

NATIONAL WAR FUND DRIVE TO START MONDAY

A new war drive to raise \$31,275 in Jackson county for united war work will start Monday, November 11th.

William G. Tait, president of the First National bank, will have charge of the drive as chairman of the executive committee, and L. P. Brown will be campaign manager.

E. N. Warner, Y. M. C. A.; Guy W. Conner, Knights of Columbus; W. H. Gore, Salvation Army; Mrs. F. W. Hollis, American Library association; Robert W. Ruhl, chairman of publicity; O. C. Boggs, chairman of speakers; County School Supt. G. W. Ager, chairman of Victory Boys and Girls; Rawles Moore, Alan Brackinreed, Delroy Getchell, Lincoln McCormack, C. W. McDonald, Mrs. E. B. Piefel, Frank C. Clark and C. E. Gates.

This national fund of \$255,750,000 will be apportioned to the Y. M. C. A., Y. W. C. A., Knights of Columbus, Jewish Welfare Board, War Camp Community Service, American Library association and the Salvation Army. Any subscriber who wishes his contribution restricted to any number of these seven organizations may so designate and his donation will be distributed accordingly.

Medford and Jackson county have been organized along the lines of the second Red Cross drive, and contributions will be asked on the basis of the individual's ability to pay.

Because of the closing of schools and embargo against public meetings, a special effort must be made in public to bring the importance of the drive home to the people. Ira Powers of Portland, state chairman of publicity, has issued a special call, asking that newspaper advertisements be used liberally, the expense of the same to be borne not entirely by the newspapers, but partly by the patriotic citizens of the community.

LAST CALL FOR CONVERSION OF LIBERTY BONDS

SAN FRANCISCO, Nov. 6.—The last call to holders of 4 per cent liberty loan bonds who want to convert them into 4 1/2 per cent bonds has been issued by the United States treasury department.

Governor James K. Lynch of the Federal Reserve bank for the Twelfth district has just received the following telegram from Secretary of the Treasury William G. McAdoo, urging the public to take advantage of this opportunity.

"The privilege of converting 4 per cent bonds of the first liberty loan converted and 4 per cent bonds of the second liberty loan into 4 1/2 per cent bonds, expires on November 9, 1918, and cannot under existing law be extended.

"The treasury has done all in its power to call the attention of the bondholders to the existence of this valuable privilege and the date of its expiration.

"It is safe to assume that upon the expiration of the conversion privilege that fact will reflect itself unfavorably in the market price of unconverted 4 per cent bonds which have heretofore been maintained substantially on a parity with the 4 1/2 per cent bonds by the existence of the privilege of conversion.

"The treasury now asks the newspapers of the United States, bankers, brokers and others to do what they can to bring these facts before the attention of the bondholders."

COLORADO GOES SOLID REPUBLICAN

DENVER, Nov. 6.—A complete victory for the republican ticket in Colorado, with the possible exception of Edward Taylor, democrat, as congressman from the Fourth district, was evident from returns from approximately half the precincts of the state available early this morning.

Phelps, republican, was leading Shafroth, democrat, by 6,002, in 708 precincts of United States senator, while Shoup, republican, for governor, had better than 10,000 margin on Tynan, democrat.

NEW MEXICO CLOSE RESULT IN DOUBT

ALBUQUERQUE, N. M., Nov. 6.—Incomplete returns from every county appear to indicate the re-election of Senator Fall, republican, by less than one thousand plurality. Returns from 200 missing precincts out of 617 in the state may change this result.

Mr. and Mrs. Ralph Olsen and Fred Middlebush left Friday for Bend, Ore., where Mr. and Mrs. Olsen are thinking of buying.

IOWA CLOSE IN GOVERNORSHIP

DES MOINES, Iowa, Nov. 6.—Returns from remote precincts were expected today to decide the close gubernatorial contest in Iowa, which with 500 of the state's 2,248 precincts reported, showed: Governor W. L. Harding, 43,405; Claude R. Porter, 43,682.

Republican candidates for congress were elected in every district, unofficial reports showed, while Wm. S. Kenyon, republican was returned to the United States senate by a decisive majority.

Meager returns on state officers under governor showed the republican candidates leading.

SOCIALISTS ASK KAISER TO QUIT

BERNE, Switzerland, Nov. 6.—(By Associated Press.) A manifesto issued by the German socialist party says that Philip Scheidemann, the party leader, with the consent of the party, has asked the imperial chancellor to submit directly to Emperor William advice or a request that he abdicate.

EAGLE POINT EAGLETS

By A. C. Iowitt

Last Thursday evening Mrs. Thomas Frederbury and her son Robert Coffman, came in and spent the night. They came here to meet the corpse of her son, Wilbur (Bert) Coffman, who died in Camp Mills, New York, Oct. 22, 1918, aged 25 years. He had been in the service eight months. He was in the quartermaster's department. The remains were shipped from Camp Mills, N. Y., to Butte Falls, Ore. for interment. The funeral was conducted at the Butte Falls cemetery on Friday, November 1st. William Welch of Central Point

in a pump, attach the juice and off it goes. Ain't that easy?

Saturday I was called on to attend the funeral of Robert Leland Smith, who died Nov. 1st, 1918, in Medford. The remains were interred in the Central Point cemetery. He was the only child of Leroy and Rosa Smith, aged 11 months and two days. From the floral offerings one would conclude that the parents had a host of friends, for the grave was simply covered with flowers. And I am requested to express the gratitude of the parents and relatives to the friends who have assisted and consoled them during the short illness and the sad hours following.

P. S. Anderson of Medford passed through our town Saturday on his way to his dairy ranch on Rogue river. He said that he was going up to deliver his cattle.

A. J. Florey, Jr., son of our townsman, A. J. Florey, Sr., is home on a sick leave from Fort Stevens. He does not look as though he could carry the allotted amount, 60 pounds. I believe it is, but we are glad to see him looking as well as he does, for from what I can learn he has spent the most of his time in a hospital since he has been in the service, and he was one of the first to volunteer in the Medford company.

Bert Koonas and wife, passed through here Saturday morning on their way to Butte Falls.

R. A. Pettit, one of our most thorough and progressive farmers, was in town Saturday having his ploxes doctored up by W. L. Childreth, our blacksmith.

There has been another change in the time of the departures and arrival of the mails as far as S. H. Harsh, contractor, is concerned. He leaves here Mondays, Wednesdays and Fridays at 8 o'clock a. m. for Medford, and leaves Medford at 9 a. m. and in the afternoon leaves Eagle Point at 3:30 p. m. and leaves Medford at 4:30 p. m. On the days when the train runs he leaves here at 4:30 p. m. as the train brings the mail out on train days in the morning.

Since my last report D. S. Nichols, Eagle Point, has renewed his subscription to the Daily Mail Tribune, and W. P. Morgan has sent me one dollar to pay for two months' subscription to the Daily Mail Tribune, address Eagle Point, Ore.

and Miss Hulda Abbot were also here Thursday evening for dinner.

There were two ear loads of sulfur phosphate and land plaster came in Thursday morning and it looked as though almost everybody in the upper Butte and Lake Creek country were in town for there was a string of teams two or three hundred yards long at the depot waiting for the train when it came in to be loaded. The farmers up Butte and Lake Creek country have found that judicious use of fertilizers about doubles the production of grasses of different kinds, as well as the different kinds of root vegetables. I learned later that there was to have been three cars of fertilizers, but that for some reason there were only two, but there is to be another ear coming yet. There were but very few of the above named visitors took dinner in town as they seemed to be afraid of the flu, although there was at that time but one person sick, Miss Estella Betts, and she was not considered to be in a critical condition. I understand that she is getting along very well and the excitement is down.

William Hoeft and Lew Town of Lake Creek and Mr. Elvin, the fertilizer man of Medford, were among the diners Thursday.

Friday Fort Hubbard of the firm of Hubbard Bros., Medford, and W. W. Carroll, representing Marshall Wells & Co., Portland, were here in the business of selling and installing electric pumps. They are both very smooth talkers and came near making me believe that they have just the thing you want. They seem to be meeting with some success. While the people are gabbling over getting water onto the farms they are telling how to get the water without a dam or a reservoir. Simply dig a well, out

place in North Talent this week, having drilled the tract with wheat.

L. D. Henry has been working with a thrasher the past week. Farmers above Ashland are not done with that work at this late date, on account of being unable to secure machines.

E. G. Coleman drove his band of cattle in from Lake of the Woods last week.

Lloyd Colver and Fred Furry are out at the Furry ranch gathering up a few scattered beef cattle as the snow has begun falling in that locality.

Mrs. Anna Simpson last week traded her 40 acre ranch south of Roseburg to S. S. Stephens of North Talent.

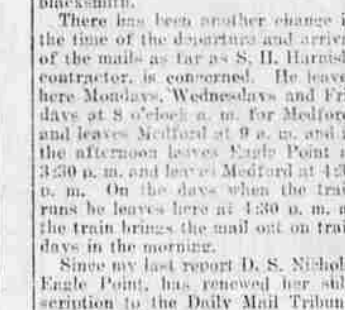

Mrs. E. O. Reese writes her parents that the dread influenza is raging in Sacramento and that a person is fined if found without a mask on the streets.

Guests at A. S. Furry's home Sunday were C. Cato, wife and family, Colver Furry and wife, and Mrs. M. Rose.

Mr. and Mrs. J. E. Roberts and Roy Colman and Lulu Roberts spent Sunday with Mrs. Nannie Wolf of Phoenix.
