

WANTS TO SHUT-OFF HUN PEACE TALK

WASHINGTON, Oct. 21.—Senator Poindexter of Washington, republican, introduced a joint resolution today proposing that congress forbid further negotiations by the United States with Germany looking to the granting of an armistice or peace until the German military forces have surrendered unconditionally. It was referred to the foreign relations committee.

NEW CREDITS FOR ITALY AND FRANCE

Washington, Oct. 21.—New credits for \$700,000,000 for Italy and \$100,000,000 for France were established today by the treasury, making the total loans to Italy \$1,000,000,000 and to France \$2,165,000,000. For all the allies American loans now amount to \$7,520,476,666.

ASHLAND AND VICINITY

Apples are greatly needed at the depot headquarters of the Red Cross canteen service. Eating varieties of the fruit are what is needed, as cooking apples are out of place for the specific purpose intended. Donations of fruit are most thankfully received, but whether loaned to the ladies of the canteen service or purchased by them, the apples should be good merchantable ones and not culls, inasmuch as they are handed out to the soldier boys who keenly relish a fine apple these crisp autumnal days.

Evangelist Drake, recently identified with the Fourth street mission, in this city, has been dismissed and accepted a call to Dunsmuir.

Kenneth Cummings, stepson of E. A. Hunter, and a grad of the Ashland high school, in which institution he was familiarly known as "Tuck" has just recovered from an operation performed in a Sacramento hospital. This recovery will enable him to realize his ambition of enlisting in the army, a physical defect having disqualified him in eight previous attempts, and for a like cause he was rejected after being included in two draft calls.

On Saturday a diminutive auto, stripped for action, and assuming the activities of a destroyer, mounted the curb at the intersection of Main and Oak streets and ran into the Owen block on that corner, working a surprise racket on a number of old timers who were basking in the sunshine in that favored locality. R. L. Burdick and M. F. Cyster jumped to safety, leaving Doc Songer to his fate. Doc, however, opened up a heavy barrage fire and deflected the course of the monster so that it headed directly for Charles Edgington, who climbed the nearest telephone pole, his coat tails brushing the oak's fender. The premises where the onslaught occurred had been used as a naval recruiting office, and it is thought by many that the attack was a premeditated one by a pro-Hun chauffeur in an effort to discourage enlistments. Near victims of the accident heaped coils of fire on the driver's head by fighting the machine, which endangered, succeeded only in the direction of Medford, its lone occupant not even leaving a clue to his identity, much less a formal expression of regrets for such an unprovoked attack upon non-combatants.

William Hazelton, of Earle Point,

and Miss Etta Riley, were married in this city, October 19, by Justice W. H. Gowdy.
A recent rally lay event at the Methodist church was one of the most interesting and enthusiastic epochs in the annals of that religious denomination. Not only the Sunday school children but adult members of the congregation participated in this rally, which was planned and carried out systematically, with church, literary and musical features blended in a composite program of rare excellence. As a preliminary to the rally, heralds of its approach, gaudied as regulation messenger boys, delivered telegrams among the church membership, summoning the faithful to attend, and it goes without saying that the invitations were accepted in as eager a spirit as the announcements were novel and unique. On a preceding Friday there was a rally day social at the church which incorporated numerous attractions, including the social hour, notably a series of stereoscopic views depicting Sunday school activities in foreign lands. The following Saturday forenoon a Sunday school picnic in Lithia park. Exercises proper were reserved for Sunday, the decorations being superb, while children and their elders vied with each other in activities which assumed the proportions of a Sunday school "drive." Appropriate musical selections awakened the patriotic spirit, songs being supplemented by a tribute to the flag delivered by E. K. Hall. O. W. Carson is superintendent of the school, ably assisted by over a dozen teachers and an enrollment of 125 scholars.

John Doe, with even more aliases, who has lately been occupying a furnished house on Skidmore street, belonging to G. S. Butler, was arrested last Friday and jailed here pending the meeting of the grand jury. He had loaded up the house turnshings slick and clean, and under convoy of a male team was heading for Klamath county. Overtaken near Parker's station by Mr. Putter and Chief of Police Hatcher he declared he was going to Klamath county to work and pay for the household goods carried away. In view of the completeness with which the residence equipment was carted off, it is a wonder that even the foundation, walls and roof of the house were left intact.

The plant of the Cottage Groce Ice company, owned by John S. Silby, a former railroad employe here, was completely destroyed by fire last week. Loss partially covered by insurance. Rebuilding the plant has not yet been decided upon.

The Solomon family, recently from Montana, are newcomers here, occupying furnished apartments on upper Granite street.

Donald Hunter, in the naval service, lately returned to the Bremerton headquarters of the Puget Sound station, after a furlough passed with homefolks in the E. A. Hunter family.

William Flueck, rancher in Klamath county, but whose family still lives here, is home for a visit. In due season he will place the ranch on a winter basis and return here to remain until the advent of next spring. Friends of Major J. Edward Thornton are gratified at hearing of his appointment as colonel of a regiment of the state guard made up of units of the organization in Southern Oregon. Major Thornton has been in command of the Sixth separate battalion of the state guard with headquarters here, and this appointment comes as a veteran, and ever since young manhood has been identified as an untiring worker in behalf of the organization in every phase of its development.

Vigorous school workers are making a general election in November. The movement here is in common with like efforts being made by Baker, La Grande and Pendleton in behalf of their respective localities, all of which have raised \$2,500 each to boost the movement along legislative lines, and Ashland is following suit with enthusiasm, a systematic campaign being in progress throughout the county generally and this city in particular. The responses have been generous, and there is no disposition on the part of our people to turn down the proposition as this most opportune time, war and other complications notwithstanding.

Mrs. August Schermerman has gone to Gold Hill where Mr. Schermerman is engaged in business. She will probably remain there until about November 1, unless summoned home sooner to assist in the Red Cross canteen service at the depot terminal, in connection with which she has been one of the most efficient workers.

Mrs. Henry Provost will return home early this week, after a two months' visit with relatives and friends in Los Angeles and vicinity.

Several in Talent were pleased to receive letters from Mr. and Mrs. Charles Jeffery since reaching their new home in Vacaville, Calif. They are comfortably settled and are busy putting in garden.

On Saturday evening the Salsig Sawmill & Lumber company and their employes gave a dance and supper for the benefit of the Red Cross at the Odd Fellows hall. Musicians were furnished from among the crew assisted by Miss Anna Flurry, Mr. Works and Mr. Childers, which was all a free donation. Little Miss Laura Tryer was chosen to decide the winner of the fine Jersey calf given by Ed Robinson to the Red Cross. The number drawn by the little lady was held by Mr. Van Horn of Hornbrook, who won the prize. The beautiful quilt made by Mrs. Mattison for the Red Cross, was also disposed of. This decision was made by little Miss Ellen drawing the number bought by Ralph Snook who received the quilt. A beautiful hand-made nightgown was donated by Mrs. W. W. Wells. For this prize a number of ladies' names was proposed, the lady receiving the highest number of votes being the winner. Votes were placed at five cents a vote. The ladies carrying the largest number of votes were Mrs. Charles Loughner, Mrs. F. Centers and Miss Lucy Oatman. Mrs.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION
Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to flush an inside bath each morning to flush out the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of inconsumable material in the form of ash, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, the kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.
Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, a bitter taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.
A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the vessel pores do.
