ASHLAND AND VICINITY

Representative Ben C. Sheldon returned from Portland Thursday and met with the Ashland normal school committee for a review of the situation. Mr. Sheldon has spent most of his time for the past three months in the metropolis and upper part of the state, working in the interest of our school without compensation. He expects a first class vote in Portland. The upper portion of the Willamette valley, he thinks, will register an adverse vote. Eastern Oregon will return a good affirmative vote. The Portland committee thinks there is at least a 50-50 chance of the measure carrying. The recent letter of President Wilson will bring out a larger vote than was at first contemplated. This would help, as the stay-at-home vote is usually among the women and well-to-do. Mr. Sheldon spent Thursday in Ashland, urging vigorous measures to get out a full vote in this city, "to show the rest of the state that you really want the normal," as he puts it.
In view of the expectant armistice in Europe, a number of local housewives are wondering how much longer food conservation schedules will be in effect, especially those condemning us to the heroic use of post-hole tonsties and shredded whisk brooms as substitutes for the real genuine cereals of other days.
A bunch of jolly marine recruits numbering 50 went south Wednesday afternoon. They were principally from Montana, mobilizing with those from other states at the Seattle gateway for transportation to naval headquarters near San Francisco. Their arrival here was made the occasion for a "first come first served" rush for the depot hotel dining rooms. The special car conveying them was frescoed with legends not altogether complimentary to the Huns in their present predicament, the boys threatening to add complications in the event of reaching the scene of hostilities before the armistice occurs.
Thomas W. Hammond, former Ashland boy, and brother of Mrs. J. H.

Why Putter With Corns? Use "Gets-It"

Common-Sense, Simple, Never Fails.
You can tear out your corns and suffer, or you can peel off your corns and smile. The joy-peeling way is the "Gets-It" way. It is the only happy, painless way in the world. Two drops of "Gets-It" on any corn or callus dries it once. The corn finally loosens off from the toe, so that you can peel it off with your fingers in one piece, painlessly, like peeling a banana. Directly after, wash the toe with the irritating salve. It's all a big hurry and a big headache. "Gets-It" is the only one corn-peeler. "Gets-It" is simple, painless, always safe. Take no chances. Get "Gets-It." You'll be satisfied by imitation. See that you get "Gets-It." "Gets-It" is the guaranteed, money-back corn-remover. The only sure way, cost by a trial at any drug store. M'Ty by E. Lawrence & Co., Chicago, Ill.
Sold in Medford and recommended as the World's Best Corn Remedy by Leon B. Haskins and Medford Pharmacy.

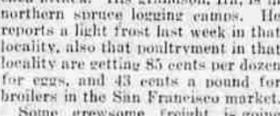

Turner of this city, has received another merited promotion in the army and is now colonel of infantry. He has been overseas for some time past, and at present is assigned to special duty in General Pershing's private office at A. F. E. headquarters. Col. Hammond has seen active service in the Philippines and Mexico, in addition to being stationed at various home military posts.
The 36 militia companies thus far incorporated in the national guard and state guard throughout Oregon, have been mustered into four regiments. Company E is the Ashland unit of the Second regiment, with about 35 members.
The regular meeting of the Modern Woodmen, Monday evening, November 4, has been cancelled owing to the ban placed on public gatherings. Also the visit of the state deputy, which was fixed for November 18, has been postponed indefinitely owing to the same reasons.
The Sunshine rummage sale is on this week in the former Beebe & Kinney storerooms on the Plaza. All clothing donated has been thoroughly cleaned and fumigated. Saturday is the closing day. The stock exhibits a varied assortment of useful articles in the way of necessities, notions and knick-knacks, being relegated to second place, although considerable fancy work is in evidence. The ladies report gratifying returns from this annual event, which is conducted in behalf of the needy by painstaking and kind efforts of the Sunshine society.
A Christmas department is now one of the numerous bureaus of the Red Cross salvage depot, which institution is fast assuming the proportions of a well appointed department store. The specific object of the Christmas annex is in behalf of the war-stricken children overseas, and if each child in Ashland will donate a gift to, and at the same time purchase one from these headquarters, the object in view will be realized. Prompt action, however, is necessary, as the holiday season will soon be here.
Job Lozer, now of Petaluma, Cal., has written friends here of late concerning his recovery from an influenza attack. His grandson, Ira, is in northern spruce logging camps. He reports a light frost last week in that locality, also that poultryment in that locality are getting 85 cents per dozen for eggs, and 43 cents a pound for broilers in the San Francisco market.
Some greivousome freight is going north these days on express schedule, the consignments being on government account, and include entire earloads of caskets on the way to Seattle as the distributing center for military empires.
Prof. George Andrews and Ben Sheldon, both of Medford, were visitors here on Thursday.
The Red Cross salvage depot shipped 250 pounds of tinfoil this week to headquarters where it will be transformed into needed war material. Notwithstanding this exportation the salvage managers still echo the appeal, "We want tons to fight the Huns."
Mr. and Mrs. E. E. Miller, who have been in Hill for the past seven months have returned to their home on Church street to remain indefinitely. During the family's absence Mr. Miller has been in the employ of the lumber company across the border.
Red Cross activities in the sewing department have been engaged of late in making gauze masks, which are lent for sale at the depot canteen and the up-town salvage headquarters.
The consensus of opinion as reflected by the majority of local soldier boys from overseas, is that the private infantryman is up against it to a greater extent than any other branch of the service. Not particularly that he is any braver than any of the rest, but the peculiar nature of his calling and environment exposes him to the greater danger, consequently the greater sacrifice.
Funeral services of the late Horatio S. Sanford, Jr., were held at the family residence on Gresham street, Thursday afternoon. Interment was in Mountain View cemetery. The deceased was 31 years of age and unmarried. He was familiarly known as "Roy," and was the son of Horatio S. and Lizzie W. Sanford. He was a young man of much promise, and at the time of his death, October 26, was a member of the 35th Company, Coast Artillery Corps, located at the Presidio, San Francisco. He passed away at the Letterman hospital in that city, a victim of pneumonia.
J. H. McGee, well known local merchant, is city council nominee for the third ward, to succeed A. S. Lamb, removed from town.
Word from Portland received here by relatives conveys the news of the death of John H. Beagle in that city, whither he went several months ago to work in the shipyards. Particulars are lacking. The deceased is of a well known family residing here, his brothers being Jim, Adam and Jack, and sister, Mrs. J. E. Handlos, all of this city, and brother, Tom Beagle, of Grants Pass.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets
A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.
Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.
No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.
Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.
Take one or two nightly for a week. See how much better you feel and look 10c and 25c per box. All druggists.

A. Lyons and I. D. Lewis will succeed themselves.
W. O. Garrett of Jacksonville, democratic nominee for sheriff is calling on our business men here Wednesday afternoon.
Mrs. Walter Hawk of Medford, spent Wednesday afternoon here with Mrs. Hawk who has been quite ill for the last few days.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat less meat if you feel Backache or have Bladder trouble—Salts fine for Kidneys.
Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Changes Mind About Going Away

"Five years ago doctors told me I would have to move my wife to another climate, as she suffered so with stomach and liver trouble and bloating. Also, that she would have to have an operation for gall stones. Our mail carrier told me of Mayr's Wonderful Remedy and, on his advice, she has taken it and is now as well as ever in her life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by druggists everywhere. Adv.
