

PRESIDENT TELLS GERMANY TO SEE FOCH FOR PEACE

WASHINGTON, Nov. 6.—Marshal Foch has been authorized by the United States and allies to receive representatives of the German government and to communicate to them the terms of an armistice.

The German government is also informed in a note handed to the Swiss minister here by Secretary Lansing.

The note announces that the allied governments have declared their willingness to make peace with the German government on the terms laid down in President Wilson's address to congress last January and on the principles of settlement enunciated in his subsequent addresses.

The allies reserve to themselves, however, complete freedom of action when they enter the peace conference on the subject of the freedom of the seas.

Lansing's Note Text

The text of Secretary Lansing's note follows:

"I have the honor to request you to transmit the following communication to the German government:

"In my note of October 23, 1918, I advised you that the president had transmitted his correspondence with the German authorities to the governments with which the government of the United States is associated as a belligerent, with the suggestion that, if those governments were disposed to accept peace upon the terms and principles indicated, their military advisers and the military advisers of the United States be asked to submit to the governments associated against Germany the necessary terms of such an armistice as would fully protect the interests of the people involved and insure to the associated governments the unrestricted power to safeguard and to enforce the details of the peace to which the German government had agreed, provided they deem such an armistice possible from the military point of view.

Freedom of Seas

"The president is now in receipt of a memorandum of observations by the allied governments on this correspondence which is as follows:

"The allied governments have given careful consideration to the correspondence which has passed between the president of the United States and the German government. Subject to the qualifications which follow they declare their willingness to make peace with the government of Germany on the terms of peace laid down in the president's address to congress of January, 1918, and the principles of settlement enunciated in his subsequent addresses. They must point out, however, that clause two relating to what is usually described as the freedom of the seas, is open to various interpretations, some of which they could not accept. They must therefore, reserve to themselves complete freedom on this subject when they enter the peace conference.

Remove All Doubts

"Further, in the conditions of peace laid down in his address to congress of January 8, 1918, the president declared that invaded territories must be restored as well as evacuated and freed, the allied governments feel that no doubt ought to be allowed to exist as to what this provision implies. By it they understand that compensation will be made by Germany for all damage done to the civilian population of the allies and their property by the aggression of Germany by land, by sea and from the air.

"I am instructed by the president to say that he is in agreement with the interpretation set forth in the last paragraph of the memorandum above quoted. I am further instructed by the president to request you to notify the German government that Marshal Foch has been authorized by the government of the United States and the allied governments to receive properly accredited representatives of the German government and to communicate to them the terms of an armistice.

"Accept, sir, the renewed assurances of my highest consideration. (Signed) 'ROBERT LANSING.'"

"Of Vital Military Value" Says the Commander-in-Chief

THE President has expressed what is in every American heart. As a nation we are united in the winning of this war. As a nation we stand behind our fighters eager and prepared to do for them whatever will hasten victory and make the fighter's task a little lighter.

As individuals there is little we can do. As a nation we can work wonders through the seven organizations authorized and recognized by the Government.

They come to you not as Catholics, nor as Jews nor as Protestants, not as the representatives of any creed or enterprise, but as Americans to ask that you join in this great united undertaking for God, and country and our fighters.

The President has voiced his belief that this spirit of unity will be "crowned with abundant success."

He believes it because he knows this campaign is "of vital military value" and he knows that you will leave nothing undone to win this war.

It rests with you. Think of this campaign as your sole responsibility. What you give will mean its success. You cannot leave this undertaking to others. It is YOUR campaign. In France, Americans are fighting this war as if the result depended on the way each individual fights. At home, this campaign rests with you. What will you give—decide to night—and make your share the biggest thing you ever did!

Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,000,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved. Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their

\$500 Recreation Buildings	2500 Libraries supplying 5,000,000 books
1000 Miles of Movie Film	85 Hostess Houses
100 Leading Stage Stars	15,000 Big-brother "secretaries"
2000 Athletic Directors	Millions of dollars of home comforts.

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs. Now give to maintain the Morale that is winning the war!
