

MEDFORD BOYS IN SERVICE PROVE REAL PATRIOTS

First Co. Upper Reserve, Fort McArthur, Calif., Oct. 10, '18. Dear Sir.—It is a pleasure for me to write this story of two of our own Medford boys who are making good for Uncle Sam.

Stanford S. and H. A. Aiken were called to the colors on July 6th, at Medford, Ore. It was both literally and figuratively a case of "brothers in arms." They were called to Fort McDowell and later transferred to Fort McArthur, San Pedro, Cal.

The salt air and balmy breezes seemed to agree with these two Oregonians, for they soon bloomed forth as corporals.

Oregonians are sometimes called "moss backs," but the term was certainly misapplied to these boys.

Not content with promotion alone, the boys decided to back Uncle Sam not only with their lives, but to invest their dollars in ammunition for their guns.

Sit up and take notice, you yellow back slackers who not only "hide out" at home, but refuse to loan your dollars on the security of the entire nation with good interest to supply these men who will perhaps make the "supreme sacrifice" that you may continue to enjoy the freedom for which you refuse both your craven lives and dirty dollars.

According to late reports issued by state and federal health authorities the Spanish influenza epidemic is rapidly spreading to all parts of the country, and it now seems that practically every state in the union will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to the public health, but unless checked, it is apt to seriously affect the progress of war work in all its various departments.

The disease has made its greatest progress in the east where it has claimed its victims by the thousands. Reports from other sections, however, are equally alarming; and both civil and military authorities have warned the public to take every precaution to prevent its further spread.

Medical authorities agree that people who are weak and rundown are the earliest victims of the influenza epidemic. If you find yourself tired, weak and losing flesh, or if you are in a generally run-down condition, or if you catch cold easily this warning should be heeded promptly.

his or her "bit" and not only "bit" but "best" in this solemn hour of our nation's peril will have no place in this country when peace has been established upon a decent and enduring basis.

When the boys come marching home again, when America is once more a safe place for women and children, every real American will wish to be able to look these victorious heroes in the face and say: "boys, I did all in my power to back you up!"

Buy bonds! Buy more bonds! Keep on buying bonds until our quota is raised and then buy more for good luck and future safety!

ASHLAND AND VICINITY Soldier boys passing thru here of late have been regaled with portions of an elaborate birthday cake, "built" after plans and specifications afforded by an expert in the person of Dr. Maude Hawley, whose custom has been for years past to provide a fine specimen of the pastry cook's art as a reminder of her brother Virgil's birthday anniversary.

Now Virgil is 22 years old, and the Hawley family history indicates that at each successive birthday of the brother he has been the recipient of this token of sisterly thoughtfulness and affection. However, at present Virgil is serving with the A. E. F. in France, and as birthday cakes cannot very well withstand the seag of the long haul overseas, recourse was had to the method of disposal as above set forth.

As a result, various other soldier boys will devour Virgil's birthday cake by proxy as it were, and the Red Cross ladies of the local canteen service are arranging that a just and impartial distribution of it is being made, a second helping to the luxury being out of the question. It is needless to add that this birthday cake, tho of ample proportions, is disappearing fast.

merging the telegraph and telephone service with that of the postoffice under joint government control of these utilities.

Word received from the Puget Sound naval station, directed to friends here, indicates that Jerry O'Neal, former plumber at Provost Bros., and who lately enlisted in the navy as shipfitter, is seriously ill at Bremerton as a result of the prevailing influenza epidemic.

Mrs. C. A. Wester, wife of the Southern Pacific resident engineer with headquarters at Dunsmuir, died in that city recently after brief illness. Besides her husband she leaves three children. Mrs. Wester was well known here and had many intimate friends in the local railroad colony, notably in the family of Conductor George Gillette.

Tom Hudson is home again from northern shipyards, for a belated vacation after a busy season at construction work where intensive operations are the order of the day.

Walker Thorne of Seattle, who is visiting relatives here early in the week and renewing former home associations in the family of O. H. Johnson. He has been connected with important business interests in the northern metropolis, but like many others, has sacrificed the opportunities of private life in exchange for the exactions of military service.

The seven combined war activities which are merged in a big national drive to begin Nov. 11, will require the raising of \$170,000,000 as a minimum amount to meet the demand. Jackson county's quota will be \$20,550, and the share which Ashland is expected to raise, the district including Talent and Phoenix, is \$4950. Ashland's specific contribution is supposed to be afforded by its war chest as replenished thru patriotic fund pledges.

Preliminary to leaving Ashland for an indefinite stay in Portland, the George Ganie family have been receiving a visit from Chan Reasoner, Mrs. Ganie's brother, who formerly resided here, and who has returned from India, where he relinquished a lucrative dental practice at Bombay in order to enter the U. S. military service.

"Cough and sneeze in private, and don't spit in public," is the slogan embodying all precautions necessary to ward off the approach of influenza germs.

Jack True, foreman on county highway operations which have been going on for some time past east of town in the Sauer Hill locality, has gone to Portland for a brief vacation, accompanied by his wife and her sister, Miss Amy Grubb. The party will also visit relatives at the northern military camps.

from March each year to November every two years in accordance with the state constitution.

All city offices will expire Jan. 1st, 1919. And there will be to elect at the regular election Nov. 5th, one mayor, one city recorder, one city treasurer and six councilmen, all for a term of two years each.

As we write Wednesday afternoon there is no Spanish influenza in our city up to date. Mayor Cowley is taking every precaution to keep same out. Schools here are not closed as yet but the school board are on the watch and at the first appearance of the disease school will be dismissed until danger of an epidemic is past.

H. W. Davison and family have moved from the Tritt property north of town to the residence at the northeast corner of Sixth and Alden streets in Central Point.

Mrs. A. D. Kenney of Sams Valley, was visiting relatives here recently. Mrs. Waddell left for Portland Tuesday where she will join her husband and remain permanently.

George Ben Little who has been in government service at Lake of the Woods, is now at home here.

Jess Neff, who is working on Applegate, spent Sunday with home folks.

Dr. William H. Heckman left last Thursday evening for Helena, Mont., where he will enter the medical service of the United States army.

Boyd Potter who has resided for some years in the Cochran property northeast of town, has moved to Ashland. The Methodist and Presbyterian Sunday schools have united and have elected Mr. Henderson superintendent.

A proposed charter amendment is being suggested whereby city officials shall be elected for two years instead of one year as at present. The idea is to eliminate at least half of the overhead election expense account by introducing this plan which is classed as a municipal reform movement.

CENTRAL POINT

A special meeting of the W. H. Harrison W. R. C. was held Monday night to receive and entertain Mrs. Bertha Drew Gilmore, of Heppner, Oregon, who is state president of the Woman's Relief Corps. Mrs. Gilmore inspected the corps here and reported same in fine condition and congratulated the officers upon their work.

G. N. Doris has moved his family from the Willow Springs district to the Kyle property in this city. The city council has called a special election to be held Tuesday, Oct. 22, from 9 a. m. to 6 p. m. at city hall, to amend the city charter, changing the time of holding city elections.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water. If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The uric gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.
