Notice to Subscribers—The United States War Industries Board has issued the following mandatory order, among others regulating the newspaper business during the period of the war: "Discontinue sending papers after date of expiration of subscription, unless subscription is renewed and paid for." The publisher has no option but to comply.

NEW GENERAL AT CAMP LEWIS STATES RUMOR

CAMP LEWIS, Tacoma, Wash., Oct. 30.—Another general soon will be assigned to Camp Lewis, according to reports here today.

The name of the general has not been announced but it is said he will command the 166th Depot Brigade.

The 166th Depot Brigade is a permanent camp organization. All new draft men on entering the camp are first assigned to the depot brigade for preliminary training, outfitting and quarantine before being assigned to combat units.

The 13th division has four generals, the complete number for a division.

For many months because of the shortage of higher officers the depot brigade has been without a brigadier-general as the tables of organization call for. This position now is to be filled.

Recently several officers who were here while the 91st division was being trained but for some reason or other forced to remain behind when the division departed overseas have received orders to proceed to France. When an officer receives these orders he becomes a subject for the congratulations of his fellow-officers.

"These orders are what we all aspire to," said one of these officers when he received his overseas orders today. "Everybody wants to go."

In the past week more than 20 medical officers have arrived here from other posts or direct from civil life. Many new nurses also have joined the staff of the base hospital.

INFLUENZA CASES DECREASE IN FRISCO

SAN FRANCISCO, Oct. 30.—But 186 cases of Spanish influenza developed in San Francisco between 5 o'clock last night and 11 o'clock today, according to an announcement by the board of health. Cases reported by mail totalled 897. Deaths numbered 35.

Physicians thruout the city reported a decided slackening of influenza calls. This was the reason for the large mail report, according to Dr. Wm. C. Hassler, city health officer. The physicians are finding time now to report by mail many cases that they were prevented from reporting before.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial. Adv.

FOR COUNTY JUDGE.

THE most important local office the voters of Jackson county are called upon to fill is that of county judge—a position which combines the technical legal knowledge of the probate court with the business administration of the county, the supervision of road construction and maintainence, the management of the county poor and the administration of the juvenile court.

If you were selecting a man to look after your business interests, as business manager, would you choose a clerk with no executive experience—no matter how good a routine clerk he might be?

If you had an inheritance or estate to be administered, or a will to be probated, would you employ a man with no legal training?

If you had from half a million to a million dollars to be expended in road construction and maintainance during the next few years, as the county will have, would you employ a man who never built or repaired anything except a political machine to keep himself perpetually in office?

County Clerk Gardner, having served the maximum terms as clerk and being desirous of remaining another four years on the county pay roll, despite his lack of business executive or legal experience, is a candidate for county judge. He has made a fairly good clerk,—although his regime has been costly—and a popular one, for he greets the taxpayer with all the "umbleness" of a Uriah Heep, to which, however, he combines the stupid stubbornness of a Missouri mule over trivial technicalities.

Judge Purdin, Mr. Gardner's opponent, has been a resident of the county for many years, and has long practiced in the probate court and has both legal and business training. He served in the legislature with credit, securing the passage of the Crater Lake road bill in 1905, and made a satisfactory mayor for Medford.

Judge Purdin differs from his opponent in that he is too old to go to war himself for his country, but he has three sons in the service. He stands high in the community and is well qualified to serve the county.

ANOTHER PRISON SCANDAL.

ANOTHER of the many scandals occurring during the Withycombe administration is before a grand jury—the prison parole scandal.

It appears that there has been a regular traffic in paroles—freedom of felons being bought and sold by the officers in charge. Notorious convicts sentenced to long terms, have been mysteriously released after a few months' confinement—to disappear leaving a trail of fresh crime in their wake.

The latest case is that of Wax, the crook who posed as Oliver H. Osborn in the Rae Tanzer case in New York. In some mysterious way, he was paroled for shipyard work after being brought back to finish his five year sentence and is now among the missing. The case is typical, one of many.

The history of the prison under Withycombe has been one scandal after another—mingled with mutinies, arson and murder. And the regime is an expensive one, the new budget asking $313,040, nearly double what it cost under the last two years of West's administration—to be exact, $148,790 more.

WHAT TO PAY LOCAL DEALERS FOR GROCERIES

Lower figures under "Consumer pays" are maximum prices that should be charged by "cash and carry" stores, and the higher figures maximums that should not be exceeded by stores giving credit, delivery, and similar services:

Wheat flour, in 49 lb. sack, retailer pays $2.67; consumer pays $2.87 to $2.97.

Wheat flour, Portland, etc., make, in 49 lb. sack, retailer pays $2.92; consumer pays $3.12 to $3.33.

Wheat flour, less than mill packages, per lb., retailer pays 5½c; consumer pays, 6½c.

Rye flour, in 10 lb. sack, retailer pays 72c; consumer pays 76 to 78c.

Corn flour, per lb., retailer pays 7½c; consumer pays 9½c to 9¾c.

Local corn meal, yellow, in 10 lb. sack, retailer pays 55c; consumer pays 65c to 70c.

Eastern corn meal, in 10 lb. sack, retailer pays 65c; consumer pays 76c to 80c.

Corn grits and hominy, in 10 lb. sack, retailer pays 72c; consumer pays 86c to 90c.

Rolled oats, in 9 lb. bag, retailer pays 75c; consumer pays 92 to 98c.

Local barley flour, per bbl., retailer pays $11.50; consumer pays 7c to 7½c lb.

Imported barley flour, per bbl., retailer pays $13.20; consumer pays 8c to 8½c lb.

Rice flour, per lb., retailer pays 10½c; consumer pays 12½c to 13c.

Edible corn starch, ordinary grade, per lb., retailer pays 10c; consumer pays 12½c to 13½c.

Rice, ordinary grade, per lb., retailer pays 12c; consumer pays 13c to 17c.

Granulated sugar, bought at old price per lb., retailer pays 8.3c; consumer pays 10c lb. Granulated sugar, bought at new price, retailer pays 10½c; consumer pays 11½c.

Beans, white dried, per lb., retailer pays 10½; consumer pays 13c to 13½c.

Beans, dried, red, per lb., retailer pays 9c; consumer pays 11¼ to 12c.

REED TO REOPEN COAL INVESTIGATION

WASHINGTON, Oct. 30.—Investigation of the coal situation is to be reopened by the senate manufactures committee immediately after the elections, Senator Reed, chairman, announced the plan today and said Sophia Irene Loch, a New York newspaper writer, who made an independent investigation of coal production, would be the first witness. There is talk also of the committee's reopening its investigation of the sugar situation.

GERMANY ISSUES PAPER MONEY FLOOD

[illegible] Oct. 30.—The German [illegible] has issued bank notes to the [illegible] billion marks during the [illegible] weeks, according to the Nachrichten of Munich. [illegible] says that this was [illegible] the hoarding of bank notes [illegible] and points out that if the [illegible] do not give up their present "cruise" a financial catastrophe is inevitable.

LARGER REGISTRATION FOR GOLDEN STATE

SACRAMENTO, Calif., Oct. 30.—The [illegible] of the number of republican voters registered in California since the primary election August 27 last was 27,517, according to partial registration figures announced today by Frank C. Jordan, secretary of state. This was an increase of 13,548 in the number of democratic voters registered since the primaries.

Registration by parties follows: Republican 619,290; democratic, 340,135; progressives, 20,453; socialist 28,723; prohibition 29,786. Declined to state, 124,957. Scattering, 795. Total, 1,202,589.

North Bend—Common labor gets wages raised from $3.50 to $4.00 per day.

TRENCH UNDERWEAR TO BE VERMIN PROOF

WASHINGTON, Oct. 30.—A trench undergarment, chemically treated as a preventive against vermin, has been approved by the war department and shipments in quantity overseas ordered expedited. The garments are treated in laboratories and were brought to the attention of Secretary Baker and other war department officials by Mrs. Charles W. Eastman, widow of Prof. Eastman of the University of Washington. Similar garments are in use by British and Canadian troops.

PACIFIST SENT TO PRISON FOR YEAR

NEW YORK, Oct. 30.—Roger Nash Baldwin, director of an organization called the National Civic Liberty Bureau, with headquarters here, and an officer of the American Anti-Militarist Union in Washington, D. C., pleaded guilty in the federal court today to violating the draft law by failing to submit himself for physical examination. He was sentenced to serve a year in the penitentiary less 29 days he has been in the Tombs prison.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel — are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

LAST CALL OF SOPHIA TOLD OF VESSEL'S PLIGHT

JUNEAU, Alaska, Oct. 30.—"Hurry, we are sinking. The water is coming into my room. Just time to say good bye. For God's sake, come quick!"

This frantic appeal—the last wireless message from the lost steamer Princess Sophia—was received by the United States lighthouse tender Cedar, about half an hour, it was thought, before a storm sent the Sophia to the bottom of Lynn canal, north of here, with all on board. About 340 perished.

"We are coming. Save your juice so you can guide us," the Cedar's operator answered. He though T. M. Robinson of Vancouver, B. C., operator on the Sophia, was excited and tried in vain to calm him. Robinson's body was found yesterday.

Picking Up Bodies

The Cedar, which had been standing by the Sophia, tried to get through the storm to the doomed vessel, but the high waters and winds forced her to put back to safety.

Work of picking up bodies of the Sophia's victims continued today. An actual count shows 177 bodies have been brought here. Of these 147 have been identified. Other bodies have been picked up by a fleet of boats at the scene of the wreck.

Most of the unidentified were women and children whose clothes had no pockets to contain letters, cards or other means of determining their identity. Several Alaskans, well known in the interior, were on their way here from Skagway to help in the work of identification.

Bodies Identified

Rescue workers last night found the body of Walter J. O'Brien, Canadian Pacific Railway company agent at Dawson, Y. T., who, with his wife and five children was lost. When found he had the body of his small son clasped tightly in his arms. The child was removed with difficulty.

Among the bodies identified today were those of John F. Pugh, Juneau, collector of customs for the Alaska district; Charles G. Beedle, keeper of the Sophia, and Mrs. John Rector, wife of the man who first discovered gold in the Iditarod country of Alaska.

Food prices increased four per cent in September due to increasing labor scarcity in all lines of food production.

Neuralgic Pains

GIVE WAY TO SOOTHING HAMLINS WIZARD OIL

Hamlins Wizard Oil is a safe, simple and effective treatment for both headache and neuralgia. It contains no chloroform or other dangerous drugs but is composed of the most expensive of healing, penetrating oils. Rubbed in where the pain is, it acts as a tonic to the tortured nerves and almost invariably brings quick relief.

Wizard Oil is a good, dependable preparation to keep in the medicine chest for first aid when the doctor may be far away. Its healing, antiseptic qualities can always be relied upon to prevent infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

Get a bottle from your druggist for 75 and see the wonderful results. If not entirely satisfied take the bottle back to him and he will return your money.

If you are troubled with constipation or sick headache try Hamlins Wizard Liver Whips. Just pleasant little pink pills at druggists for 30c. Guaranteed.

ATTENTION!

Tractors, truck and automobile owners. Don't throw away broken parts. We can weld them for you. We have in our employ one of the best acetylene welding men on the coast. We straighten or weld auto mobile frames without removing the body, thereby saving extra costs.

All kinds of farm machinery, broken stoves, sewing machines and pitchforks welded. We also make all new parts that can be turned out on a lathe.

Sunday leave Ashland at 9:00 a. m. and 12:30, 4:30 and 6:30 p. m.

SPANISH INFLUENZA STRIKES SUDDENLY

Pneumonia Often Results—Victims Seized Without Warning Making Preparations Doubly Necessary

Much of the difficulty experienced by health authorities in checking the spread of the Spanish influenza lies in the fact that it strikes its victim without warning.

Although state and federal authorities are taking every possible precaution in their effort to stop the spread of the epidemic, the disease in many sections of the country has gotten entirely beyond control and is claiming its victims by the thousands.

It is universally agreed by all well informed persons that the surest preventative is to get the system in the best possible physical condition in order to be able to throw off the infection. As has been previously stated it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting Spanish Influenza, which is one of the most contagious diseases known.

Medical authorities agree that people who are weak and rundown are the earliest victims of the Influenza epidemic. If you find yourself weak or losing flesh, or if you are in a generally run-down condition, you are really in great danger if you should come in contact with the Influenza germ.

As a powerful reconstructive tonic and system builder, Tanlac is without equal. This is a statement of facts and is fully supported by recognized authorities. According to all accepted reference works, including the United States Dispensatory, Encyclopedia Britannica and leading text books used in the school of medicine, the principle ingredients of Tanlac possess the most valuable tonic properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine.

Tanlac restores health and strength to the weak and run-down system by enabling every organ of the body to perform its proper function in nature's own way. It creates a healthy appetite for good nourishing food, and is an ideal strengthening tonic for persons who are in a run-down condition and who are suffering from the after-effects of Influenza, Grippe or Bronchial troubles.

Tanlac is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Miss M. A. Mee, in Ashland by J. J. McNair. Adv.
