out that chewing gum is cheap and that there are times when water is very expensive and at times unobtainable.

Precautions to save water are therefore being taken. The lemon drops used by the army are prepared from a special formula tested for its thirst quenching qualities. Canned tomatoes have also been found effective for thirst, a can of tomatoes in the front line trenches has several times the results of the same volume of water. This is ascribed to the mild acidity of the canned tomato.

The subsistence division of the quartermaster corps is constantly engaged in experiments to discover ways and means to insure our troops getting the best food at all times and at the same time effecting the utmost saving in tonnage.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
