Alternative System of Taxing War and Excess Profits Struck Out and Compromise Plan Designed to Raise Less Substituted—80 Per Cent War Profits Feature Remains.

WASHINGTON, Oct. 22.—In revising the war excess profits tax feature of the house war revenue bill, the senate finance committee today struck out the alternative system of taxing war and excess profits and adopted a compromise plan designed to raise somewhat less than the \$3,200,000,000, estimated from the house provisions.

Computing the Tax

That the war tax shall be the sum of the amounts computed under the following brackets:

- 1.—Thirty per cent of the amount of the net income in excess of the excess profits credit (\$3,000 and 8 per cent of invested capital) and not in excess of 20 per cent of the invested capital.
2.—Sixty per cent of the amount of the net income in excess of 20 per cent of the invested capital.
3.—Eighty per cent of the amount of the net income (if any) in excess of the sum of (a) the war profits credit and (b) one and one-fourth times the tax computed under the first and second brackets.

Installation Payments

These rates were adopted in lieu of the house provisions levying 80 per cent on all war profits in excess of \$3,000 and 10 per cent of invested capital and rates varying from 35 to 70 per cent on excess profits.

GERMANS PRAYING FOR BETTER LUCK

LONDON, Oct. 22.—The rate of the increase of the allied aerial superiority is exceeding the most extravagant expectations of allied air officials.

Germany's shortage of materials and of trained fliers is telling. The allied officials know that their air job gets easier every day. But they're not letting up and they don't propose to.

During recent weeks German pursuit formations have gradually dropped from 18 to 12 machines—and larger and smaller formations proportionately.

Documents taken from captured prisoners throw more light on the causes of these reductions. Says a typical one, a German order to salvage workers:

"Our airplane industry is more and more reduced to relying on the working up of motors and instruments saved from destroyed airplanes. Thus the supply of material to the front has become essentially dependent upon the return of waste material from the front!"

GERMAN PAPER WANTS GUILTY SENT GALLOWS

Nuremberg Newspaper Not Only Censors for Abdication of Emperor but Urges German Socialists to Punish Chief Culprits Who Brought on War.

AMSTERDAM, Oct. 22.—(British Wireless Service.)—The Frankische Tagespost of Nuremberg, the first paper in Germany to demand openly the abdication of the emperor, declares that the accession of the crown prince is entirely out of the question.

"The German people is searching for the guilty," says the Volks Zeitung, the organ of the Nuremberg socialists. "The non-Germans and bankers are silent today, but we do not forget that they are the great war inciters in Germany, that they are a menace to the future healthy development of the German empire."

"To the pallows with the guilty, whoever they may be." The Socialists Arbeiter Zeitung of Vienna, urges the German socialists to punish the "chief culprits" without mercy, adding:

"When the German soldiers return home from the trenches after four years of unparalleled suffering there will be a reckoning for the people who have led them to this catastrophe. The German people will sweep away the junkies and take its own destiny into its own hands."

AMERICAN GENERAL AIDS FAIR CHAUFFEUR

LONDON, England, Oct. 22.—It happened in St. James. A big Napier—six cylinders—beloved of the staff, wouldn't work.

The young woman chauffeur tinkered and fussed but it would not start. In the tonneau a youthful brass-band was plainly bored by the vulgar crowd that gathered around, gazing first at the girl with frank sympathy, and then frowning at the young officer.

Unmistakable tears seemed imminent in the eyes of the chauffeur when an American officer appeared, took a look round, tinkered with the spark plug a moment and soon had the engine whir-r-r-ring.

It was General Biddle, commander of the American forces in Great Britain. He took one look at the back seat, then walked away.

UNITED CAMPAIGN SOON UNDERWAY FOR WAR WORKERS

Never in the history of the world has there been so spectacular an example of the supreme importance of morale as is now being presented on the western front. The forces that confront each other are not widely dissimilar in number or equipment. Yet one army is constantly withdrawing and the other irresistibly moving forward. The difference is spelled in the single word—morale.

Now that the Liberty loan is over there is just one more task for the American people—to provide the comforts of life for American boys through the United War Work campaign, which has for the purpose of raising funds, amalgamated the seven organizations doing welfare work for the soldiers and sailors—the Y. M. C. A., Y. W. C. A., K. of C., War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army.

It is the service rendered by these organizations that makes for the splendid morale of the American armies. General Pershing in a recent letter commenting on the work of these agencies quoted with approval the statement of one of his colonels who said: "Give me nine men who have a hut to spend their evenings in and I will have a better fighting force than ten men would be without it."

Dr. John R. Mott, director general of the United War Work campaign says, "If it is worth twenty-four billion dollars to keep our boys under arms next year surely it is worth a hundred and seventy million and more to add ten per cent to their fighting edge to bring victory ten per cent nearer." This is the appeal of the seven united war work agencies to America and particularly to those four million homes where service flags fly.

"Viewed as a total sum, \$170,500,000 seems gigantic, but divide it by the four million men who will be under arms in our army and navy during the period it is expected to cover and it means less than 15 cents a day per man.

"Surely there is no father or mother or friend of a soldier in this great country who will say that 15 cents a day is too much to spend on his child, his home, his library, his theater, and his club over there."

The United War Work campaign is being made at the request of President Wilson. The state quotas in the west are as follows:

Table with 2 columns: State and Amount. California \$4,688,750; Washington 1,278,750; Oregon 767,250; Idaho 426,250; Utah 341,000; Wyoming 196,075; Nevada 85,250.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that spongy or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes naturally dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
