Persons who made application for telephone service prior to September 1, but for whom telephones were not installed until after that date, will not be required to pay the additional service connection charges of \$5, 10 and \$15, as the public service commission has received a letter from the Pacific Telephone & Telegraph company announcing that the company was refunding the amounts which had been collected for service connection charges in such cases. The company had misinterpreted the order of the postmaster general allowing service connection charges, as the order said the charges were not to become effective until September 1. The public service commission will also ask the company to restate those who had applied for telephone connection prior to September 1 but who had cancelled their applications rather than pay the high service connection charges.

A SUCCESSFUL REMEDY

All things seemed which really deserve to—when fill a real need, which prove their worth. The fact that the famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has for three generations been relieving women of this country from the worst forms of female illness and has won such a strong place in our American homes proves its merit beyond the question of a doubt. It will help any woman who is in need of such a medicine as this.

## USE PRESIDENTS NAME AS LABEL FOR APPAREL

PARIS, Oct. 17.—The name of President Wilson has supplanted those of King George V of England and of the late Emperor Nicholas of Russia as a label for popular styles of men's wearing apparel in the Paris shops. "I went to my tailor's to order a new suit, a blue serge, the sort of thing I've been wearing the last twenty years" writes a humorous contributor to L'Ouvre and that worthy called out to the bookkeeper "One Woodrow Wilson suit," adding in explanation to me, "That's the name of the goods."

"Then I went to the shirtmaker's where I selected some shirts that only differed from those I used to buy before the war in costing \$4 instead of \$1.50, and I heard the salesman announce, 'Six President Wilson shirts.'"

"My new boots, comfortable but devoid of elegance, bear branded upon their soles the name of the United States president."

"My hatter showed me a hat of the very shape that before the war we called 'Trolean' (and paid three times less for). The Tyrol has lost caste and these hats today are 'Wilson's' altho they were 'George Fifth's' during the first years of the war."

"My collars remind me of our glorious ally, for the laundry chemicals removed my name, that of the president remains indelible and yet these same collars for years could boast of bearing the name of Nicholas II."

## DRAFT CALLS FOR MEN 37 IN MARCH

WASHINGTON, Oct. 27.—Draft calls for men who have passed their 37th birthdays are expected to begin about March 1. The approximate date of the first call was disclosed today by publication of testimony by Provost Marshal General Crowder before the House Military Committee.

General Crowder told the committee 2,399,000 newly-registered men between 18 and 45 will be called before July 1. The calls for general service will be divided as follows: October 345,000; November 294,000; December 197,500; January 147,500; February 244,000; March, April, May and June 244,000 each month. These men will supply both the army and the navy and marine corps.
