

OFFICIAL COUNT NEEDED TO SETTLE SHERIFF'S ELECTION

With only the small precincts of Climax and Dead Indian missing, it is apparent that it will take the official count to determine who is elected sheriff, tho in unofficial returns Terrill has a lead of 38 votes.

As close a race is that between West and McNary for senator to carry the county, tho the unofficial coup, gives McNary a lead of 41 votes. A mistake in recopying the returns over the phone, or in copying them, might easily reverse these figures. Otherwise there is no change over yesterday's count. The totals are:

U. S. senator, long term—McNary, 2519; Slaughter, 147; West, 2478. McNary's lead, 41.

U. S. senator, short term—Bean, 593; Mulkey, 3152.

Governor—Pierce, 2418; Ramp, 130; Withycombe, 2516. Withycombe's lead, 87.

State senator—Sweeney, 1942; Thomas, 2913. Thomas' majority, 971.

Representative—Sheldon, 2804; Westerlund, 2647; Lowe, 2917.

County judge—Gardner, 2973; Purdin, 2117. Gardner's majority 856.

Sheriff—Garrett, 2386; Terrill, 2434. Terrill's majority 58.

Normal school—Yes, 3464; no, 588.

ALLIES IN RUSSIA REFUSE AID TO CLASS MOVEMENTS

STOCKHOLM, Oct. 20.—(Correspondence of the Associated Press.)—If any nation or outside leader attempts to set up a stable government in Russia they doubtless will find the mercenary Russians a difficult lot to satisfy. They have plenty of ideas but lack action.

"The trouble with Russians is that they believe opinions are achievements," recently said a prominent American who is familiar with Russian affairs. This certainly characterizes many of the Russians who are now waiting in Scandinavia for something to happen in Russia. They are criticizing the allies for failure to act more speedily in Russia.

Their changeableness is surprising. The very leaders who were loudest in denouncing the Brest peace treaty were soon hectoring with the Germans. Paul Milvukoff and the other leaders of the extreme right, who had pretended great friendship for the entente turned to the Germans in an effort to establish under their protection a monarchy which would father the policies of the constitutional democratic party.

When it became evident that the Germans would not enter northern Russia in large numbers and set up an autocratic government similar to that of Skoropadsky in the Ukraine, the bourgeoisie leaders who had turned from the entente to Germany, again became friendly toward the entente and less critical of the English, French and Americans to enter Russia in large numbers and overthrow the existing government. Entente successes on the western front and entente support of the Czechs in their phenomenal campaign against the Bolsheviks further softened the hearts of the Russian leaders of the extreme right. But diplomats of the entente powers stationed in Russia were not deceived by the chameleon-like Russian leaders whose aim seems to be the establishment of class government. The action of the entente in refusing support to the Horvath government in Siberia indicates clearly the decision of the entente to stand aloof from class and party movements and give the great mass of Russians a chance to work out their will by democratic means.

enavs had been conducted through the French lines sometime during the day.

An extra edition of a newspaper issued on the strength of the report created a flurry of excitement throughout the capital. Citizens' committees planning demonstrations withheld their bells and whistles, however, and even the man in the street demanded to be shown something official before he would accept the statement that the war was over.

Foch Makes Date LONDON, Nov. 7.—Marshal Foch, the allied commander-in-chief, has notified the German high command that if the German armistice delegation wishes to meet him it shall advance to the French lines along the Chimay, Fournies, LaCapelle and Guise roads.

From the French outposts the plenipotentiaries will be conducted to the place decided upon for the interview. The name of this place is not given in the official text of the note from Marshal Foch, which reads as follows:

"To the German high command from Marshal Foch: 'If the German plenipotentiaries wish to meet Marshal Foch to ask him for an armistice they are to advance to the French outposts by the Chimay, Fournies, LaCapelle and Guise roads. Orders have been given that they are to be received and conducted to the place fixed for the interview.'

LONDON, Wednesday, Nov. 6.—Erii Curzon, member of the British war council, it is announced, has gone to the continent on official business.

WHISKEY PRICES AT LOWEST LEVEL THRU PROHIBITION

LOUISVILLE, Ky., Nov. 7.—After eighteen months of extreme uncertainty in the whiskey market, the price of bonded goods today in Kentucky, the largest straight whiskey producing state in America, is 95 cents to \$1.15 a gallon.

The imminence of complete prohibition, coupled with the belief that higher taxes may cause a marked decrease in consumption, is expected by large operators to keep prices at a low level. A few dealers, however, believe the approach of prohibition will stimulate demand and bring high prices.

The sudden, sweeping changes have kept operators in a turmoil. A year and a half ago many of them would have been bankrupt had they been forced to liquidate their holdings. Then prices rose and on paper some of the holders were millionaires.

The order stopping production for beverage purposes sent prices upward until new whiskeys approached \$3 a gallon in bond. Owners counted gains in big figures, and many held on for higher prices. The cautious ones unloaded at the peak, however.

Then came the certainty of prohibition for the duration of the war and that greatly increased taxes must be paid. Prices crashed and brought the low levels of today.

There are between thirty and forty millions of gallons of whiskey available for sale today on which the tax has been paid. The present tax on whiskey is \$5.20 a proof gallon. Dealers said they expected the new \$8,000,000,000 revenue bill to provide a tax of at least double and probably treble the present rate.

YANKS DRIVE 34 MILES. (Continued from page one.)

Germany's troops west of the Meuse, because of the great progress of the French and the Americans, must now retreat, if they can, through Belgium. The task of moving this large force of soldiers through the narrow Liege gap is a formidable one.

Internal conditions in Germany apparently are far from satisfactory. In addition to the outbreak in Kiel the German naval base, which is reported to have passed the German navy and a large part of Schleswig in the hands of the revolutionists, outbreaks are reported in Hamburg. The chancellor also has issued an appeal to the people to maintain calm while the armistice negotiations are in progress.

How a Salesman Suffered R. J. Porter, Sterling, Col., writes: "For six months I suffered with a painful weak back. As a traveling salesman I had to stoop frequently to pick up my grips, which I grew to dread as the pain when I straightened up was awful. Numerous remedies failed to reach my case. I was induced to try Foley Kidney Pills. Relief was immediate. Say, they are great! Any one afflicted as I was should try a bottle or two of Foley Kidney Pills." Good for pain in the back, rheumatic pains, aching joints, sore muscles. For sale by Medford Pharmacy.

street railways are under the control of the workmen's council. There have been no disturbances.

The military governor of Kiel, according to an Exchange Telegraph dispatch from Copenhagen, has accepted the following demands of the workers and soldiers' council:

The release of all military and political prisoners. Complete freedom of speaking and writing. Released prisoners must not be punished. Officers who acknowledge and comply with the measures of the council shall be permitted to remain or to leave the service.

Strikes at the imperial wharves at Cuxhaven and Wilhelmshaven are expected to occur today, the agency advised from Amsterdam added. The authorities have ordered the preventive arrest of sailors under suspicion. After a conference between Secretary of State Lansing and Deputy Nooke and the workmen's and soldiers' council, the following proclamation was issued:

"Comrades, for the first time po-

litical power is in the hands of the soldiers. Great work lies before us. But in order that its realization can take place the organization of our movement was necessary. We have formed a council of workmen and soldiers and it will be responsible for the preservation of order."

The German government has decided to suppress the revolution at Kiel, according to a dispatch from Copenhagen to the Exchange Telegraph company. Several thousand soldiers from Fehmarn Island have been ordered to Kiel. The workmen and soldiers' council has decided to resist.

Revolt at Hamburg LONDON, Nov. 7.—The Wolff bureau of Berlin announces that all work has stopped at Hamburg owing to a strike and that undisciplined acts and outrages have taken place. The news agency reports similar occurrences from Luebeck.

COPENHAGEN, Nov. 7.—A revolt has broken out in Hamburg, according to a dispatch from the correspondent of the Politiken at Vambrup. Violent artillery firing was in progress in the streets of the city when the correspondent's informant was deported, the latter declared.

AMSTERDAM, Nov. 7.—Chancellor Maximilian, says an official dispatch from Berlin, has issued an appeal to the German people saying that "in order to make an end of the bloodshed," a denunciation has left for the front and that "the negotiations will be seriously endangered by disturbances and lack of discipline."

LADIES! SECRET TO DARKEN GRAY HAIR Bring Back its Color and Lustre with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly, you just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

DRINK HOT TEA FOR A BAD COLD Get a small package of Hamburg Brest Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring.

It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieves congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.
