### PORTLAND MAN GAINS 24 POUNDS

Was Hardly Able to Work Before He Began Taking Tanlac

"When I started taking Tanlac I was so weak I could hardly do anything at all, and it has not only almost made a new man of me, but I have gained twenty-four pounds besides," said Charles E. Shaffer, an employee of the Grant Smith-Porter Ship Building Company, living at 508 West Charleston street, Portland, Ore., the other day.

"A little over a year ago," he continued, "I suffered from a bad case of la grippe that pulled me down till I was hardly fit for a thing. I lost my appetite and what little I managed to force down soured on my stomach and felt as hard as a lump of lead in me, and I was miserable night and day. Then several weeks ago I had an awful attack of tonsillitis that had me so bad I couldn't swallow a bit of nourishment for ten days, and it came near putting me out of business. I felt tired and worn out all the time and lost every spark of energy I ever had. When I went to bed I would roll and toss so much that I never got a good night's sleep. In fact I haven't been able to sleep much in the last three or four years, and I always got up in the mornings feeling just as bad as when I went to bed. I lost considerable in weight and got so weak and rundown that at last I just had to quit working altogether."

"I read no much about the good Tanlac was doing others that I decided to try a bottle. I began to pick up right snarply from the very first, and in a little while I had my appetite back and was eating and enjoying my meals, and everything now agrees with me. I got as hungry as a bear in three hours after eating a hearty breakfast, and my food is building me up something wonderful. I sleep like a log all night and get up in the mornings feeling just fine and dandy. I am fast getting back my old time energy, and have already got a number of my friends started on Tanlac and expect to keep on boosting it."

Tanlac is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Miss M. A. Mee, in Ashland by J. J. McNair. Adv.

# "This Suits Me!"

It's the lad's idea of pie as it should be—he has "come into his own" now that mother uses Kream Krisp for shortening her pie crusts.

Mother only winks at her indulgence. Kream Krisp gives her the chance to "fill him up," for though she uses less Kream Krisp she can make more pie crust. And as the rich, flaky Kream Krisp pie crust is easily digested mother knows no digestive ill can follow the youngster's "fill."

Kream Krisp is every ounce pure shortening. And there's no scarcity of Kream Krisp, for it is a pure product of selected peanuts—and peanuts are plentiful.

Kream Krisp can be used again and again for frying for it has no flavor of its own and doesn't absorb any from food fried in it.

In shortening when you use Kream Krisp in place of butter or lard you decrease the quantity of shortening needed and increase the quality of your cooking.

You prove the economy of Kream Krisp in every use you make of it. Try it today.
