

HUGHES REPORT UPON AIRSHIPS READY THURSDAY

WASHINGTON, Oct. 30.—Attorney General Gregory expects to send to President Wilson late today or early tomorrow Charles E. Hughes' report on airplane construction.

suspension, temporarily at least of a special reduced rate of nine cents per word in favor of soldiers, nurses and others connected with the government service abroad, the cable system will not be so freely patronized by our local people as formerly, inasmuch as the regular cable tariff is 37 cents per word.

In view of the forthcoming municipal election, the mayor and council have united in a joint recommendation highly praising Miss Gertrude Biede, present city recorder, for eminent qualifications justifying her retention in that important office.

Word comes over the hill from Hill, announcing that the quota of \$20,000 in the Liberty loan has been over-subscribed nearly \$8,000 by its enterprising and loyal citizens.

Funeral services of Mrs. W. L. Bezdorf were held on Tuesday, afternoon being in Mountain View cemetery. This pathetic case involves the death of three members of one family within a few days—father, mother and infant son. The people were strangers here, on their way from Washington to Arizona, touring by automobile, bound south for a change of climate on account of frail health conditions.

Influenza attacked them and they were compelled to seek a local hospital. Only one member of the family survives, a son about four years old. The father's death last Wednesday was followed by the passing away of the infant son on Thursday. Last Sunday the mother died, and her funeral was delayed pending the arrival of relatives. The mother belonged to the Neighbors of Woodcraft and the Ashland branch of that organization have been assiduous in affording relief to the stricken family.

Mrs. W. H. Mowat has returned home from an eastern trip extending as far as New York. The family has lately received word of the arrival of their son Lynn, overseas.

A. O. McGee, Southern Pacific employe in local yards, has been removed to the company's general hospital at San Francisco, suffering from an attack of appendicitis.

The extensive area across Bear creek seldom looked brighter and greener than it does at this time of year, the fine rains having wrought a notable change in the appearance of the landscape over there, a circumstance due to which ranchers are taking early advantage in the way of plowing and seeding.

C. F. Clark, who leased the Levi Rogers place on North Oak street, has rented 100 acres of wheat lands across the creek which is already sown to grain.

Fifty years ago from a recent date a measure was passed in the Oregon legislature, the object of which was of more than ordinary interest, and the effect resulted in one of historical importance. It was a bill to "tax and regulate" Chinamen, from the title of which it is assumed that the numerical strength of the Celestial during that period (1868) promised to become a menacing issue as between Caucasians and Mongolians. The bill was introduced and its passage urged by State Senator J. N. T. Standers, Walkers, "Gets-It" for Corns

World Has Never Known Its Equal. "What will get rid of my corn?" The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn

corn-pain is eased—the corn is doomed! on earth—right off like a banana skin—so that's magic "gets-it" Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "gets-it" on the corn or callus. You want a corn-remover, not a corn-fooler. You don't have to fool with corns—you peel them right off with your fingers by using "gets-it". Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? The "gets-it"—your corn-pain is over, the corn is a gone! sure as the sun rises. "gets-it" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store, MTD by Dr. Lawrence & Co., Chicago, Ill.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS. Eat less meat if you feel Backache or have bladder trouble—Take glass of Salts. No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will set free. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.
